

PRESIDENT AWAITS FACTS ON ARABIC

Ambassador Gerard Told Not to Ask for Report From Germany.

CABINET MEMBERS AWAY

Official Quarters at Washington Reflect Strain Which Grows Hourly as No Word Comes From Berlin.

WASHINGTON, Aug. 23.—Four days have passed since a German submarine sank the White Star liner Arabic, with a loss of two American lives, and the American Government still is without the detailed and official information necessary to shape its course.

The only notable development today was a break in the official silence which has surrounded the White House. Secretary Tamm, after conferring with President Wilson, issued this statement:

"As soon as all the facts regarding the Arabic are ascertained our course of action will be determined."

Details Still Sought. Secretary Lansing declared that all the information so far in the hands of the State Department was fragmentary and that details still were being sought.

Ambassador Page, at London, who had forwarded by mail a detailed statement, including some affidavits of American survivors, was instructed to send immediately a summary by cable. Some dispatches were received from him, but they were not made public, but it was understood the department was unwilling to give out material it considered incomplete.

While the situation was a waiting one, official quarters reflected the strain which grows hourly, as no word comes from the German government.

The United States had clearly expressed its opposition to destruction of merchant ships without warning and had pointedly warned Germany against repetition of such tragedies in which Americans are involved. In the opinion of State Department officials, it is not now incumbent upon the American Government to ask Germany to give up the conduct of the submarine commander who sank the Arabic.

Some Explanation Expected. It is assumed that unless Germany wishes to make an outright avowal to the United States, some explanation would be volunteered. Acting with that thought, Ambassador Gerard was instructed today to report whether he had received a report from the German government on the sinking of the Arabic. He was not, however, instructed to ask for one.

It is said the State Department will not necessarily wait indefinitely on Germany before taking whatever action is decided upon, neither does it intend to invite or encourage argument. All it wants now are the facts.

When these are assembled and officials are convinced their evidence is trustworthy, it is expected that the cabinet will lay the case before the President. No meeting has been called for tomorrow, a regular cabinet day, and all the cabinet members but three are out of the city. Several days more may pass before there is a definite development. Meanwhile the situation remains unchanged, with President Wilson and his advisers waiting and prepared to act as the situation may demand.

POSSIBILITY OF MINE CITED

Germans Say Lifelinet Order Indicates Intent to Ram U-Boat.

BERLIN, Aug. 23.—(By Wireless to Reynolds.)—Naval circles call attention to a remark made by a German official in the English press reports regarding the Arabic, "said the Overseas News Agency in an item given out for transmission today." The remark was that the passengers and crew received life belts when the steamer entered the danger zone. The distribution of life belts, it is argued, admits of the conclusion that the steamer's captain intended to ram the submarine.

"Other reports say explicitly that the submarine was in sight, permitting an assumption that the ship struck a mine mine."

"The Deutsche Tages Zeitung says editorially:

"It is true that a German submarine destroyed the Arabic and that American citizens thereby were accidentally drowned, this is a fresh justification of German warnings to foreigners not to enter the war zone on board British ships."

Tages Zeitung adds, "that the United States has entirely disregarded Germany's warnings and that it is causing Germany to give up submarine warfare, which is an impossibility."

DYNAMO TO DRIVE WARSHIP

Keel of California to Be Laid in New York Yard September 10.

NEW YORK, Aug. 23.—The keel of the battleship California, which is to be laid in the New York Navy-yard September 10, it was announced today. The California will be the first fighting craft in any navy to be equipped with electric engines for her propulsion, although such engines have been thoroughly tested in their use by the cutter Jupiter.

Material for the construction of the California has been accumulating in the Navy-yard for several months, and about 12,000,000 pounds of steel are ready to be used in the building of the ship. In most respects, other than the engines, the California will resemble the battleship Arizona, but will displace 22,000 tons as compared to the Arizona's 21,000.

