

MR. McARTHUR TO WORK FOR SUFFRAGE

Oregon Representative Promises Active Support for Federal Amendment.

WOMEN ELICIT STATEMENT

Delegation Urging Cause Is Told That Personal Beliefs and Desires of Electors Dictate Favorable Action.

"Suffrage is not a matter of party politics. It is a moral and economic right. I propose to do what you want in regard to the Susan B. Anthony amendment. You can count on me not only for my vote but for my unequalled support."

This in brief was the answer Representative Clifton Nesmith McArthur made to the suffragists who waited upon him in the parlor of the Hotel Portland yesterday morning. The women in the delegation, about 100 in number, the majority dressed in white and all wearing sashes of yellow, white and purple satin and carrying banners of the same coloring, had assembled at the Congressional Union headquarters on Morrison street, and in autos had paraded the streets of the business section, attracting a great amount of attention from pedestrians and from motorists. Miss Virginia Arnold, who stood in the leading machine, directed the route of the parade, which terminated at the hotel.

Address is Dignified. Mrs. Vincent Cook was chairman of the delegation. The addresses setting forth the reasons why there should be National suffrage were given by a Federal amendment were given concisely and with dignity.

Mrs. Cook said that the message she had to give was a moral duty. She told of a conversation she had had with her Wesleyan sister, the late Mrs. J. J. Pershing, who had carried the message to Representative Phelan. Mrs. Pershing, on hearing that Mrs. Cook had declined to present the case of the Federal amendment to Mr. McArthur, told of her own experience, in which she had been urged by General Pershing to speak in favor of it. "If you believe in it, do not be a coward," the general had advised. Mrs. Cook told Representative McArthur that the Western women are not getting a woman's suffrage committee in the House at the opening of the 64th Congress, that he help get a hearing before the committee and work for a favorable report.

"We want you to take the initiative in this matter for the women of the United States as you have for the women of Oregon," concluded Mrs. Cook. Miss Gertrude Talbot told Mr. McArthur that it had taken 70 years to get suffrage for 4,000,000 women in the state-by-state method, and that rate it would be an inhuman waste of time for all the many millions more to get suffrage.

Mrs. W. J. Hawkins spoke of the Susan B. Anthony amendment as the "direct line" to enfranchisement for all the states. Mrs. William Kent, wife of the California Congressman, said that the cry of "states' rights" in this movement has no consistency in it. "We hope you will recognize that this desire for a Federal amendment is a matter of fairness and elementary justice," declared Mrs. Kent.

Miss Michel Vernon, of Delaware, spoke from the Eastern woman's standpoint. After all the argument and logic and stately feeling which had been the women for their non-enfranchisement, Mr. McArthur promised to do all in his power for the cause. He said:

"There is no excuse in question. This is a state matter, and I also know this is not a matter which should enter into party politics. It is too great an issue for party politics. It is a moral question to my mind, and should be settled without being put into party politics. This is my personal view. If I were opposed to the cause, which I am not, I would feel it my duty at the coming session of Congress to vote for it, because the business of this Congressional District, which I represent and who elected me by a majority of 17,000 in Multnomah County, wish it, and I would be fair to the people of this district if I did not support it. I included the woman suffrage question in my campaign last year. One reason that I was successful last year was, I believe, that I came out and took a stand on this. I am grateful of this opportunity and I wish you to know that your cause is going to be in safe hands. You can count me not only for my vote but for my unequalled support."

A suffrage luncheon will be held at noon today in the Hotel Portland. Mrs. Alva Lee Stephens will preside. One of the guests of honor and principal speakers will be Mrs. William Kent, of California, who came to Portland expressly to be present at yesterday's meeting with the Oregon Congressmen.

COLLISION VICTIM DIES

Injuries Fatal to One of Pair in Crash With Motorcycle Officer.

John Hollaender, 23, one of the two brothers seriously injured last Sunday morning on the Sandy Road when their motorcycle collided with that of County Traffic Officer Eugene White, died yesterday at the Multnomah hospital as a result of injuries to fractured skull and loss of blood caused his death. The body was removed to the morgue yesterday.

His brother, George, is in a critical condition at the same hospital. Officer White was not seriously injured and left the hospital Monday.

FORMER BAKER LEADING WOMAN STRIKES IN FANTASIES SKIT.

