

WILLOWY WOMAN IS NOW BILLOWY

Fashion Decrees Delicate Bustles and Thin and Fluffy Dresses.

STYLES OF 1880 RAIDED

Waists Tighter Than Ever, but Gowns are Fuller—Little Porte Cocheres or Awnings Stand Out at Hips. Fur Used Even on Shoes.

CHICAGO, Sept. 20.—(Special.)—From the viewpoint of mere man, who cannot fathom the reasons or sense at all, astounding facts were brought out at the opening of the annual show of the Fashion Art League of America at the Congress Hotel today.

Perhaps the most perplexing feature is that yesterday woman, lovely woman was tall, slender, willowy and svelte, and today the same woman is short and thick and billowy instead of willowy.

Fashions of 1880 Raided. "It is only a raid on the 1880 period," said Madame Alice Ripley, former presiding genius of the Fashion Art League and one of its most active members.

Waists to be Tight. "What has become of the clinging dress, the short dress, the swagger dress and all the dresses that were the rage last year?"

Everything Thin and Fluffy. A glimpse at the new dresses on beautiful living models show that everything is extremely thin and fluffy.

Also there is much fur. The fur corresponds with the color of the material and is seen at the neck, at the bottom and cuffs of the coats, around the shoe tops and around the hem of the skirt.

Also the skirts are full and a fashionable lady, dancing, say the waiters, for instance, will resemble somewhat a whirling Dervish.

MARYLAND DEAL BARED

PLEDGE BY BLAIR LEE DECLARED RESPONSIBLE FOR DEFEAT.

Promise of Sent in Senate in Return for Mayor Preston's Support Obnoxious to Democrats.

OREGONIAN NEWS BUREAU, Washington, Sept. 20.—(Special.)—Senator Blair Lee, who recently was defeated for the Democratic gubernatorial nomination in the recent Democratic primaries in Maryland, owes his defeat largely to the fact that he attempted to work an old and often effective political trick, but was found out before the primary election was held.

Lee was regarded as the favorite in the Democratic contest and betting odds all favored him. He was strong, not alone because he had a plurality of 40,000 when he was elected to the Senate over two opposing candidates, a Republican and a Progressive, but because he had the support of Mayor Preston, of Baltimore, who, it was believed, could swing Baltimore to Lee.

What killed Lee was the fact that he had made a deal with Mayor Preston, under which, if elected Governor, he was to appoint Preston to the United States Senate. Unfortunately for Lee and Preston, news of the deal leaked out and the Maryland Democrats, resenting any such plan to fill two offices at one time, rose up in their might and defeated Lee, at the same time putting a crimp in Preston's chances of becoming Senator later on.

SCHOOL FAIR SUCCESS

HOOD RIVER INDUSTRIAL EXHIBIT ABOVE AVERAGE.

Children Display Real Interest and Result is Showing of Products Amazing to Their Elders.

HOOD RIVER, Or., Sept. 20.—(Special.)—In interest shown by the school children of the entire county and in the increased numbers of the entries the Fourth Annual Industrial School Fair held here at Library Hall Saturday was the best since the custom was inaugurated in 1912.

Tables in the assembly hall of the Library Building were piled high with exhibits of corn, vegetables, potatoes, melons and cookery. Banks of flowers, brilliant asters and dahlias, were shown by the young gardeners.

Parents of the young exhibitors, pride in their youngsters beaming in their happy smiles, were present from all parts of the valley. Entire families were here. More babies were never before seen in the city, and it has been suggested that the day be made complete next year with an old-fashioned baby show.

Judges of the children's exhibits were: Miss Helen Cowgill, of the Oregon Agricultural College, canned fruit and cooking; Miss Alice Horning, head of the department of domestic science of the local high school, sewing; J. H. Kobers, vegetables; Mrs. C. D. Thompson, flowers; and J. R. Nickelsen, poultry.

The contestants were divided into two classes—Class A, including all 12 years of age or older; Class B, all under 12 years.

RADIUM MINING SIMPLIFIED

Reduction of Refining Cost Is Aid to American Output.

SAN FRANCISCO, Sept. 20.—Van H. Manning, Director of the United States Bureau of Mines, speaking at the opening session of the American Mining Congress here today, detailed the discovery, by his bureau, of the new radium-refining process, which reduces the cost of refining two-thirds.

