

## WORK OF DEFENSE PLANS IS ORDERED

Daniels, After Conference at White House, Hints at Big Submarine Programme.

## GARRISON ALSO IS BUSY

Army Report Is Well Advanced and Major-General Goethals Will Give Especial Attention to Preparedness of Canal.

WASHINGTON, Aug. 12.—Preliminary work on his plans for strengthening the National defense was begun by President Wilson immediately after his return today from Cornwall, N. H. Secretary Daniels gave the President the general outline of proposals for improving the Navy, and arrangements were made for an early conference with Secretary Garrison regarding the Army.

It was said at the White House that the President would take steps as soon as possible for securing the material necessary to present a complete and comprehensive plan to Congress in December.

**Stronger Defense Decided On.**  
He already has decided that the defenses of the Nation should be strengthened, and will determine on details after conferences with the heads of the War and Navy Departments and the chairmen of the military and naval affairs committee of the Senate and House. Then he will take up the question of providing the money necessary for the increased expenses.

Mr. Wilson strongly desires to fix on a programme which will meet the approval of not only the members of his Cabinet, but of Congress, and he hopes that politics will have no part in the consideration of the subject.

**Many Submarines Proposed.**  
Secretary Daniels had not completed today the formal report prepared by the general board and advisory council of the Navy Department, for which the President called just before leaving for Cornwall. He will be at the White House again Monday for further discussion of the subject and will put the finishing touches to his formal report after that meeting.

While Mr. Daniels would not discuss what he had told the President about the needs of the Navy, he indicated that the building programme would include a striking increase in submarines. He would not confirm reports that he would recommend the building of four battifish.

**Goethals to Report on Canal.**  
Secretary Garrison has his report on the Army well advanced. A special board of officers has been studying the situation from all angles for several months, and Major-General Goethals has prepared a special report on the defenses of the Panama Canal.

The President devoted much time to the study of National defenses, and Mr. Daniels was in communication frequently with Secretaries Daniels and Garrison.

**ADMIRAL URGES PREPARATION**  
Commerce Will Continue to Cause Wars, Declares Fullam.

SAN FRANCISCO, Aug. 12.—(Special.)—The policy of unpreparedness is a dangerous one for us to perpetuate," said Rear-Admiral William F. Fullam, U. S. N., commanding the Naval Academy practice squadron riding at anchor off the exposition grounds, in the course of a talk he gave today at the weekly luncheon of the San Francisco Commercial Club. He was the guest of honor.

Admiral Fullam said that the Government in the last 50 years had spent more money on pensions than on the Navy. While not opposing the pension system, he advocated being prepared from a naval and military standpoint to prevent wars which cause pensions, thereby eliminating the cause.

"The fear of military action is the bugbear of the Nation," continued the Admiral. "Commerce has caused war in the past and it is going to continue to be the cause of war."

He appealed to the business men of the country that they advocate the same business methods be used in the administration of the Army and Navy as they use in their own business.

## EASTLAND RAISING PUT OFF

Task Delayed Because of Difficulty of Working in Dark.

CHICAGO, Aug. 12.—After preparations had been made to pump out the steamship Eastland, in the capsizing of which almost 1000 persons found their lives, the work was postponed tonight until early tomorrow because of the difficulty under which divers would have to work in the dark. The body was raised about two feet at the forward end when the change in programme was decided on.

To prevent bodies which might have been caught under the boat from floating away, a net was placed across the Chicago River.

## SMYRNA TOWN BOMBARDED

British Aeroplanes and Destroyer Make Attack on Coast.

PARIS, Aug. 12.—A dispatch to the Havas News Agency from Athens says it has been learned from Mytilene that British aeroplanes bombed Zaganiki, near Smyrna, yesterday, destroying the barracks, the telephone offices and eight houses.

A destroyer, which followed the aeroplanes, also bombarded the city, in which there were said to be a large number of victims. The Governor of Smyrna, fearing an attack, sent 8000 men to reinforce the coast defense troops, the dispatch adds.

The Turks are constructing new works about Smyrna and large-caliber cannon have been placed along the Smyrna-Skala Voudia road.

