All work guaranteed to give satisfaction, turned out by our expert repairer. —First Floor, Sixth-St. Bldg.

### JITNEY KNOT HOLDS

Another Attempt of Council to Agree on Ordinance Fails.

#### ISSUE IS NOT YET DROPPED

Mr. Baker Favors Mayor's Proposal but Rather Than Have Deadlock Continue Announces He Will Vote for Daly's Measure.

The Council still stands deadlocked and the little jitney rambles right along.

One more attempt on the part of the Council to get together on an ordinance, regulating the new form of transportation, was unsuccessful yesterday, Mayor Albee opposing Mr. Daly's proposed ordinance and Mr. Daly opposing the people's ordinance as backed by Mayor Albee. Still another effort will be made to get somewhere on the proposition at tomorrow's meeting.

The jitney union officers, with representatives of the Central Labor Council at their side, yesterday urged against the enactment of the ordinance which was adopted by the voters in June and knocked out on a technicality in the State Supreme Court. They declared that the measure is too severe and that the people in passing it did not realize what they were doing.

Referendum Use Threatened. The assertion was even made by A. A. Thielke of the jitney union, that Mr. Daly's ordinance is objectionable to the jitney interests and that if passed the referendum will be invoked against it. The same course, he said, would be followed if the Mayor's ordinance should be passed.

The Mayor's measure provides against jitneys operating on Washington street from Third to Broadway because of traffic congestion; requires the jitney service during certain specified hours, over certain specified routes and on specified schedule; prohibits overcrowding of the cars; prevents jitneys from

leaving their routes except after running hours in which they are not required to give service over specified routes; requires interior lighting of cars at night and requires payment of a license fee. This measure was passed by the voters.

The Daly ordinance eliminates all these exactions except the license fee and the interior lighting. It retains in modified form the provision for routes but does not require a schedule nor service during specified hours. The jitney interests now insist upon the license fee being cut down and the interior lighting provision being taken out. Emergency Clause is Needed. To get anywhere the Council must pass a jitney ordinance with an emergency clause so that the referendum cannot be invoked. This takes a unanimous vote of the Council. With Mr. Daly objecting to the passage of the Mayor's ordinance and the Mayor objecting to Mr. Daly's ordinance passing, the proposition stands at a deadlock. The Mayor contends that it would be a breach of faith for the Council to pass anything but the measure passed by the people. Mr. Dieck takes the same position that this measure has not been tried out even though the people passed it by a substantial vote and after a lively campaign made by both the jitney interests and those favoring regulation. Commissioner Baker favors the Mayor's ordinance but says he will vote for Mr. Daly's measure rather than have nothing at all. Commissioner Bigelow has not made his position known.

#### CHAMBER DINNER ON BILL

Bureau of Industries Arranges for Address by George E. Hardy.

Planning to hold the first general bureau meeting since the reorganization of the new Chamber of Commerce, the bureau of industries and manufactures has arranged for the first public address of the new manager, George E. Hardy.

The occasion will be a dinner at the Chamber of Commerce in the main dining-room at 6:15 next Thursday, when the full membership is expected to assemble to hear what the bureau has accomplished and what it has in immediate prospect. Manager Hardy is to be the principal speaker. A. J. Kingsley will preside.

A special entertainment committee, headed by "Nick" Pierson, is preparing several features which will be offered to liven up the evening. Reservations are being received and indications are that the attendance will be exceptionally large.
