M.—Vocal solo, Miss Dorothy Lewis, Violin solo, Master Herman Keatin, Vocal solo, Fritz De Bruin, "That Better Position," M. S. Pittman, Oregon State Normal School, Monmouth, Educational address, L. R. Alderman, city superintendent of schools.

If you feel as though there were still time this summer for the indulgence of vacation frills and fancies just step into the Library Hall at the Central Library either today or tomorrow and you will find that Fall seriousness has supplanted Summer frivolity. Between 150 and 200 teachers of Multnomah County are there in session, and all the joys of vacation days become dim remembrances in contemplation of the coming term's exciting duties.

Charles Robison Gives Talk. The afternoon session was opened by vocal numbers from Fritz De Bruin and Miss Minnie Nemecovsky. Following these Charles Robison, instructor in public speaking in the Portland night schools, lectured on the "Merchant of Venice." Mr. Robison declared that if he were a school superintendent he would pick men and women as teachers "who had brains of their own and could use them," so that the beauty of Shakespeare's works could be impressed upon the mind of the student.

"Experiments in Education" Topic. B. W. DeBuck, a new professor in the department of education at the University of Oregon, closed the first afternoon session of the institute. He spoke on "Experiments in Education," discussing certain phases of experimental pedagogy. Mr. DeBuck first talked briefly of the Binet tests that reveal the relation between the physical growth and the mental development of the child.