Maude Leone. Old friends met when Maude Leone, former leading woman at the Baker theater, appeared as the star in "Inside Stuff," Willard Mack's latest police play, at the Pantages this week, for there never was a more popular star than Miss Leone to appear here in road companies, stock and vaudeville.

Miss Leone was seen here with Willard Mack in "The Getaway" at Pantages a few seasons ago, before Mr. Mack rewrote his sketch and called it "Kick In," which proved to be Broadway's biggest hit last season.

Shortly after her appearance here in a special season at the Baker. V. V. Vercoe, of Sunnyside, Wash., is at the Multnomah. R. D. McPhail, of Seattle, is registered at the Imperial. Mr. and Mrs. J. TREES ON ROADS URGED

MULTNOMAH FAIR PRESIDENT ADDRESSES ROTARY CLUB.

Originator of Plan for Nursery on County Farm to Supply Highways Explains Value to City.

"I would urge upon you that one of the finest things that Portland men could do would be to encourage and aid in the selection and setting out of fine ornamental trees along all scenic roads and highways running out of Portland," said H. A. Lewis, president of the Multnomah County Fair Association, addressing the Portland Rotary Club at its luncheon at the Benson Hotel yesterday. Lewis may not come to their full beauty of growth in the near future, but in after years, when many of you are gone, if you have faithfully carried out this work, the magnificent ornamental and shade trees flanking every highway out of Portland will be such a monument to you as men from all parts of the world will give their fullest admiration.

County Commissioner Rufus E. Holman, who was chairman, incidentally gave away the fact, after the address, that this tree planting movement already had been helped greatly by the practical efforts of Mr. Lewis himself, who had assisted in working out a plan whereby a nursery might be developed on the county farm for the production of suitable trees to be set out along the roads of the county.

G. W. Stapleton, Mayor of Gresham, gave a short address on the Multnomah County Fair, September 14, urging the attendance of as large a representation of Portland citizens as possible.

Governor Withycombe, the first speaker on the programme, made a short talk on the agricultural resources of the state, in which he declared that in the near future Oregon's agricultural wealth will represent \$500,000,000 annually.

County Commissioners Lightner and Holbrook were guests at the luncheon and made short talks.

RIFLE TEAM IS SELECTED

McMinnville Militia Company Is Represented in State Match.

McMinnville, Or., Sept. 6.—(Special)—After a careful tryout on the local target range, the team to represent Company A of the Third Oregon Infantry at the state shoot, to be held at Clackamas this week, has been selected. Lieutenant L. S. Hopfield is the team captain and other members are First Sergeant Arlie H. Van Atta, Corporal Ellis Van Atta, Elmer G. Poole and Roy P. Mitchell.

The team leaves McMinnville Wednesday and will have a half day's practice at Clackamas, where it is expected to enter all contests. The team from Company A is better prepared than last year owing to the additional year's practice on the range.

Seaside School Election Permitted.

ASTORIA, Or., Sept. 7.—(Special)—Circuit Judge Eskin today dissolved the temporary injunction restraining the holding of a special election on September 9 to determine whether or not Union High School District No. 1, at Seaside, shall be dissolved. The court said there is some question as to whether the law under which the election is to be held is constitutional, but said he did not feel like forbidding the election, as the constitutionality of the act can be determined afterward.

T. R. 'GANN' RETURN

'Back-to-Party' Barrier Is In-Visible, Says Judge McGinn.

POPULARITY ON TRIP HIGH

Jurist Home From California Leads Filipino Band at Fair but Doesn't Want to Leave Oregon Again Even on a Vacation.

"Colonel Roosevelt will not go back into the Republican party," said Circuit Judge Henry E. McGinn yesterday morning when he occupied the bench again after an absence of more than two months.

"I asked him to do so. I told him I thought he belonged there and that the invisible government of the Republican party kept him out," said Judge McGinn.

When Colonel Roosevelt made his hurried Western trip in July, Judge McGinn met him in Seattle and accompanied him to San Francisco. "I had written him," said Judge McGinn. "I told him we were Republicans by tradition, that we belonged in the party and if we had any differences, they should be fought out in the party. I believed we should go after them right in the Republican primaries. But the Colonel could not countenance it. He is firm in his convictions. Just what his plans for the future are, I cannot say. Naturally he feels rather keenly the criticism he has received, but it doesn't seem to have lessened his popularity.