JAPAN IS TO AID RUSSIA

(Continued From First Page.)

erials in the relations between Japan and China became so serious that Japan, foreseeing the possibility of hostilities, devoted her energies to the accumulation of war supplies for herself.

Guns and Shells Needed.

Although Russia has placed extensive war orders in this country, she has received from the United States little in the way of guns or shells. The shipments to Russia from Pacific ports have consisted principally of supplies such as motor trucks and other heavy equipment.

France and England have found that the unexpected demand for ammunition during the war has strained their resources to the utmost, so that they have been able to lend Russia little in this respect. The inauguration of the

ACTIVITY CURBED FOR TIME

Parole, at Own Request, Provides for Residence in Mendocino County 90 Days to Prevent Political Participation.

SAN RAFAEL, Cal., Aug. 23.—Abraham Ruff, once a prominent political power in San Francisco politics, was liberated from San Quentin Penitentiary today upon parole. He had served four years, five months and 15 days of a 14-year term for offering a bribe to J. J. Pury, Supervisor of San Francisco.

Motion-picture operators and newspaper men stood guard since daylight in a drizzle at the main gate. Ruff left through a side gate without receiving the attentions prepared for him.

A clause in his parole, requested by Ruff, compels him to remain in Mendocino county for 90 days so that he may not be charged with activity in San Francisco politics, where a municipal campaign is under way.

In addition to his parole term, Ruff spent three years in jail in San Francisco after indictment upon a charge of extortion in 1906, which later was quashed.

He was sentenced to 14 years' imprisonment March 7, 1911, which was reduced by good-behavior credits to four years and ten months. A previous request for parole was denied because no parole may be granted until a prisoner has served half his term.

At the railroad station here, four miles from the penitentiary, he was met by his sister, Mrs. Henrietta Sittenfeld and her daughter, Pauline, with whom he will make his home near Ukiah temporarily.

Permission to visit his aged mother, Mrs. Adele Meyer, who has been ill for two years, has been granted. Ruff is said to be 50 years old. She is more than 80 years old.

GERMANS OCCUPY STRONG POSITION IN RUSSIA.

Troops Repulse Desperate Counter-Attacks East of Bielsk, Inflicting Heavy Losses.

BERLIN, via London, Aug. 23.—German troops have occupied the fortress of Osowetz, which was evacuated by the Russians, German army headquarters announced today.

The official communication says: "On the 20th we occupied Osowetz fortress, which was evacuated by the Russians."

North and south of Tykocin successive German successes were reported. Tykocin was taken. On this occasion 1200 prisoners, including 11 officers, and 77 machine guns fell into our hands.

On both sides of Svitolow and at Pisonow, the Russian counter-attacks east of Bielsk failed, with considerable losses to the enemy, and we advanced south of this town.

The army of Prince Leopold of Bavaria has crossed the Kleszow-Leranza line and is engaged in further favorable attacks. We took 2000 prisoners and 10 machine guns were captured. An "Army of Field Marshal von Mackensen" has been captured, after fierce resistance on the front between Bielsk and the mouth of the river. An attack across the Bug above the tributary of the Pulva is making progress.

On both sides of Svitolow and at Pisonow, the Russian counter-attacks east of Bielsk failed, with considerable losses to the enemy, and we advanced south of this town.

The order leaves some intermediate points in the West with rates 35 or 35 cents a bushel, pound higher than on the full distance from California to the Atlantic seaboard.

CUT IN RATES AUTHORIZED

California-Atlantic Tariffs Are Less Than for Intermediate Points.

WASHINGTON, Aug. 23.—Because of competition in trade between the Pacific and the Atlantic Coasts through the Panama Canal, the Interstate Commerce Commission today authorized the St. Louis and the California Steamship Company to make rates between California points and the Atlantic Coast lower than those charged for intermediate points.

The order authorizes a rate of 40 cents a 100 pounds on carloads of asphaltum, beans, lentils, peas, canned goods and barley, 45 cents a 100 pounds on dried fruit in boxes and 90 cents in sacks, to Boston, Philadelphia, Baltimore and Charleston. The order meets the rates already authorized to the Southern Pacific Railroad.

