

United States Senator Clark, of Wyom-ing. and Frank H. Short, of California. Before they came up for final pass-age, the conference defeated by the same vote, 28 to 7, the substitution of Senator Walsh's minority report. This resolution also was published in The Oregonian of yesterday. A second motion by Senator Walsh, entertained by unanimous consent of the delegates, to substitute for the resolutions the preamble of his resolu-tion, to the effect that power sites should be leased under Federal con-trol for 50-year periods, also was voted

tion, to the ensed under Federal con-trol for 50-year periods, also was voted down by the same vote.

# 50-Year Lease, Proposed.

This preamble was as follows: "It is the opinion of this Congress that no subject likely to engage the attention of the National Legislature at its ensuing session transcends in im-portance that which will deal with the disposition of power sites and the set of the set." disposition of power sites on the pub-lic domain. Development is retarded, if not wholly interrupted, because capi-tal does not find in the existing law the security to which it is entitled

the does not hind in the existing law the security to which it is entitled. "An act framed upon the following principle would, in the judgment of this Congress, prove inviting to in-vestors, safeguard the public interests and be generally acceptable to the peo-ple of the states directly interested. namely: namely:
