

## SECTION IS FORMED OF NATIONAL BANKS

President Law, of Convention,  
Says Financial Revision Is  
First Step to Defense.

### 'ROADS AND PEOPLE' TOPIC

Southern Pacific President Thinks  
Way to Overcome Uncertainties  
Should Be Devised—Reserve  
Act Is Called Defective.

SEATTLE, Wash., Sept. 7.—(Special.)—Comprising a membership of one-third of the total in the American Bankers' Association, a new section, covering National Banks and to be known as the National Bank section, today was formally organized at the Moore Theater.

The first meeting of the new section will be held next May. The following officers have been elected: President, Fred W. Hyde, cashier of the National Chautauqua County Bank, Jamestown, N. Y.; vice-president, J. S. Caffee, St. Louis, Mo., executive committee: J. Elwood Cox, High Point, N. C.; Oliver J. Sands, Richmond, Va.; W. H. Buchholz, Omaha, Neb.; H. E. Otis, Chicago, Ill.; J. W. Spangler, Seattle, and W. M. Van Dusen, Newark, N. J.

**Uniform Rules Advocated.**  
Uniformity in methods and rules employed by the clearing-house banks of the United States was urged by A. C. Wilson, vice-president of the State National Bank of St. Louis, and president of the clearing-house section, American Bankers' Association, in the president's address before the opening session of the clearing-house section today.

President William A. Law, of the American Bankers' Association, addressed the Washington State Bankers' convention today, saying that before this Nation can become properly prepared for successful defense, its methods of governmental expenditure must be reformed and revolutionized in order that they come abreast of the prevailing standards of business efficiency.

The savings bank section listened today to an address on "The Railroads and the People," by President William Spruille of the Southern Pacific Railroad.

**Closer Relations Suggested.**

He said:  
"It is time for the railroads and the people to take counsel together, for the uncertainty which touched the railroads first has reached to all the people. This Nation needs prosperity more than it needs anything else. No business prospers by repression. The effects and influences of government should be stimulating or they are a failure. The American people prosper together. When we prosper we are all prosperous."

Addresses on "Settlement of Clearing House Balances," by O. Howard Wolfe, assistant cashier of the Philadelphia National Bank and ex-secretary of the clearing-house section, and on "Clearing House Organizations From the

Standpoint of a Country Banker," by Ray F. McNally, cashier of the Citizens National Bank, Chillicothe, Mo., were given.

### Farm Problems to Be Considered.

This afternoon's session included an address on "Collecting Out-of-Town Checks by the Federal Reserve Banks or Country Clearing Houses or Both," by L. F. Kleesewitter, vice-president of the Ohio National Bank, of Columbus, O.; a talk by Russell Lowrey, deputy governor of the Federal Reserve Bank at San Francisco, Cal., on "Relation of the Federal Reserve to the Clearing House"; discussion on "The Clearing House Banking System," led by Breckenridge Jones, president of the Mississippi Valley Trust Company, St. Louis, and member of the St. Louis Clearing House committee of management.

One of the features of the convention of the American Bankers' Association in Seattle this week will be a session devoted to agriculture and country life, which will be held Thursday morning under the auspices of the agricultural commission of the association, just completing a year of notable achievement.

**Mr. Taft Speaks Today.**  
The sessions of the convention proper of the American Bankers' Association open tomorrow morning at the Moore Theater, continuing two days. There are indications that the state of officers will go through, and that Vice-President Lynch, of San Francisco, will be made president.

The principal speakers for tomorrow are ex-President Taft, Frederick A. Delano, vice-governor of the Federal Reserve Board; Sir Richard McBride, Premier of British Columbia, and President Law, of the association.

**500 to Attend Banquet.**  
More than 500 convention delegates, graduates of the institute and members will attend the fifth annual banquet of the Seattle Chapter, American Institute of Banking, to be given in the Rathskeller Thursday night.

William A. Peters, of Seattle, will act as toastmaster, and ex-President Taft, Henry D. Eastabrook, of New York, who is sometimes mentioned as a Republican dark-horse Presidential candidate; Robert H. Bean, National president of the institute, and William E. Know, president of the savings section of the American Bankers' Association, will speak.

### GYPSY THEFTS CHARGED

Travelers Near Quinault Report  
Loss of Belongings.

QUINULT, Or., Sept. 7.—(Special.)—After finding that his pockets had been relieved of some small change and several small packages taken from his wagon when a band of gypsies stopped him on the Pacific Highway yesterday as he was returning from Salem, Addison Page, a well-known young farmer of this section, laid the matter before Sheriff Esch, who ordered the gypsies to move out of the county. The dusky fortune tellers are said to have been stopping all who passed, and while the women attempted to tell the person's fortune, men of the party rifled wagons and autos, and when convenient the pockets of travelers.

### QUINULT HIGHWAY OPEN

Thousand Persons Attend Picnic  
and Hold Barbecue.

HOQUIAM, Wash., Sept. 7.—(Special.)—One hundred and twenty-five autos made the run to Lake Quinalt for the celebration Monday of the completion of the Quinalt station of the Olympic Highway, observed by a barbecue of an elk and a monster picnic. The auto run was the largest in the history of Grays Harbor and was not marred by a single serious accident.

About 1000 persons attended the picnic. Of the total of cars, 85 were from Hoquiam, 30 from Aberdeen and 10 from other points. It was estimated the cars carried a total of about 850 persons from the Harbor and 350 from the Quinalt district. A large number of cars marked the lake Saturday and Sunday and remained over for the picnic.

While autos have been running to Quinalt Lake most of the summer, this is the first time any considerable number have made the trip to the lake on a single day, and Monday's celebration marked the completion of a road for which the settlers have been working for 25 years. It opens up one of the best mountain resorts in the Northwest as well as a large agricultural district.

BAKER, Or., Sept. 7.—(Special.)—The People's Fair of Baker County will open tomorrow with more exhibits, a greater number of attractions and larger crowds than ever, proving that county fairs conducted by the people can be made a success.

The fair is distinctively a people's event this year, because, when County Judge J. R. Messick refused to grant any county funds, the Baker Commercial Club led a campaign for handling the fair without county aid. Nearly \$500 was subscribed and the state gave \$1200.

## CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRHAL  
DEAFNESS AND HEAD NOISES.

If you know of someone who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease is driven down the air passages towards the lungs, which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmit (double strength). Take this home and add to it 3 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmit is used in this way as it acts directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh should give this treatment a trial.

night this week. The town is crowded, and everything indicates that Dayton's first Wild West Show will be a huge success.
