NEBRASKANS WED HERE

OMAHA ATTORNEY AND FELLOW-GRADUATE SURPRISE FRIENDS. George Tunison Takes Miss Otis W. Hassler, of Paunee City, as Bride. Fair to be Visited.

Rushing west on the pretense of business, George McGregor Tunison, a prominent attorney of Omaha, Neb., Wednesday night joined the benedicts when he married Miss Otis W. Hassler, of Paunee City, Neb., who came here two weeks ago to visit friends of Jefferson, Or.

The romance had its inception at the University of Nebraska when the two young people were students there and from which institution both graduated in the class of 1902. Immediately after the ceremony at the First Presbyterian Church, the couple, accompanied by the other members of the bride party, had an important engagement with Professor Graham Mitchell, of Oregon Agricultural College, and Eugene Brookings, a fraternity brother of Mr. Tunison, at Nebraska, that being the Portland Hotel, where a wedding dinner was given by Mr. Brookings.

Mr. Tunison is a member of the Delta Upsilon fraternity and Miss Hassler is a member of the Kappa Alpha Theta sorority. Mrs. Mitchell also is a Kappa.

Mr. Tunison arrived in Portland Wednesday he looked up Mr. Brookings immediately, said "hello" and said he would see about o'clock as he had an important engagement with other friends.

The appointed time came and Mr. Tunison was true to his word. "Brookings" he cried and he rushed into Brookings' office, "come on up to the Courthouse with me right away, I'm going to be married." Brookings, who was ushered into a taxi in front of the Morgan building and introduced to the bride-elect.

"Brookings" said Tunison, "after we get the license you've got to find us a Presbyterian minister. Mother wouldn't be happy unless we had a Presbyterian minister find me a wife." Mr. Brookings found Rev. Levi Johnson, the hour of 3:30 was set and the knot tied and the honeymoon trip to the fair and home by the southern route.

BUDGET PLANS FORMED COMMITTEE OF 7 CITIZENS WILL ASSIST IN PREPARATION. Council Adopts Mr. Baker's Resolution to Seek Advice of Public in Outlay Estimates.

A committee of seven Portland citizens will be asked by the City Council to assist in the preparation of the city budget providing for revenues and expenditures for the fiscal year beginning December 1, 1915. This was decided upon at the regular meeting of the City Council yesterday, a resolution to that effect introduced by Commissioner Baker being adopted unanimously. Mr. Baker said in his resolution that the purpose was to guard against any unnecessary expense.

Mayor Albee raised the point that the method of selecting the committee should be included in the resolution. Some discussion of that point resulted in Commissioner Baker remarking that he was sorry if he antagonized the Mayor by his resolution. The Mayor finally voted for the resolution in the original form.

In discussing the resolution Mr. Baker said: "My idea of the committee is that it will be beneficial to the people to have a representative body to work with the Commissioners in making up the budget. If the committee is in attendance when the budget is made up the members will have first-hand knowledge of the needs and when any outlay is made they will be able to see the necessity for it. I think the Commissioners need not be unjustly criticised."

There is another point. Each of the Commissioners is trying naturally to make good in his department, and might be prone to try and get more money than he really needs. A committee of citizens will have the interests of the whole city at heart and will consequently counterbalance that."

Commissioner Baker declared that the Council could not do that. Then the public with the public funds, "I believe," he said, "that there are men in the community who are capable of working with us on the budget. Then the public in general will know that everything has been done that is possible for the keeping of expenses down to the minimum."

Commissioner Baker said that there was no specific time for the preparing of the budget, but that work would have to be started in a short time.

GIRLS SHOW HOME ART Trades School Classes Have Exhibit of Handiwork for Visitors. White capped and in immaculate aprons, the domestic science girls from the School of Trades visited about the kitchen of the old Lincoln High School yesterday to show visitors how they have to cook in the Girls' School of Trades. For them it was regular class work, but the millinery and dressmaking departments held their big exhibition from 12 to 1 o'clock, and many guests were present. The six dressmaking classes joined

in the exhibit. Four rooms specialized in tailoring and the making of dresses, while the other two showed dainty lingerie creations. Summer suits of silk-wool material and linen were featured. Gingham and lawn dresses were shown in quantities. Early Fall hats were in evidence at the Knitwear department, although the most of the exhibit was made up of gay Summer bonnets of remarkable workmanship. The millinery classes have been particularly popular, and two large classes participated in the exhibit.

The school has been in session for the Summers term of six weeks and more than 300 students have attended. One of the teachers said yesterday: "Never before have I found a more ambitious and capable collection of girls, and they have helped to make this session more than a success."
