TODAY'S BEAUTY NEW YORK, Sept. 20 .- The 730 strik-SUGGESTIONS

Face powder simply covers up an inattractive complexion and leaves no lasting benefits. Those who have tried a simple spurmax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and elvety. This lotion is made by dissolving four ounces of spurmax in onehalf pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent, healthy, youthful appearance.

An especially fine shampoo for this veather can be had at trifling expense by dissolving a tenspoonful of canthrox in a cup of hot water. Pour slowly on the scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure .-- Adv.
