WOMEN'S CLUBS

AT THE first meeting for the season of the Portland Woman's Club, the delegates elected for the state convention to be held in Salem October 25 to 28.

Chapter F. P. E. O. Sisterhood, has issued an attractive year book in ivory and gold coloring.

Several of the state societies have volunteered to assist in entertaining the National Woman's Christian Temperance Union officers and delegates to the convention, who will be here on October 8 and will be the guests of the Chamber of Commerce and Portland Woman's Christian Temperance Union.

Mrs. G. S. Botstord

who will come by special train. They will be en route to the National convention to be held in Seattle. To provide entertainment at the banquet that will be held at 6:30 o'clock, the state societies are invited to co-operate and entertain delegations from their various states.

A campaign to secure a suffrage plank in the platforms of the two great political parties is announced by the National American Woman Suffrage Association and it will be definitely opened in November, when suffrage conventions will be held simultaneously in the Congressional districts all over the country under the programme recently outlined by Mrs. Medill McCormick, chairman of the National Congressional committee of the National American Woman Suffrage Association.

As a large number of anonymous letters maligning Mrs. A. Evans, president of the Oregon Federation of Women's Clubs, recently have been sent out to presidents and members of clubs throughout the state, the executive board of the Portland Woman's Club at its meeting this week decided to take action.

Attention was given to the first set of unsigned letters, but when others made their appearance, the Portland Woman's Club officers thought that, to those in other parts of the state who did not know Mrs. Evans as well as they did, some testimonial was due from the women who have to come in close touch with her.

The resolution follows: Resolved, That the corresponding secretary, Mrs. A. Evans, be instructed to write to Mrs. Sarah A. Evans a letter voicing the club's disapproval and a condemnation of such disgraceful procedure, also to explain to her in the charter members of the club, a past-president of exceptional attainment, still with us, an esteemed and well-loved member, who, in her career as state president, has led us from state to state, and who, in her own person and regret that the title "Club Member" has been used for such base and degrading purposes.

It is signed by the executive board of the Woman's Club, Mrs. G. J. Frankel, president; Mrs. J. A. Pettit, corresponding secretary.

CROWDS TO HEAR FLYNN

MAN AND WIFE SHOW HOW BODY IS USED AS APPARATUS.

Eleventh-Street Playhouse Will be Dark Tonight, but Tomorrow's Lecture Will Be on "Crime."

FLYNNISMS ON CHILDREN ARE PITTY. There isn't any such thing as a tired child unless he is sick.

Every child should have his eyes examined frequently. Compel the child to eat what he does not want and you put poison in his stomach and make him ill.

If the state would spend some of the money it now spends in the reformatories for scientific investigation of the eyes of children, especially the poorer classes, in a few years' time reformatories would be less necessary, if not unnecessary.

Boys and girls, the first thing when you get up in the morning take a towel or stiff brush and rub over the whole body as hard as you can.

That everybody in Portland is getting excited over the Flynn health lectures at the Eleventh-Street Theater is becoming more manifest every day.

The theater is crowded nightly, hundreds are unable to gain admission and it is the main topic of discussion you hear on the streets today. He had the biggest crowds ever in the Eleventh-Street playhouse last night.

Mrs. Flynn assisted him last night and they gave the greatest demonstration ever seen in this city, on using the human body as apparatus, giving all the latest scientific exercises for the vital organs.

He showed last night how he maintains his endurance and how he won the world's endurance test. He says that everyone can increase their endurance.

Good Things in the Market

Peaches and grapes are still a very fine display, but apples, with three times more "staying" quality, are coming in constantly increasing volume and variety.

Some of the apples are almost local, which adds greatly to their interest. There are pippins from Fairview, that for eating are delicious, at four pounds for 10 cents.

The newcomer in pears is the Fall Butter at 15 cents a dozen. Very fine Bartlett at 10 and 20 cents a dozen.

Small peaches are coming in three pounds for a quarter, and large green canning stock at 2 cents a pound for 10 cents.

Quinces are 5 cents a pound, and those who know preserving as a fine art declare that a combination of pear and quince is really very fine.

Another aid to pickling which has just come on the scene for this season is green ginger root from China at 20 cents a pound, which imparts a fine aroma to pickled pears.

The Carroll Market has an inviting display of Orange cling and Muir peaches grown at The Dalles. Both varieties are 10 cents a dozen and 15 cents a basket.

The Orange clings, according to size, are 50, 55 and 60 cents a box, and the Muirs 25, 40, 45 and 50 cents.

From Yakima, Wash., come some select clingstone Crawford's at 30 cents a box.

Large Orange clings are quoted 15 cents a dozen.

Concord grapes grown in our own state, appear to be the most abundant and are selling at 5 cents a pound, 20 and 25 cents a basket.

Sweet Malaga and Tokay are each 45 cents a basket, and an attractive consignment of green sweet-water grapes, from Forest Grove, are 4 cents a pound, or 50 cents a box of 20 pounds.

Among small fruits are strawberries, 15 cents a box; blackberries, two boxes for the same price; cranberries, 15 cents a pound, and huckleberries, 10 cents a pound.

Hungarian, Italian and Petite prunes are 15 and 20 cents a dozen, and blue damson plums four pounds for 15 cents. Cantaloupes are 5 cents each, Rocky Ford melons 10 cents and Orange melons two for a quarter. Casava, 25 cents each, watermelon 1 1/2 cents a pound, and little cantaloupes 3 cent each.

Banana 15 and 20 cents a dozen, small sweet oranges six for a quarter. Lemons range from two dozen for 15 cents to 25 cents a dozen.

Beet 15 and 20 cents a dozen, pineapples 10 to 25 cents each. One of the surprises of a visit to the markets was to light on a basket of large, well-developed green figs, grown in this city. They are offered at 25 cents a dozen and certainly reflect credit on the grower.

Black figs from California 20 cents a dozen. There are several new arrivals in the vegetable market—Brussels sprouts at 12 1/2 and 15 cents a pound; artichokes 10 cents each, and three for a quarter. Cauliflower 20 cents each, and Italian pumpkin (green in color and about the size of an orange). These "pumpkins," cut lengthwise, coated with butter and fried in olive oil, are said to be "high-placed at feast" with our Italian friends.

The Albanians are half-civilized mountaineers, and give in perpetual anarchy, every village being at war with its neighbor, even the several quarters of the same town carrying on mutual hostilities. Many of them serve as mercenaries in other countries and form the best soldiers of the Turkish army.

Easy Way to Get Rid of Itching

Don't worry any more about that itching skin-trouble. Just get a jar of resinol ointment and a cake of resinol soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment and the skin soon becomes clear and healthy again. For trial free, write to Dept. 5-R, Resinol, Baltimore, Md.
