CITIZEN JACKIES LEAVE ON CRUISE

Cruiser Albany Departs With Oregon Naval Militia for Astoria.

GOVERNOR SAILS PART WAY

Reserve Seamen Man Warship Upon Going Aboard and Start on First Lap of Training

Embarking on the fifth annual cruise since its formation, the Oregon Naval Militin got under way shortly after Militin got under way shortly after 10:30 o'clock yesterday morning aboard the cruiser Albany, Captain G. A. Alexander commanding, with San Francisco as the first objective point, and Port Angeles, on Puget Sound, as the scene of target practice. On the return here the citizen tars hope to have mastered many new wrinkles in the part of making war.

mastered many new wrinkles in the art of making war.

Unlike previous maneuvers the cruise began with the commander-inchief of the state forces, Governor Withycombe, aboard, He arrived in the city from the capital shortly before the cruiser departed, accompanied by Adjutant-General George White, and was escorted to the cruiser by Harbormaster Speler in the harbor patrol launch. Going "over the side" of the ship he was greeted by the boys, as prescribed in Navy regulations for persons of his station, with the "pipes" going and the ship's officers there in full dress.

Governor Withycombe accompanied the vessel to Astoria, as did General White, while George Palmer Putnam, the Governor's secretary, continues on to San Francisco and will return by train. Governor Withycombe has evinced a deep interest in the Naval Militia and improvements brought about have placed the organization on the most business-like footing since it was ushered into the service. The militia band played as the cruiser left down and its efforts are expected to add much to the enjoyment of the

Launch Excites Comment. Before the Albany was under way Before the Albany was under way Oregon's men had "turned to." It was their lot to be assigned stations at once and of the deck force the first watch did their share in heaving on lines and doing other work in connection with getting the vessel under way. Harbornmaster Speier aided Captain Alexander in swinging the ship with the harbor patrol launch, which, despite its size, did wonders with its 40-horsepower engine handled by En-40-horsepower engine handled by En-gineer Carl Prehn. Press Is Represented.

Just as though the Albany was putting to sea in search of a real energian carries press representatives herald the exciting experiences of the landlubbers, with Hal White repre-senting The Oregonian, David Hazen the Telegram and C. W. Bristol the Journal. Captain John Anderson, who piloted the Albany down stream, agreed to get the newspapermen ashore if the sight of the lower estuary of the Columbia brought about any suggestions of mal de mer.

ALBANY ARRIVES AT ASTORIA

Voyage Down River Is Continuous Ovation for Naval Militia.

ASTORIA, Or., July 26 .- (Special.)-With Governor Withycombe as an in-terested spectator, the men of the Ore-gon Naval Militia began in carnest toay to learn the naval war game. Hard-had the cruiser Albany, on which he militia is taking its annual cruise,

early in the month and the Oregon ful cruises the Oregon Naval Militia men have a high mark to strive for, as the ship's officers compliment the Washingtonians on their work.

I made it a point to accompany the Albany on this first leg of her voyage Washingtonians on their work,

Albany Sails Today.

With Captain Alexander on the Albany are Lieutenant W. H. Boynton, chief engineer; Surgeon L. W. Robbins and Paymaster E. R. Wilson, the warrant officers including Boatswain Bierce, Chief Gunner Charles Hierdahl, Gunner Richter and Machinist Allman.

Lieutenant-Commander G. F. Blair is in charge of the Naval Militia, with Lieutenant John Beckwith executive officer, Surgeon Louis Wolf, Lieutenant Ben L. Norden, assistant surgeon, Ensign Lioyd Spooner, Ensign C. G. Dyer, Ensign S. C. Young, Ensign C. G. Dyer, Ensign S. C. Young, Ensign E. A. West, Chaplain J. Richard Olson, Paymaster G. E. Dow and Pay Clerk R. J. Heller.

The Albany remains at Astoria until this morning, when she puts to sea and is due within the Golden Gate Thurs.

> hundreds of people stood along the banks of the Willamette and Columbia rivers and waved handkerchiefs and flags as the ship passed. It kept the Albany busy answering salutes with her whistle and dipping her flag in reply to similar courtesles from the shore. Several times enthusiasts along the river went out in boats to wave flags as the Albany passed by.

> As the Governor departed he was given a salute of 17 guns and the militia band played. The militinmen retired tonight with hope of an enjoyable time to come. The departure from Astoria will be at 9:39 A. M. tomorrow.

To Put On Flesh and Increase Weight

A Physician's Advice

Meat thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump chunky folks sat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't Nature's way at all.

This folks say thin because their powers of assimilation are defective. They absorb just enough of the food they can to multissize iffe and a semblance of health and atrength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fattereducing elements of their food just stay in the lulestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood's carrying power. Mast thin people eat from four to six

red blood corpuscion and increase their blood's carrying pawer.

For such a condition I always recommend eating a Sargoi tablet with every meal. Sargoi is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building chements known to chemistry. It is absolutely harmless, we wenderfully effective, and a single tablet eaten with each most office has the effect of increasing the weight of a thin man or weman from three to free peaced a week.

Sargoi is said by good druggets everywhere on a positive guarantee of weight increase or money backs—Advi.
