PRETTY BRIDE WHOSE WEDDING WAS A SIMPLE CHURCH AFFAIR OF LAST NIGHT.

HONORING Miss Gwendolyn Tripp, a charming Salt Lake City belle, Mrs. Alma D. Katz entertained yesterday with a pretty tea. The Katz residence on Willamette Heights was decked with brilliant-hued garden flowers artistically arranged in baskets and standards. The hostess was assisted by Mrs. Oscar R. Menefee, Mrs. Joseph Bilderbach and Miss Isabella Gauld.

Miss Tripp will pass several months with her uncle and aunt, Mr. and Mrs. Katz, and will be the inspiration for numerous charming social functions.

Mr. and Mrs. Harold Sawyer and their sister and house guest, Miss Katherine Koch, were dinner guests of Dr. and Mrs. J. F. Dickson last night. Leland Smith also shared the hosts' hospitality.

This evening Mr. and Mrs. Sawyer will preside at a dinner honoring their sister.

Mrs. J. O. Murphy entertained yesterday at luncheon and with an informal tea later in the afternoon honoring the much-feted Miss Viola Baranovich. A dozen of the bride-elect's close friends were asked for luncheon, the table being adorned with a luscious and artistic Colonial bouquet of purple and yellow flowers, little nosegays of the same old-fashioned flowers marking covers for Miss Baranovich, Mrs. H. J. Keeney, Miss Lillian Moran, Miss Sara Lairick, Misses Mary and Harriet Kern, Mrs. Thomas R. Conlon, Mrs. J. J. Valentine, Mrs. E. W. Matton, Mrs. Vancouver, B. C.; Mrs. Owen Summers, Mrs. Harry Humphrey and the hostess. From 4 to 6 o'clock Mrs. Humphrey was hostess for an informal tea, the guests again including only the close friends of the bride-elect, Mrs. J. C. English presiding table, and the hostess was assisted in receiving by her daughter-in-law, Mrs. Harry Humphrey (Josephine Cronan).

Mrs. J. C. English will compliment Miss Baranovich this afternoon with a bride tea.

The regular monthly meeting and luncheon will be held Saturday at Hotel Benson at 12 o'clock.

Miss Marie Dooley returned from a four months' visit in Salt Lake City and San Francisco.

Invitations have been received by Portland society for the wedding of Miss Mary Ruth Kiernan and Dr. Thomas Martin Joyce, which will take place on Tuesday, October 5, at 7:30 A. M. in St. Lawrence Church. The young people will take an extended wedding trip until about the first of the year.

Delightful in every detail was the at-home given Tuesday evening for Miss Jean Dunbar by Mrs. E. R. Rogers and her sister, Mrs. May Trimble, in their beautiful King's Heights home. Miss Dunbar, accompanied by her mother, Mrs. James S. Dunbar, leaves Sunday evening for Bismarck, N. D., where her marriage to Harold Ames McIntyre will take place on Wednesday, September 23.

Miss Marguerite Thompson is making an extensive visit in San Francisco as the guest of her aunt, Mrs. H. J. Lawler, and is being delightfully entertained with motor trips, etc., having just returned from a trip through the Yosemite Park and other points of interest. Miss Rita Vranizan, who is president of the Delta Gamma Chapter of the Phi Alpha Kappa sorority, and a cousin of Miss Thompson, has given general normal affairs in honor of the visitor, and is planning a large party for the end of September.

Miss Elsie Hollan, of Portland, who has been visiting in Seattle for two weeks, returned home Sunday.

Mrs. Charles Skewes left for San Francisco on the steamer Great Northern to pass four or five weeks at the Exposition. Mrs. Skewes is accompanied by her brother, Louis P. Millman.

St. Patrick's church announces its first party of the season on Wednesday, September 29. Everybody welcome.

Mrs. Nathan Harris returned a few days ago from her summer home in Ocean Park.

Congratulations are being showered upon Mrs. C. L. McKenna on the arrival of a son, born Thursday, September 16.

On Tuesday evening Miss Rose Nisbet presided at a dinner party on the occasion of her birthday at the home of Mr. and Mrs. Royce E. McCann. The guests were the Misses Edith E. Munn, recently from Boston, Mass.; E. Leota Dooley, of Bartlesville, Okla.; Axelyn Carlson, of St. Paul, Minn.; S. Margaret Baker, of St. Helena; M. Irene Simpson and Edythe M. Rubie.

At St. Mark's Church at 8:30 o'clock last night, pretty Miss Annett Florence Erickson became the bride of Dr. Burlington Earl Smith. The ceremony was solemnized by Rev. John H. Simpson, and the impressive high Episcopal service was used. Archibald Wright played the wedding march.