KLAMATH FALLS PRAISED

California Grain Buyer Compliments Business Activity.

KLAMATH FALLS, Or., Aug. 23.—(Special.)—"Klamath Falls is the liveliest town in the West," said W. H. Cain, of Woodland, Cal., this morning. Mr. Cain represents Thomas, Stenham & Mather, grain dealers and exporters.

"There seems to be more business here than any other town of its size, and more than many of the larger places that I have been in," he said.

Mr. Cain has been here several days and has made trips out into the country in various directions from here, looking over the grain situation for the Fall. He came with the announced intention of buying, but finds he is too early yet to secure grain. He states the grain under irrigation is particularly good as compared with the crop generally, and says he will return later to buy for export.

STEFANSSON NOT SIGHTED

Cutter Bear Also Says No Word of New Jersey Has Been Received.

NOME, Alaska, Aug. 23.—The United States coast guard cutter Bear, which carried the mails to Point Barrow, the most northerly point of Alaska, returned to Nome today and reports that no word of Vilhalmur Stefansson, the explorer, and his two companions had been received.

OREGON CADETS PRAISED

Army Officers Note Improvement at Corvallis College.

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 23.—(Special.)—A letter from Brigadier-General Tasker H. Bliss, chief of staff, United States Army, at Washington, D. C., to the Oregon Agricultural College, says that the attention of Secretary Garrison has been drawn to the satisfactory improvement and steady progress of the work of the military department here. The reports were based on the latest annual inspection of the cadet regiment by Captain W. T. Merry, who has been the inspecting officer for the last three years.

The cadet regiment is ranked in the second highest class attainable by cadets of institutions other than solely military.

GOLD OUTPUT INCREASES

DIRECTOR OF MINT WOOLLEY ISSUES STATEMENT FOR 1914. Nevada and Utah Show Principal Decreases in Gold Production—Four States Show Increase.

WASHINGTON, Aug. 23.—Increased production of both gold and silver duties for the calendar year of 1914, as compared with 1913, is shown in a statement issued today by Director of the Mint Woolley.

The gold output was 4,572,976 fine ounces valued at \$4,531,800, and silver 72,455,100 fine ounces, the commercial value of which was \$4,067,700. Gold produced was greater by \$5,647,500 than in 1913, and silver was greater by 5,653,600 fine ounces or \$3,124,400.

Nevada and Utah showed the principal decreases in gold production—\$441,200 and \$193,200 respectively, while the increases were: Colorado, \$1,792,700; Alaska, \$1,347,900; California, \$1,919,000, and Montana, \$822,700.

Idaho showed the largest gain in silver with 3,096,700 fine ounces valued at \$1,712,500.

ANTI-KAMNIA TABLETS STOP The Pains of Sciatica

Dr. E. C. Underwood says that there is no expression of neuralgia which is more distressing than that known as Sciatica. The cause of this condition is usually exposure to cold and dampness. One of the most common causes is rheumatism. Indeed this is so often the cause that some writers include sciatica among the varieties of rheumatism.

The treatment includes remedies to counteract the cause of the disease, as well as measures looking to the relief of pain. Whatever treatment may be employed, two things must be borne in mind—the patient must be kept as free from pain as possible and be kept as quiet as possible. One or two Anti-Kamnia Tablets should be given every two or three hours, and the patient must be warned against going out in inclement weather.

Poslam Best FOR SUNBURN AND REDNESS

Poslam does wonders in clearing complexion overnight; soothes inflamed skin; relieves Sunburn, Ivy-Poisoning, Mosquito-Bites, taking out all soreness. The same positive healing power by which Poslam eradicates worst cases of stubborn Eczema will serve you, if you will but employ it, free of any affection or disordered condition of the skin. Minor troubles require few applications. Pimples quickly go.

Poslam Soap in the absolutely safe soap for tender, sensitive skin—a daily delight for Toilet and Bath.