Dr. George Otis Smith, Director of the United States Geological Survey and Carl Scholz, president of the congress, made addresses today. Mr. Scholz deplored the publication of the report of the Commission on Industrial Relations.

The Mining Congress will occupy three days. Delegates from all parts of the United States are in attendance.

HISTORIC HOTEL IS SOLD

Continental at Philadelphia Goes Under Sheriff's Hammer.

PHILADELPHIA, Sept. 20.—The Continental Hotel, one of the oldest and among the most famous hotels of the country in Civil War days, was sold by the Sheriff today to an attorney representing undisclosed interests.

Manager Brothers, of New York, who retained the hotel under the name of the Bell Hotel Corporation, leased the property last year for 21 years. At that time, foreclosure proceedings had been instituted by the holders of a mortgage amounting to more than \$1,000,000.

Many noted guests, including President Grant and the Prince of Wales, made the Continental their headquarters while visiting Philadelphia in years gone by.

PROJECT COST INCREASED

\$12.50 an Acre Added for Drainage of Klamath Irrigation Fields.

OREGONIAN NEWS BUREAU, Washington, Sept. 20.—To build new drainage works on the Klamath irrigation project, the Secretary of the Interior has added \$12.50 an acre to the cost of that project, with the consent of the majority of water users.

Those involuntarily subscribing to this increase will meet the additional payment under the reclamation extension act. Those who did not subscribe will have \$12.50 an acre added to their annual operation payments for a period of ten years beginning March, 1917.

EX-PRESIDENT TAFT RESTS

Vacation to Be Given Over to Golf and Deep-Sea Fishing.

SAN DIEGO, Cal., Sept. 20.—Ex-President William Howard Taft, who has been in California for two weeks, returned to San Diego today for a vacation of eight days. He is accompanied by Mrs. Taft and their daughter Helen.

The ex-President will pass his vacation playing golf and motoring in the mountains. He also has expressed a desire to try his luck at deep sea fishing. During his stay here it is probable that he will speak again at the Panama-California Exposition.

DUTCH BUY 20 WARPLANES

Tests of First Six So Satisfactory Others Are Ordered.

NEW YORK, Sept. 20.—Twenty American warplanes have just been ordered by the Dutch government, according to a telegram received from Los Angeles by the Aero Club of America.

The first order for six warplanes was placed by the Dutch government two months ago with the Glenn L. Martin Company, of Los Angeles. Captain Vischer and Lieutenant Ter Poorten, of the Dutch flying corps, were sent to Los Angeles to put the machines through their tests.

The tests were so satisfactory that an order for 20 machines was placed immediately.

Children Display Real Interest and Result is Showing of Products Amazing to Their Elders.

HOOD RIVER, Or., Sept. 20.—(Special.)—In interest shown by the school children of the entire county and in the increased numbers of the entries the Fourth Annual Industrial School Fair held here at Library Hall Saturday was the best since the custom was inaugurated in 1912.

C. B. a la Spirite Corsets

Just a Little Bit in Advance

—Why is it that women who are accustomed to wear the C. B. a la Spirite Corset are actually noticeable above the average run of well-dressed women for their smartness?

—It is because the C. B. Corset always keeps just a trifle in advance of the prevailing fashion. Not far enough to be extreme, but just far enough to be distinctive—to make the newest gowns display themselves to the fullest advantage, instead of losing effectiveness, as an ordinary corset can make them do.

—These newest Fall models produce that slight curve-in at the waistline that is so much in vogue this season, and still does not injure the figure in the slightest.

—No matter what your type of figure, there is a C. B. model which will train it into lines of smartest elegance. See the new Fall models here today.

—The standard everywhere for the woman of fashion.

WOMAN IS DRIVING

Driving of Ambulance in War Becomes Too Tame.

HEAVIER DUTY IS SOUGHT

Mrs. Bartlett Boder, After Thrilling Experiences at Front, Says She Can Handle Truck as Well as Any Tommy.

NEW YORK, Sept. 14.—Mrs. Bartlett Boder, one of the first women to drive an ambulance in the European war, has arrived in New York on a vacation, after a thrilling year spent at the front in France.

"Ambulance driving has its compensations," she said today. "It is hard work and it is often dangerous, but there is a splendid sense that one is doing something—and who wants to be doing something in tremendous times like these?"