## PEACE WOMAN IS VISITOR

Mrs. Fannie Fern Andrews, of School League, Is En Route to Fair.

Mrs. Fannie Fern Andrews, of Boston, Mass., secretary of the American School Peace League, accompanied by her husband, spent several hours in the city while on her way to attend the meeting of the National Educational Association at San Francisco. Mrs. Andrews is the active spirit of the School Peace League, one of the or-

ganizations which the Sons of the American Revolution criticized at the recent session in Portland. Its chief purposes are, according to Mrs. Andrews:

1. To acquaint the teachers of the United States with the movement for promoting a fuller acquaintance and better understanding among the peoples of different nations.
2. To prepare material which will enable teachers to make appropriate application to the specific work of the school.
3. To secure the interest of teachers in all countries in the movement for international co-operation, so that the coming generations of all nations may be trained simultaneously to recognize the efficiency of judicial and legislative measures in the constantly increasing situations among the nations of the world.

The league was organized in 1904 and has won for itself a place among the educational public in America and Europe. It has branches in practically every state in the Union and offers annual prize prizes for essays, the contents being open to students all over the world.

## CRUISER LOSS ADMITTED

141 OF INDIA'S CREW ARE SAVED AFTER TORPEDOING.

Captain and 80 Men Land in Christiania and May Be Interned—Dead Buried With Honors.

LONDON, Aug. 12.—An official communication issued tonight announces that the British auxiliary cruiser India, while engaged in patrol duty in the North Sea August 8, was torpedoed and sunk by a German submarine.

The announcement adds that 22 officers and 119 men of the India were saved.

**CHRISTIANIA.**—Via London, Aug. 12.—Captain William Kennedy, of the British auxiliary cruiser India, who was on the bridge of his ship when she was torpedoed by a German submarine in the North Sea August 8, was among the 86 members of the crew who were landed here. Some of the rescued were taken from a raft, where they stood, singing "Tipperary."

The bodies of 11 sailors who perished were buried today with military honors. When the bodies were brought ashore they were taken to a chapel, where they were placed in caskets, each of which was covered with the Union Jack.

The natives are showing much sympathy for the British sailors, who have been taken to private houses, where they are being provided for. No decision has yet been reached as to whether they will be interned here until the conclusion of the war.

A dispatch from Berlin last Tuesday, coming by wireless to Sayville, N. Y., announced that the India had been torpedoed off the Norwegian coast and that 86 members of her crew were saved by the Swedish steamer Gota. It was added that the attack on the vessel occurred north of Bodø, while the India was entering Restford.

## EGG LABEL ACT FOUGHT

BAKERS TO TEST LAW AFFECTING IMPORTED PRODUCT.

Secretary of Association Is Under Arrest and 5000 Cases Are Growing Old Pending Outcome.

SAN FRANCISCO, Aug. 12.—(Special.)—To test the constitutionality of a recent act prohibiting the sale of eggs imported into this country unless so labeled and requiring the dealer to announce the fact that he sells Chinese or other imported eggs by a sign six feet long with letters a foot high, attorneys obtained a writ of habeas corpus from Superior Judge Sturtevant for the release of William M. Foley, secretary of the California State Master Bakers' Association and the Retail Bakers' Association, who was convicted in the Police Court and sentenced to five days in the county jail, or to pay a fine of \$5. The writ will be heard Tuesday.

Mr. Foley, it is alleged, imported from Vancouver, B. C., 5000 cases of eggs, each case containing 25 dozen eggs. Owing to the stringent terms of the new act dealers are chary about handling imported eggs. Mr. Foley's attorneys say, and for that reason the goods are spoiling in the warehouse.

The new act, which went into effect last Monday, is unconstitutional, it is alleged, and Mr. Foley, representing bakers and other dealers, intends to test its validity. Unless quick action is obtained, 1,100,000 eggs now in storage will become worthless.

