LYNCHING IS CONDEMNED

National Lawyers' Body Calls Killing of Frank "Willful and Deliberate Murder"—Admission of Women Put Off.

SALT LAKE CITY, Utah, Aug. 19.—United States Senator Elihu Root, of New York, was unanimously elected president of the American Bar Association at its closing business session today on recommendation of the general council of the association. Walter George Smith, of Philadelphia, was a candidate against Senator Root before the council, but his name was not presented to the members.

A resolution on the Frank lynching presented by Stephen A. Gregory, of Illinois, was adopted unanimously by the association without discussion. It pronounces the lynching "a willful and deliberate murder by mob violence, concerted and accomplished in the spirit of savage and remorseless cruelty unworthy of our age and time," and expresses the hope of the association that the authorities will speedily bring the guilty persons to the bar of public justice.

ROSS FAMILY LOSES PLEA

Two Convicted in North River Case Fail to Get Reprieve.

OLYMPIA, Wash., Aug. 19.—(Special.)—Earl A. and Frank P. Ross, convicted of assault on Al Bradley in Pacific County in the course of a feud in the North River country, which led up to the alleged attempt of night-riders to drive the Ross family from the county, failed in their application for an additional reprieve today from Acting Governor Lewis F. Hart.

Governor Hart yesterday granted a 45-day reprieve to enable the two to testify in criminal actions growing out of 48 indictments by the grand jury which followed the Bradley slaying. This reprieve expired and Mrs. Margaret M. Ross asked additional time to start new court proceedings to free her sons, charging conspiracy in the convictions.

"The general contempt for constituted authority and the defiant violation of law in that vicinity is such as to demand rigid enforcement of the judgment of the courts," said the Acting Governor.

NORWEGIAN MAIL SEIZED

German Submarine's Act Causes Storm of Protest.

CHRISTIANIA, Norway, Aug. 19.—The halting yesterday of the Norwegian mail steamer Haakon VII and the seizure of mails on board by a German submarine have been followed by a protest to Berlin and a demand for the return of the mails to Norway. The Haakon VII was bound from Bergen to England.

The postmaster-general reports that the commander of the German submarine ordered the jettisoning of all printed matter and packages destined to countries hostile to Germany. All letters and remittance moneys are said to have been taken aboard the submarine.

Included were seven sacks of mail from Denmark. What the newspapers term the "mail theft" has aroused a storm of resentment. German submarines are said to be watching every inlet to the important ports of Norway.

Y.

The nominating committee, by a vote of 39 to 8, recommended the election of Mr. Johnson. Motions and statements flew thick and fast. DESIGN LAID TO BRITAIN

GERMAN CHARGE CAUSES SENSATION IN REICHSTAG.

Sir Edward Grey Declared to Have Hinted at Using Germany Against Russia After War Ends.

BERLIN, by wireless to Sayville, N. Y., Aug. 19.—Dr. von Bethmann-Hollweg, the German Imperial Chancellor, in a speech today at the opening of the Reichstag, after a recess since May 29, in a sensational statement, quoted the words which he declared Sir Edward Grey spoke to the German Ambassador at London when the latter took leave of the British Foreign Minister after the beginning of the war in August, 1914.

"Sir Edward Grey," said the Chancellor, emphasizing his words, "said that war between the two countries would make it possible that at the conclusion of peace he could render us more valuable services than had England remained neutral."

The Chancellor explained that he interpreted these words to mean that England desired the friendship of a beaten and weakened Germany as a counter-influence against powerful Russia. England would be ready to use such a Germany—a weak country, without industry and without a navy.

The Chancellor's report of this scene in London caused a profound sensation in the Reichstag.

Our forces had no losses."

"Former boys usually have one ambition in common; they want to get off the farm. At least such was the case in my childhood's happy hour, and of those who realized it, comparatively few have joined the back-to-the-farm movement."—Rufe Hoskins.
