COLLATERAL CHIEF ISSUE

Question Is How to Induce Citizens of Warring Nations to Part With Best Investments on Earth. Italy May Join.

NEW YORK, Sept. 10.—The members of the Anglo-French commission, seeking a way to meet the huge bills of Great Britain and France for American munitions and other supplies, reached New York today and were welcomed by J. P. Morgan, and met 100 bankers, insurance heads and leaders in other lines of finance at a reception in Mr. Morgan's library.

Italy May Be in Movement. To the previous report that the delegation probably would act for Russia, there was added tonight the intimation, on good authority, that Italy might within a few days find it expedient to request the commission to act for its government as well. Italian money is depreciated in this market to a degree unequalled by any other. At the present time it is worth approximately only three-quarters of their face. Largely because of this Italian exporters no longer, in many cases, accept their own

COLLATERAL PRESENTS OBSTACLE. Chief of the obstacles which the commission faces is the nature of the collateral. It is regarded as almost imperative that American securities be offered as collateral if the loan is to be financed largely by the National banks, as it would have to be, if of the proportions indicated. So far it was said the holders of American securities have been evinced a strong tendency to cling to their holdings as the best investment in the world today.

F-1's Tanks to Be Tested for Clow. HONOLULU, T. H., Sept. 10.—The ballast tanks of the F-1, the United States submarine which was lost outside Honolulu harbor March 25 with all on board, and which was raised and dry-docked here, are to be tested. It is believed that the tests may furnish some clue as to the failure of the diver to return to the surface.

Skamania Sends Delegations. Today was Children's day. School day and Skamania County day, quite a number coming down from that county, all wearing little tags bearing the name of the place from whence they came.

STEER IN FRONT OF GRANDSTAND

The world's record for this event was set by Scout Maish, who is one of the contestants here, at seven seconds flat. This was done at the Winnipeg Wild West show three years ago, and has never been equaled. Everything seemed to favor Maish when he made this record. His time today was 29 seconds.

PORTLAND WELCOME ARRANGED

The judging has been completed in the agriculture, horticulture, poultry, domestic arts and livestock. Mrs. Clara Lindauer, of Vancouver, who made 12 entries in canned fruits, was successful in winning 11 of them, and thereby won a special prize.

Telephone Line Work Rushed. JUNTURA, Or., Sept. 10.—(Special.)—Work on the Juntura-Burns telephone line, between Burns and Vale, is progressing rapidly. Construction work towards Vale is being rushed. When completed the line will serve the whole interior country.

HIGHWAY GETS \$30,000

COLUMBIA COUNTY ALLOTTED PORTION OF NEXT YEAR'S FUND. Completion of Rainier Stretch of Road This Year Assured—Work to Begin Immediately.

SALEM, Or., Sept. 10.—(Special.)—Action of the State Highway Commission today in allotting \$30,000 of next year's highway fund to Columbia County insures the completion this year of the Rainier stretch of the Columbia Highway. Standifer, Clark & Co., contractors, will begin the work immediately. Portland philanthropists virtually having promised to provide the money until the state money is available. County Judge Clark, of Columbia County, who made the request for the appropriation, also asked for \$25,000 more for finishing the work on the Beaver Valley stretch of the highway, but State Treasurer Kay urged against this appropriation. Governor Witby.

Why Not Get Rid of Eczema? If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. The itching stops INSTANTLY, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily and at little cost.

Prescribed by doctors for over 20 years, and sold by every druggist. For sample free, write to Dept. 1-3, Resinol, Baltimore, Md.

COMB AND SECRETARY OF STATE

Mr. Olcott thought action should be deferred upon the request for \$25,000 until the needs of Wasco County were considered. Mr. Olcott announced that the highway law provided that only the signatures of the members of the Commission to highway vouchers were necessary, but moved that they be approved by E. I. Cantine.