Owing to a recent bereavement in the Smith family the original wedding plans were changed, and it was simple, only relatives and closest friends attending. The bride, who is an unusually pretty blonde, was charming in a quaint Josephine gown with white satin, with full court train, with high waistline, and little puffed net sleeves. Her veil was wreathed with orange blossoms and her bouquet was a shower of bride roses and lilies of the valley.

Mrs. Joseph Dorney was the only attendant, the bridegroom being unattended. Mrs. Dorney wore a white crepe de chine gown, trimmed with lace, and she carried a bouquet of Cecil Bruner roses.

Dr. and Mrs. Smith left immediately for a wedding trip by motor, and upon their return they will be at home to their friends in their new home overlooking the river at 419 Larrabee street.

Dr. Smith is the son of the late Joseph Smith, well-known in this city.

The bride has been making her home with Mrs. George H. Pfeffer and relatives here for some time, and she is a niece of Peter Erickson, prominent lumberman of Aberdeen.

Mrs. Burlington Earl Smith, (Annett Florence Erickson)

Washington, D. C., will deliver an address entitled "How to Employ the Spare Time of Children." It is hoped that every member will attend and a cordial invitation is extended to all parents to be present. The first regular meeting of the circle will be held on Wednesday, October 13, at which time the parents of every child in the school are urged to attend and to join the association.

Mrs. C. Hawley Wilson, of Sydney, Australia, was one of the speakers who addressed Senator Chamberlain on Tuesday. The senator, who is president of the Congressional Union waited upon the Senator in his offices in the Chamber of Commerce Building. Mrs. Wilson spoke on "State's Rights as Opposed to Human Rights."

Under the auspices of the Woman's Society of the White Temple, an interesting entertainment at which a "real princess" will appear is scheduled for Tuesday, September 28. "Under the Syrian Stars," a dramatic recital, will be given by Princess Ralio Haldor, who will be assisted by a cultured quartet. The entertainment will be held in the auditorium of the White Temple. This unique program doubtless will attract a large audience, as much interest is shown in the princess and her work.

Members of the Portland Psychology Club will assemble today in room H, Public Library, for a general meeting of the organization. The year books will be distributed.

The Delphin Players' Club will meet for room 1324 Northwestern Bank Building. Mrs. Adeline M. Alvord will give a talk on dramatic expression.

The regular monthly luncheon of the Portland Chapters of the P. E. O. Sisterhood will be held Friday at 12:30 o'clock in the tea room of Oida, Wortman & King. All P. E. O. members are welcome.

The Carriental Club met at the home of Miss Faye Killingsworth on Tuesday and after a most delicious luncheon the following programme was carried out: A paper on "The Downfall of Egypt," by Mrs. Margaret Hollister, and a paper, "Present Day Egypt," by Mrs. Dora Flegel, a reading by Miss Nina Killingsworth and vocal solos by Miss Faye Killingsworth.

The first meeting for the Fall of the Woman's Department of the Rose City Park Club will be held on Friday in the clubhouse parlors. The women are to discuss many plans for social affairs for the winter season. The officers are: Mrs. O. G. Hughson, president; Mrs. Max Sims, vice-president; Mrs. W. P. Richardson, secretary; Mrs. R. E. Swesey, treasurer; executive committee, Mrs. E. H. Carlton, Mrs. L. J. Sader and Mrs. Phil Everett Jones.

Miss Eleanor Rowland will be at home Friday afternoon for the students of Reed College. The affair will be given in house C, on the Campus.

Miss Robin Whyte, a former Portland girl who has been visiting relatives in Kansas City for the last six months, is spending a few days in Portland en route to California.

Mrs. Georgia Trimble presided at the meeting of Central W. C. T. U. yesterday. Mrs. C. A. Ponnay, Mrs. Gregg and Mrs. Trimble gave readings. Mrs. Mary Mallett spoke on "Medical Temperance."

The Multnomah County W. C. T. U. convention will be held on Saturday in Central Methodist Church, Fargo street and Vancouver avenue. It will be an all-day session beginning at 9:30 o'clock.

Kenton Parent-Teacher Association has arranged for a get-acquainted

meeting and social to be held tonight. All parents of the district are invited.

The Sunday School Workers' Union will meet today at 3 o'clock at the Library. Miss Olive Clark, state elementary superintendent, will give an outline of the work for the Junior department for the coming year. Mrs. L. A. Dannenbauer will give a demonstration on how to make the paper pulp map. Map songs and the Bible also will be features of the programme. All Sunday school workers are invited to this meeting.

