SOUSA HAS GOOD WORD

MUSICAL CONDUCTOR ENCOURAGES LOCAL SYMPHONY ORCHESTRA.

Mrs. B. E. Tait Will Begin Campaign Soon for Funds to Carry On Movement in Portland.

Mrs. B. E. Tait, manager of the Portland Symphony Orchestra, has just returned from a visit to the expositions at San Francisco and San Diego, Cal. She says that in talks she had with Dr. Mock, conductor of the Boston Symphony Orchestra, and John Philip Sousa, they both expressed cordial appreciation of what they called "the pioneer work" achieved in symphony orchestra endeavor in this city.

Dr. Mock reviewed musical conditions in this city, saying: "I have never been in Portland, Or., but have heard much in regard to music culture there. Portland must be a pleasant place in which to live. I met Edgar E. Coursen, of Portland, Or., when I was in Europe, and I always associate Mr. Coursen with Portland, Or."

Mrs. Tait received a letter from Mr. Sousa, dated Tacoma, Wash., which says:

"Permit me to compliment you on the splendid success you have achieved as manager of the Portland Symphony Orchestra. I sincerely trust that your success will financially and artistically continue during the ensuing years. Of course, in an enterprise of the nature of the Portland orchestra, you must have the co-operation and goodwill of the citizens of your city, and every effort should be made by your citizens, so that the orchestra will be valuable to those whose means will not allow them to spend lavishly to hear the best in music.

"There is no better way for those philanthropically inclined than to contribute to a cause that will bring pleasure to the toiling masses. Every dollar expended for music brings a return in increased culture and better citizenship. The moral effect of good music cannot be overestimated, and I sincerely trust that you will have the support of every good citizen of Portland in your noble undertaking."

Mrs. Tait says that she starts work early next week to secure subscriptions to the amount of $6000 to carry on the work of the Portland Symphony Orchestra for the season of 1915-16.

Bobcat Invades City and Visits Mayor's Home.

Small Boys Attempt Capture, Thinking Varmint a Stray Tom; Rifle Shot Ends Existence.

"AZEPPELIN RAID," thought some. "Auto bandits," thought others, when in the sedate and select residential district of Laurelhurst a fusillade of shots burst forth yesterday morning. It was only a party of hunters, taking potshots at a giant bobcat that had sought refuge in the top of a tall fir, at the rear of the home of Mayor Albee.

The shooters were amateurs and the weapons ranged from shotgun to revolver. Finally a well-directed shot from the rifle of Ben Van Kirk, of No. 4 Fifty-second street, brought the animal tumbling to the ground. It measured 5 feet 3 inches from tip to tip.

A big city proved rather disconcerting to the bobcat, and before it found a familiar tree, the animal had been chased by some small boys, who were possessed of the idea that someone had lost an overgrown tomcat.

The presence of the animal in the city is a mystery, but it is thought to be the mysterious marauder that has raided several chicken roosts in the Mount Tabor district during the past week.

CHIEF BIOLOGIST TO VISIT

Oregon Bird Life to Be Studied to Learn Effect on Farms.

H. W. Henshaw, chief of the Biological Survey at Washington, D. C., will be in Portland today. He will confer with William L. Finley, State Biologist, regarding the Oregon survey. The Department of Agriculture seeks the co-operation of the State Biological Commission in the study of bird life of Oregon, and it is for this purpose that Mr. Henshaw will meet Mr. Finley.

It is the desire of the Department of Agriculture to find out whether birds prove a detriment or an advantage to the farmers whose fields they inhabit.

Mr. Henshaw also has charge of the killing of predatory animals in Oregon.

CHURCH IGNORES ACTION

Dr. Loveland Says Taylor-Street Resolutions Not Considered.

Dr. Frank L. Loveland, pastor of the First Methodist Church, announced yesterday that no official action by the board of his church was contemplated regarding the resolutions adopted at a meeting called Tuesday night in the Sunnyside Methodist Church.

The resolutions were framed by a committee representing several Methodist churches of this city. They proposed, among other things, to operate the Third and Taylor-street property under the direction of a board of trustees made up of one member from each Methodist Episcopal church in Portland.

The committee that called the recent meeting included N. B. Atchison, Rose City Park; H. Gordon, Sunnyside; A. L. Keeney, Centenary; L. B. Mahone, Central; C. W. DeGraff, Woodlawn; J. R. Pearl, Clinton Kelly.

The members of the official board of the First Methodist Church will meet at 8 o'clock Monday night, when business of importance will be discussed, but whether or not the affairs of the Third and Taylor-street property will be brought up is not disclosed.

BREACH LAID TO TEACHER

BOARD TO CHARGE CONTRACT VIOLATION BY MARRIAGE.