**FUND DENIED DETECTIVES**  
Clackamas Refuses to Pay for Thatcher-McKinny Probe.

OREGON CITY, Or., Aug. 12.—(Special.)—Clackamas County is not willing to give financial assistance to L. G. McKinny and George A. Thatcher, who are investigating the Hill murder mystery, and this week turned down the McKinny plea for money, it developed today.

McKinny came to Oregon City Tuesday and asked District Attorney Hedges for financial help from the county. Mr. Hedges took McKinny to the County Court and, after a quiet conference, the request was refused.

At the instance of Thatcher and McKinny, Frederick Alexander, also known as Edward Ramsey, was arrested near Milwaukie and is now held in the county jail pending the outcome of their investigations into the Ardenwald mystery.

## GRAIN SEPARATOR BURNED

Thrashing Outfit at H. D. Stott Farm at Gaston Is Destroyed.

GASTON, Or., Aug. 12.—(Special.)—Word has just been received of the destruction by fire of the thrashing machine separator owned and operated by H. D. Stott, at his farm near Gaston. He had overhauled it during the evening and left it about 10 o'clock, intending to make an early start next morning to thrash on a neighboring farm. When they went out the next morning the separator was entirely destroyed.

It is supposed that the fire was caused by a spark from the engine. Mr. Stott has ordered another separator. There was no insurance.

## MOOSE DIVIDED ON TIMING OF RETURN

Colonel's Nephew Accuses Perkins of Delaying Enrollment to 'Make Terms.'

## T. R. BELIEVED MISLED

Desire to Present United Front Against Democrats in Contest to Restore Protective Tariff Is Increasing.

OREGONIAN NEWS BUREAU, Washington, Aug. 12.—Not all is harmony in the Progressive ranks. This was clearly illustrated in New York soon after Colonel Roosevelt, returning from the Pacific Coast, announced his intention of "enrolling" as a Progressive. No sooner had this declaration been published than Douglas Robinson, nephew of the Colonel and state chairman of the Progressive party, accused George W. Perkins of having misled the Colonel regarding sentiment among the New York members of the third party. Mr. Robinson left no doubt of his intention to get back to his old moorings.

More significant still, Mr. Robinson let it be known that there is friction within the Progressive ranks between Perkins on the one hand and Progressives who want a united opposition to fight the Democrats next year.

**Perkins Talks of 'Terms.'**  
"Mr. Perkins himself says to the insiders that though he does not consider this the time to enroll as a Republican next year is the time when better terms can be made," he adds significantly. "If Douglas Robinson correctly quoted Mr. Perkins it would appear that even Perkins contemplates going back to the Republican party, provided he can obtain recognition in the Republican ranks somewhat equal to the rank he held in the Progressive party in 1912."

The New York middle seems to indicate that most of the remaining Progressives intend, when the time comes, to swing back into the Republican party, but there is difference of opinion among them as to when they should swing.

Ken like Douglas Robinson seem to believe the present is the time; Perkins and his followers want to hold out until about the time of the National convention and then attempt to make terms.

**Borah's Advice Justified.**  
The idea seems to be gaining ground in Progressive ranks that after all Senator Borah was right at Chicago three years ago when he counseled against a bolt, and advised the progressive Republicans to stay with the party and gradually build up strength until in the end they could dominate.

When the Chicago convention was held the two wings of the party were seemingly about equally divided; at least, the division in the convention was nearly equal. The fact men had only a slight majority and in the end would have compromised on any candidate but Roosevelt.

There is much talk today that the Progressives should go back to the Republican party and unite with the progressive Republicans who never bolted, in an effort to reorganize the party on progressive lines and with a progressive, but Republican, platform.

Above all, they must not allow themselves to be misled by the Democratic party which would bring face to face with a united opposition.

**Heard at the Golf Links.**  
Detroit Free Press.

"Don't be so impatient, George. Job has patience. Job, by the way, never tried to teach his wife to play golf."

**Peninsula Park Sunken Gardens.**  
A city park and well worth a trip. Take St. Johns or Kenton car.

**MOUNT HOOD RESORTS.**  
Cloud Cap Inn is a delightful resort, 6000 feet above sea level, on a sheltered spur of the very mountain itself, and is located just at the upper edge of the timber line.