BANKS, Or., Sept. 9.—Can you give directions for sugar-curing hams and bacon? If so, it will be greatly appreciated. Please answer in the Daily Oregonian. E. M.

THE following is a standard English method for curing hams and bacon. Sugar-cured hams: Rub the fleshy parts thoroughly, every day, with fine table salt and hang them up for three or four days where they can drain. On the fourth day rub into the hams a mixture of one pound common salt, one pound bay salt, four ounces saltpeter, one and one-half pound brown sugar. Lay the hams on a board or snaf, rind side down, and each day apply to the fleshy side, with a soft brush, a coating of equal parts molasses and brown sugar. At the end of two weeks smoke with hickory wood or corn cobs.

To cure bacon: Rub the sides of bacon with a mixture of equal parts common salt, brown sugar and saltpeter. Lay on slats or draining boards to drain for 48 hours, turning frequently. Then lay them in a deep pan and cover with the same mixture. Turn and rub in the pickle twice a day for a week to ten days, according to thickness. Let stand in the pickle three weeks in all, basting frequently with a wooden spoon. Then remove and smoke like hams.

The following is a Southern method: Let the hams lie in dry salt four weeks after killing. Hang in the smokehouse and smoke to a pretty light brown. Then mix equal parts molasses and sugar with one ounce red pepper and three ounces black pepper to one quart each sugar and molasses. Rub thoroughly into the hams. Hang up in strong paper sacks, hock down, ready for use in eight or ten months.

Sugar-cured hams, No. 3: Mix one and one-half ounces saltpeter, one ounce black pepper, five ounces sugar, one quart salt and just enough water to dissolve the mixture. Rub thoroughly into the meat, working it well around the bone. Lay them fleshy side up and rub every day for ten days or two weeks according to size, then smoke with hickory wood.

Sugar-cured hams, No. 4: Mix one pound bay salt, three ounces saltpeter, four ounces common salt and five ounces brown sugar. Rub into the fleshy side. Lay on boards, rubbing and turning every day for seven to ten days. Afterwards let stand for a month in the pickle, basting daily with a wooden spoon. Hang up to dry two or three days, then smoke.

To smoke hams or bacon: Hang them up to drain after curing, after removing from the pickle. Wipe with a clean cloth and rub in a mixture of equal parts of cayenne and black pepper, especially around the hock. This is to keep off insects. Sew up in cheese cloth bags, to preserve from rot, and hang in the smokehouse or under a barrel supported on bricks. Chips or sawdust from hickory or beech wood or corn cobs may be used. After smoking, keep the fire smoldering by sprinkling with water to prevent a blaze. Keep up the smoking from ten hours to three weeks, according to the thickness of the meat and the quality desired. When hams are properly smoked, the pyroigneous acid from the smoke slowly permeates the meat and gives flavor and keeping qualities. Quick smoking merely coats the outside of the ham and does not penetrate the fibre.

Imitation of smoking is made by immersing the ham in very dilute pyroigneous acid for two to three hours, or by giving it several coatings of the acid with a brush. This tends to harden and toughen the meat and is not to be recommended. The pyroigneous acid is sold under several

names, such as "Liquid Smoke," or "Smokene."

To store: On taking from the smoke-house plunge into boiling water for two or three minutes. Dry and coat with a cooked flour paste, in which cayenne pepper is mixed. When dry sew up in coarse cloth and coat with shellac. Or tie up in paper flour sacks. Tie the mouth closely and coat any possible crevices with pyroigneous acid. Hang in a cool, dark, well-ventilated place.

And then the measure went over for two weeks.

PLUMBER'S LICENSE IS \$12
City Will Require \$2000 Bond to Protect Street Paving.

Twelve dollars a year was yesterday decided upon by the Council as the license fee for contracting plumbers, and \$2000 was decided upon as the amount of the surety bond to be required of each contractor to protect the city in cases of torn-up streets and sidewalks. With these amounts decided upon, the proposed new plumbing license ordinance was passed to third reading by the Council.

The measure requires that before any person, firm or corporation engages in the plumbing business, a license must be obtained by making application and paying \$12 a year and furnishing the \$2000 surety bond. The measure is aimed to oust unreliable or "carpetbag" plumbers who are reported to be doing inferior work and resorting to dishonest business methods.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the "Invalids' Home and Surgical Institute, Buffalo, N. Y." Send him 10 cents for sample package of his new discovery—"An-uric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless, and is endowed with other properties. For it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than Hlib, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure.

"An-uric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "An-uric" put up by Dr. Pierce, in 50-cent packages.
