CITY WILL INVESTIGATE

A communication from E. E. Coovert, charging that the Bridal Veil Lumber Company is appropriating a large portion of the water of Youngs Creek at Sheppards Dell in violation of the terms of the gift of the property by Mr. Sheppard to the city was referred to City Attorney LaRoche for investigation by the City Council yesterday morning.

A communication from E. E. Coovert, was discharging passengers, speeding, falling to render aid after injuring two persons, and obtaining money under false pretenses are a few of the charges the Portland police would bring against A. J. Chance, driver of the automobile that knocked down two women at the corner of Broadway and Union avenue Sunday afternoon, if Chance could be found.

# MILES OF MAINS LAID

During July a total of 2,949 miles of water mains were laid in different sections of the city, according to the report of Water Engineer D. D. Clark to Commissioner Daly, of the Department of Public Utilities. This raises the total miles of mains laid from the total mileage of mains laid from December 1, 1914, to August 1 up to 17.255 miles. Mr. Clark reported that the survey-

ing party now at work defining the boundaries of the Bull Run reserve watershed was making satisfactory progress.

Investigations are being made at Linnton relative to the mains, pump-ing stations and reservoirs of that ad-dition. Eugene's Band Director Arrives.

# A Real Flesh Builder For Thin People

A New Discovery

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment the ontained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment. om your meals to pay for the cost of oking. This is true of thin folks the world yer. Your nutritive organs, your functions' assimilation, are sadly out of gear and

over. Your nutritive organs, your team of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny eawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red blood corpuscies—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive. All druggists in Portland and vicinity sell them subject to an absolute guarantee of weight increase or money back.—Adv.