The trip to the inn usually is made by rail to Hood River and thence by stage. The round-trip rate, including all traveling expenses, is \$12.50. Service begins July 1 and continues to September 15.

**Parks—Washington Park,** head of Washington street, with small zoo and aviary. Take any car west on Washington street excepting Sixteenth; fare 5 cents. Celebrated statue, "Coming of the White Man," also "Sagawawa." Excellent view of the city.

**COLUMBIA RIVER HIGHWAY.**  
A scenic drive of rare beauty, built along the south shore of the Columbia River, a distance of more than 40 miles from Portland. A series of remarkable waterfalls, rugged peaks and deep canyons are among the attractions.

THrift IS ADVISED

Addition to Study Course in Schools Recommended.

FUTURE IS CONSIDERED

Teaching of Children, Says Speaker Before Congress for Thrift, Can Be Made Interesting and Will Leave Impression.

SAN FRANCISCO, Aug. 11.—The first attempt ever made to introduce the teaching of thrift as a part of the curriculum of American schools was the result of the early sessions of the International Congress for Thrift which is being held at the Panama-Pacific Exposition.

A committee was appointed to confer with the National Education Association, which is to hold a convention here next week, with a view to seeking their co-operation and to consider various plans with a view of working out some programme in this direction. This co-operation has been promised.

**Thrift Necessary Safeguard.**  
The opening address of S. W. Strauss, of Chicago, president of the American Congress for Thrift, contained this recommendation, which was at once acted on. He said:

"Owing to the prodigious waste abroad and the wilful extravagance which has been in existence at home for generations, America rapidly is reaching a place where its citizens must become thrifty as a safeguard against adverse circumstances. The only way we can lay a solid foundation for the future is through the child. Teach the child thrift today and tomorrow we will have a thrifty Nation."

**Childhood Habits Strong.**  
"Thrift should be taught in the schools of this country. The habits formed in childhood are the strongest elements in after life. Thrift teachings in the schools can be made interesting and the child naturally will carry its lessons home to its parents."

Admiral C. S. Pond, U. S. N., said that the Navy was the greatest of all schools for learning thrift. "Thrift is the one big thing for the sailor," he said. "The sailor who is not thrifty during the years of his service finds himself in a bad predicament when he leaves the Navy."

David Starr Jordan, chancellor of Stanford University, spoke on the philosophy of thrift.

Designation of the Sunday preceding Labor day each year as "Thrift day" was asked of President Wilson and Governors of states in resolutions passed by the congress. Labor organizations, it was said, have promised to support this.

Only two per cent of Americans are independent of a daily income, it was said by S. W. Strauss, of Chicago, president of the American Congress for Thrift.

He said 46 per cent of the people who die in this country leave no estates and 87 per cent of Americans at the age of 60 are partly or wholly dependent on charity.

**Colonel Pope Delayed.**  
Colonel George A. Pope, president, and James A. Emery, general counsel for the National Manufacturers' Association, will not reach Portland Sunday morning, as scheduled, due to the illness of Colonel Pope. Instead, they will arrive Monday morning.

The trip planned for the over the Columbia Highway and dinner at the Automobile Club on Sunday have been dropped. They will be guests of honor at an informal dinner at the Chamber of Commerce Monday night at 7 o'clock.

The London County Council has decided to commemorate the centenary of Columbus by placing a memorial tablet on the house, 12 Park Crescent, Marlborough road.

## INFORMATION FOR TOURISTS

Mountain, River and Beach Resorts Where to Take a Short Trip Out of Portland

Herewith is a list of short trips in and about Portland. If you are in doubt about any point, or the trip you have heard about is not mentioned here, call at the Information Bureau of the Chamber of Commerce or phone them—Bell Phone, Broadway 440 or Automatic, A 6091. Information will gladly be given. Literature of interesting points furnished—Time Cards, Beach and Mountain Resort literature. The Oregonian asks the names and addresses of tourists for publication. Enclose your business card with name of your party to Summer Resort Dept., The Oregonian, Portland.
