It insures the perfect circulation of fresh, pure, warm air, forced by proper lines of construction to every nook and corner, making the entire house comfortable. We are the oldest furnace establishment in the city, and we back the Fox with our reputation and guarantee.

WHAT'S THE USE of experimenting with cheap heaters? Buy something with a reputation. After 37 years of experimenting with all kinds of furnaces, we have found the Fox to be the most satisfactory for all kinds of heating. It will operate year in and year out with continuous satisfaction and great economy.
