Day's Sales Total Nearly Million Shares-War News Has Small · Influence on Speculation. Bond Market Irregular.

NEW YORK, Aug. 5.—The demand for the popular specialties showed no signs of abatement today, and there was another advance of good proportions. Public buying, which had given evidence of falling off, apparently was stimulated anew by yes-terday's upturn, and a large amount of or-ders accumulated over night. Trading was brisk throughout, and total sales were 916, 900 shares.

The instability of the war stocks at their

ders accumulated over night. Trading was brisk throughout, and total sales were 916, 900 shares.

The instability of the war stocks at their current high level was demonstrated again by occasional periods of reacton, but the general course was upward. After the first rush of buying was over the severest relapse came, canceling most of the early rise, but in the afternoon the movement received fresh impetus. Weakness of a few specialties and railroad shares in the last hour prevented the market from making an even display of strength at the close, but the late relapse was not extensive enough to out deeply into the gains of most stocks.

Bethlehem Steel maintained its reputation as the most spectacular of the war shares. It passed the 300 mark early in the day and reached 307, an advance of 17 points. Later it relapsed to 301.

The urgent demand for United States Steel continued and the action of this stock gave tone to the whole market.

Railroad stocks played little part in the forenoon rise, but on the recovery which followed the early relapse they were bought heavily at advancing prices. The late relling was directed largely at the railroads, which fell back generally.

War news played little part in the dealings, although the fall of Warsaw was mentioned as an influence in bringing about the late reaction.

Bonds were irregular. Total sales, par

One Firm Has Taken 300,000 Boxes, Paying Cash in Advance.

WENATCHEE, Wash, Aug. 5.—(Special.)

—E. Wagner & Son, through their representative, J. H. Dengel, have now contracted for more than 300,000 boxes of apples, standard varieties, straight orchard, at an average price of \$1 a box, and are still buying lots throughout the Valley. On each box of apples bought an advance of 10 cents has been paid to the grower or unit. The balance will be paid on delivery. The majority of the apples are intended for the Australian and South American markets. In looking over the contracts it is seen that 30 varieties have been bought and that over \$20,000 has already been distributed. Thesday Dengel bought the entire crop of 15,000 boxes of the Keystone Orchards, of Entiat. Approximately 200,000 boxes were secured directly from units of the Growers League and the rest from individuals.

Henri Williams, buying for Crutchfield. Woolfolk & Clore, of Chicago, accompanied J. M. Wade through the valley buying for cash. To date two orchards are known to have been bought.
