He accompanied the Bees south, but not as a member of the team.

When Blankenship secured Bunny Brief from Chicago a few weeks ago and Senched Tennant, it was evident that Tennant's days on the active playing list were numbered.

Tennant commenced playing ball in 1965 with the Oshkosh, Wis., club. In the Fall of 1963 the Chicago White Sox drafted him and later turned him to San Francisco. All she needs is a very little help.
Constipation is caused by accumulated waste in the Colon (Large Intestine), which, under our present mode of living. Nature cannot entirely remove without a little help.
The rank poisons in this waste get into the blood circulation too, and make us feel depressed, blue, bilious and incompetenteally sick—if allowed to go a little too far.
All the help that Nature asks, however, is Internal Bathing with Warm Water, applied by the "J. B. L. Cascade." This, in a perfectly natural and rational way, cleans out all the waste and poisons from the Colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition.

So invariably successful has this new and improved method of Internal Bathing proved to be that over 300,000 Americans are now enthusiastically using it to cure Constipation, ward off disease, and keep them bright, vigorous and efficient.

The "J. B. L. Cascade" is now being shown by the Woodard Clark & Co.'s Drug Store in Portland. Call and let us explain how simply it accomplishes these great results.