"However, I feel that I have been graduated, as it were. I am going back before Christmas and I am going to try to get a big supply truck to drive. These trucks carry provisions to the men at the front. I can handle one as well as any Tommy, I feel sure."

Mrs. Boder formerly was a singer of prominence. She has been driving out of the hospital bases of Roven and Bologna, and brings back with her the stories of many daring adventures and hair-breadth escapes.

SEPARATE TRIAL IS ASKED

Defendant Objects to Being Arraigned With Road's ex-Counsel.

NEW YORK, Sept. 20.—Charles F. Brooker, one of the defendants in the Government suit against the New York, New Haven & Hartford Railroad Company, today asked Federal Judge William H. Hunt for a separate trial.

Brooker gave as a reason that he did not want to be arraigned with Edward D. Robbins, former counsel of the New Haven road, alleged to have sanctioned the acquisition of the subsidiaries which has created the alleged monopoly denounced by the indictment.

Three Postoffices to Advance.

OREGONIAN NEWS BUREAU, Washington, Sept. 20.—The following post-offices will advance October 1 from fourth class to presidential grade, due to an increase in postal receipts: Oregon, Myrtle Creek, Washington, Coulee City, Myrtle and Tonasket.

VILLA PLEDGES AID

Protection of Americans in Mexico Is Promised.

NO REPRISALS IN STORE

General Sends Word That He Regrets Action in Ordering Consuls Out of Territory Controlled by Him, but Offers to Help.

WASHINGTON, Sept. 20.—General Villa today authorized his Washington agent, Enrique C. Lorente, to issue a statement promising protection to Americans and other foreigners in Mexican territory controlled by him.

"General Villa wishes to state emphatically," Mr. Lorente said, "that while he regrets measures taken by the United States and Great Britain in ordering consuls and nationals out of territory controlled by the convention government in the northern part of the Republic, he will take special pains to care for the lives and property of all Americans and other foreigners who, by special circumstance, have not yet been able to comply with the advice of their governments."

"It is considered opportune at this time to state furthermore that the army under General Villa's command is capable of maintaining order in the territory it controls and that even in case of actual fighting in that territory between the two factions there will be no danger to peaceful inhabitants."

Advices to the State Department received today said the evacuation of Torreón by the Villa forces was proceeding and was expected to be completed yesterday, September 19. A number of Americans who did not accompany the American consular officer from Durango several days ago were said to have left later overland for Torreón.

DEAD FROM F-4 ARRIVE

Four Identified Bodies to Be Sent to Homes; Others Go to Arlington.

SAN FRANCISCO, Sept. 20.—The eight flag-draped caskets containing the dead of the F-4, which arrived here today aboard the United States steamer Supply, will be shipped away tomorrow. The four identified bodies to their homes, the fragmentary remains of 12 bodies to Arlington National Cemetery at Arlington, Va.

There was no ceremony, only the bearing of the heads of the few scattered about the United States transport docks.

The funeral ship, remaining out in the stream for four hours, docked late with the turn of the tide.

Belgian Accepts Post

Professor Van Den Ven Will Lecture at Princeton.

PRINCETON, N. J., Sept. 20.—It was announced today that Professor P. Van Den Ven, formerly of the University of Louvain, Belgium, had accepted an invitation to become the Spencer Trask lecturer at Princeton University for the coming year. He will give graduate courses in Byzantine history and art.

Professor Van Den Ven was a refugee from Louvain at the outbreak of the war and, after reaching England, became a member of the faculty at Cambridge. He recently came to this country.

ROAD BARRED; SUIT FILED

Rancher Accused in Action of Felling Trees Before Auto.

HOOD RIVER, Or., Sept. 20.—(Special.)—Alleging that George F. Fry, manager of El Corregidor Ranch, felled trees across a road in front of his machine and blocked the highway, Fred Howe, a garage man, has brought suit for \$500 against Mr. Fry and Colonel N. F. Tucker, owner of the property.

Mr. Howe says the trouble arose when he started for the G. M. Kirkpatrick ranch on the road through the Tucker property. The Tucker interests, according to Mr. Howe, are disputing with Mr. Kirkpatrick over the right to a spring. The car was allowed to enter but had to be abandoned on the return, the complaint asserts.
