CITY LABOR PLAN REVISED
 Civil Service Board Eliminates Seniority Transferring System.
 Reorganization of the system of handling city laborers so that the practice of transferring men from one department to another on the basis of

seniority in service, is discontinued, was brought about by the Municipal Civil Service Board yesterday by the adoption of a new rule.
 Heretofore, when one department finished with laborers they were transferred to another department to take places of men who had been in the service a shorter time, if there were any such.

DETENTION HOME IS ISSUE
 Mayor Will Ask Emergency Bill Carrying \$25,000 for Building.
 Whether or not Portland will build its proposed detention home for women on a site purchased recently near Troutdale will be determined this

morning when Mayor Albee asks the Council to pass an emergency ordinance authorizing the placing of advertisements for bids. The structure as proposed will cost about \$25,000.
 The Mayor brought the proposal to an issue ten days ago but it was opposed by Commissioner Bigelow, not because of opposition to the plan, but because of the city's shortage of funds during this year.

FIELD DAY PLANS MADE
 Preparations for Drill of Guard, as Labor Celebration, Go On.
 Extensive preparations are in progress for the monster military field day that will furnish competition for the members of the Oregon National Guard on

September 6, Labor day. The committees are in charge of Captain G. H. Schumacher and they are working in a manner that promises the best of entertainment for those persons who care to watch the soldiers in maneuvering on that day.
 Walls are being erected for the wall-scaling contests and hurdles are being constructed for the mounted officer races. Special trains will carry mem-

bers of the Guard and their friends and visitors to join the Guardsmen Labor day.
