

DEPUTY ATTORNEY TRIAL LOSES JOB

Improper Interest in Case Is Charge Made by County Clerk Coffey.

VACATION SPENT IN COURT

Sanfield MacDonald Discharged for Associating With Attorney for Plaintiff and Protests Act Before Hearing Is Given.

Sanfield MacDonald, Deputy County Clerk assigned to Judge Kavanauagh's department, was discharged yesterday by County Clerk Coffey on charges of improper interest during the Dodge timber land suit, the trial of which was completed Monday.

Too intimate association with Thomas Mannix, attorney for the creditors of the bankrupt E. H. Dodge interests, who sued Frederick A. Krebs and William N. Jones for \$614,000, was given by Mr. Coffey as his reason for dismissing the deputy.

A. E. Clark, the attorney who opposed Mr. Mannix in the suit, complained to Chief Deputy County Clerk Bush, saying Mr. MacDonald was not conducting himself properly and was showing open partisanship to the other side. Later Mr. Coffey received a letter from Mr. Jones, one of the defendants, making a similar complaint.

Vacation Spent in Courtroom.
"A week ago I dined with some friends at a downtown hotel, and saw Mr. Mannix and Mr. MacDonald sitting at a nearby table," said Mr. Coffey. "I did not think it proper for my office to have one of my clerks associating too intimately with an attorney who was trying a case in court. The next day I asked Mr. MacDonald to take his vacation and assigned Mr. McMenamin to that department. I thought when Mr. MacDonald returned from his vacation the Dodge case would be over and he could resume his work without any trouble."

Discharged Man to Protest.
"I don't like the idea of being discharged without a hearing, and believe me, I am going to protest," Mr. Mannix repeated practically what Mr. MacDonald had said about their taking lunch together.

Promises Are Denied.
"I never offered any bonds to Dodge," he said. "I didn't have any bonds to offer him in the first place. The subject of testimony was never discussed between Mr. Dodge and Mr. Mannix and me during all the time we were trying to work out a settlement of the tangled Dodge properties."

New Store Talks

Number 22
In our New Building the entire first floor, which will soon be fully occupied, is covered with what is known in construction circles as "Cork Tiling." It is made of pure cork, from the cork tree, which grows in Portugal, France, Spain and Africa. As a floor covering it possesses advantages almost too numerous to mention.

In the first place, it is noiseless, and will deaden the tramp, tramp of the thousands of feet that will pass over it on our main floor daily.

It is easy to walk upon, a boon alike to shoppers and salespeople.

And perhaps its greatest advantage is that it is a "safety first" flooring, as it is almost impossible to slip upon it, wet or dry.

The process by which this tiling is made at the factories in Pittsburgh is a very interesting one. To show its durability we will say that 13 inches of pure granulated cork is compressed under hydraulic pressure into a half-inch thickness.