Amnosity for Moose Not Feit. "All the way from Seattle to San Francisco, at every town and hamlet, wherever the train stopped and where it didn't stop, crowds were out to greet him.

"Singularly, Mr. Roosevelt doesn't feel a bit of animosity toward any of the Progressives who are returning to the Republican party. "I had hoped that he would lead an attempt to read the Progressive principles into the Republican platform, but he said he would not align himself with the party because of its 'invisible government."

Judge McGinn passed two months in California after leaving Mr. Roosevelt in San Francisco, and has returned in excellent health. During the course of a conversation yesterday someone interrupted and asked:

"Is it true, Judge, that if Mr. Roosevelt is elected to the presidency again you will become Secretary of State?" Judge McGinn laughed heartily. "If you classify that by its proper name, you will call it bunk. Bunk. Just plain bunk."

Filipino Band at Fair Lauded. The most interesting thing at the exposition, said Judge McGinn, was the Filipino band.

"His leader, Phillip Navarro, I think they call him, is a wizard. They took Sousa's own music and they just played Sousa all over the lot. Sousa was there, too. Little fellows, but they brought everybody to their feet with the patriotic music. All of them are proud of being 'Americans.'

"I left Colonel Roosevelt on the ferry boat at San Francisco the day before Roosevelt day. He was there four days afterwards, and so was I, but I wouldn't be able to get near him during those four days so I bade him good-bye on the ferryboat. "I don't want to leave Oregon again, even on a vacation," continued Judge McGinn. "I realized this when I felt the cool breeze on my face and the sweltering in California—all parts of it with the exception of San Francisco."

MILLS NEAR GASTON BURN

Forest Fires, Breaking Out Again, Are Blamed for Big Loss.

GASTON, Or., Sept. 7.—(Special)—The Callahan Bros' mill in the Patton Valley district, about two miles west of Gaston, has been swept by fire. All the buildings, the dock, engine and 50,000 feet of lumber were destroyed. There is no insurance. This is a third time the mill has burned. The Cherry Grove forest fires are supposed to be responsible for the conflagration. For two or three weeks the fires in that section have been giving trouble, but last week it was thought all danger was past. With the high wind Saturday, however, the fires raged anew and getting aid from the fighters caught the mill buildings.

Soudan Grass Good Forage Crop.

GASTON, Or., Sept. 7.—(Special)—The new forage crop, Soudan grass, is a success in Washington County. W. K. Newell and V. S. Abraham have experimented with it on their farms near Gaston this summer, and pronounce it valuable. Two crops of hay can be harvested in the Willamette Valley, and the cattle eat it greedily. Mr. Newell was a fine, light-colored, eight feet tall, and he has just cut six tons to the acre. He has just cut his crop for seed and will plant the grass much more extensively next year for his herd of Holsteins.

At the last count the United States National bank notes in circulation amounted to \$718,000,000.

WARNING TO USERS OF HAIR REMOVERS

Don't Experiment With So-Called Superfluous Hair Removers.

If you use a simple toilet preparation and it proves to be worthless, you only lose money. It is a very serious matter, however, when you use a hair remover, because it will either result in permanent disfigurement or cost you many dollars and other members are possibly years to gain control of the use of such preparations. It is a waste of time to use pastes and rub-on preparations which merely remove hair from the surface, and leave it under the skin as well as on the skin. The original liquid hair remover, DeMiracle, the original liquid depilatory, can accomplish this result. Emotions of DeMiracle are as worthless as pastes and rub-on preparations because they lack certain ingredients which DeMiracle alone contains. DeMiracle gives it the power to rob hair of its vitality. DeMiracle is the only depilatory which binds and guarantees in each package which entitles you to a refund if it fails. Insist on the genuine DeMiracle and you will get the original liquid hair remover. Others are worthless imitations—refuse them. DeMiracle is sold in \$1.99 and \$2.99 bottles. The larger size is the most economical for dermatologists and large users to buy. If your dealer will not supply you, order direct from us. A true truth about the treatment of superfluous hair mailed in a sealed envelope on request. DeMiracle Chemical Company, Dept. E, Park Ave. and 129th St., New York—Adv.
