The Context was there the least doubt as to the better man. The Western lad's game was far superior to any-thing he has blown yet this season. The late afternoon play was devoted to the doubles, the appearance of the Pacific Ormat champions. Clarence J. (artifle and Johnston, and of R. Norris Williams H and Watson M. The playing of the young Californians, who stand as chal-lengers to McLoughlin and Bundy for National homore, was far above the or-dinary. They out-smashed and out-volleyed Robert Leroy and Charles M. Hell, Jr., the New York pair, and won, a. 2.5. 5-2. 7-5.

Williams again was somewhat erratic on his shorter playing at the not, so that Wasilburn had to offset many of the press of his famous partner, but it was nevertheless fast tentis that the two played against D. S. Watter, the New Orleans boy, and Harold J. Mac-Kinney, of Providence.

Ex-Governor of Georgia Says Frank Case Has Been Made "Football of Politics."

MOB SPIRIT CONDEMNED

City Official's Warning Not to Return to State Declared Absurd and Ridiculous and Reflec-

tion on Commonwealth.

SAN FRANCISCO, Aug. 18 .- Ex-Governor Slaton, of Georgia, issued today s statement on the Frank case condemn-ing and address delivered last night by Mayor Woodward, of Atlanta, Ga., in defense of the lynching, and terming the Mayor "old and garrulous." He called the Frank case a "football of

Commenting on Mr. Woodward's statement that three-fourths of the people of Georgia, including himself, believed Frank guilty, Mr. Slaton said: "Similar utterances made before the lynching naturally resulted in subse-quent lawlessness. In one breath he proposed to defend the fair name of Atlanta and Georgia, and in the next breath he cast on them the most ter-rible odium and condemnation. Case "Foothall of Politics." olitics.

Case "Foothall of Politics."

"Mayor Woodward suggested I could not with safety return to Georgia could not with safety return to Georgia within a year. Such c. statement is not only a gross reflection on the state, but is absurd and ridiculous, and it is further stimulative of the mob impulse, coming from an official who should stand in favor of law and order. It is in accordance with utterances of others who expect to utilize the Frank case for political preferment and as an as-set for dominating the politics of Georgia. It is horrible to think that a human life could be made a football of politics. "I was born in Georgia and I love her and her reputation. I shall return

Mayor's Statement Cabled Affront. "J condemn the action of the mob. A refusal to maintain the duly organized institution of the state means anarchy and I repeat what I declared yesterday that, in my judgment, the great con-science of Georgia will condemn any lawiess action. I think Mayor Wood-ward's statement is an affront to the people of Georgia instead of a de-fense. He is old and garrulous." Mayor Woodward in his speech last night said Frank was lynched be-cause the judgment of the courts had been set aside by one man and the "people felt it was up to them to take the law into their own hands." He also said he would not advise Slaton to return to Georgia—"for a year, if ever." Mayor's Statement Cabled Affront.