Action Against Mrs. Johnson-Cook to Be Settled According to Outcome of Mrs. Richards' Case.

Mrs. Violet N. Johnson-Cook will be charged with violation of her contract as a school teacher because she was married on June 2. The School Board ordered this yesterday, "just to get the matter before the Board in the form of a hearing."

The ultimate disposition of Mrs. Cook's case probably will depend on whether or not the Board decides to appeal from the ruling of Circuit Judge Morrow in the case of Mrs. Maude L. Richards, who was awarded her back salary and ordered re-instated under the "permanent tenure act."

Mrs. Cook was elected as a teacher on May 22 and appointed to elementary work in the Clinton-Kelly School. Her notice of acceptance of the election was not received until July 18 by School Clerk Thomas.

"I move that she be charged with violation of her contract by getting married," said Mr. Beach, of the School Board, at the meeting yesterday.

"How can she violate her contract when she has none?" asked Mr. Lockwood.

"This is just to get it before the committee. She will demand a hearing on the charge and that will bring it up properly. The courts are particular about hearings these days," explained Mr. Beach.

BUILDING PLAN UP TODAY

East Side Committee to Take Action on $50,000 Structure.

The building committee of the East Side Holding Company and the Citizens' Bank will meet today at the bank building at Grand avenue and East Alder street to consider the new plans for the two-story building to be put up on the northeast corner of Grand avenue and East Alder street. It is expected to have the completed plans of the building at this meeting and after they have been revised the contract for the structure will be let and work started.

It had been hoped to put up a four-story building, but the building will be built according to the original plans with some modifications, the bank erecting the corner structure, the holding company the inside part, and the East Side Business Men's Club will occupy quarters on the second floor. Both structures will represent an investment of about $50,000.

Women's Peace Meeting Tonight.

For the purpose of organizing a peace party among the women of the state a mass meeting will be held tonight at 8 o'clock at the Central Library. The meeting is under the auspices of the State Federation of Women's Clubs. It is hoped to get the peace organization well under way before the arrival of Jane Addams in this city early in August.

POWDER ORDERED AWAY

CITY COUNCIL FINDS MAGAZINE ON WILLAMETTE DANGER.

Commissioners Vote to Refuse All Petitions to Store Explosives Within City Limits.

The Trojan Powder Company will be notified to discontinue by September 1 the use of its powder magazine located on the west bank of the Willamette River just above the bridge of the Spokane, Portland & Seattle Railway, according to action taken by the City Council at its meeting yesterday morning.

The company was also instructed to keep a watchman at the place until that time. The action followed the visit to the warehouse made by the Mayor and the members of the Council Thursday. The Council also voted to refuse all other petitions for the location of powder magazines within the city limits.

Representatives of the powder company were present and showed that the magazine was being conducted in compliance with the rules of the bureau of explosives. They claimed that there is less than 72,000 pounds of powder in the magazine at this time and that they were not allowed to carry over 80,000 pounds. They admitted that the magazine contained high explosives, as well as stumping powder.

Harbormaster Speier, who took the Mayor and Commissioners to investigate the magazine, was present at the meeting and declared that the powder, situated as it was on the river bank, is a menace to navigation and that should it be exploded it would destroy the Spokane, Portland & Seattle Railway bridge. He also presented to the Council a petition of the Du Pont Powder Company for permission to locate a powder magazine on the river bank near Linnton for the storing of 250,000 pounds of high explosives.

WITH THE FRENCH WOUNDED

The Woman's Sacrifice

Paris, July 31, 8:30 P. M. Away from the battlefield one sees war stripped of its glamor. We see the heroic work of nurses who are on duty day and night. There is devotion, self-sacrifice, suffering patriotism — qualities which only a great war and its terrible consequences can inspire to the highest development. The women everywhere are helping and everywhere one sees self-sacrifice and devotion to country.

The women of the United States do not know how fortunate they are. Here there are plenty of women who suffer in silence, whose strength is out of proportion to their ambition. Their hands are tied by some chronic disease common to womankind; that weak back, accompanied by pain here or there, extreme nervousness, sleeplessness, maybe fainting spells or spasms, are all signals of distress for women. She may be growing from girlhood into womanhood, passing from womanhood to motherhood, and later suffering from that change which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nervine, prescribed for just such cases by a physician of vast experience in the diseases of women. Dr. Pierce's Favorite Prescription has successfully treated more cases the past fifty years than any other known remedy. When you feel dull, headachy, backache, dizzy, or perhaps hot flashes, there is nothing you can accomplish, nothing you can enjoy. You can find permanent relief in Dr. Pierce's Favorite Prescription. It is sold by medicine dealers, or trial box by mail from Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., on receipt of 50-cents, or one dollar for large box.—Adv.
