# ALLIESARESTOPPED, REPORTS GERMANY

British and French Losses Are Put High-More Than 6000 Captured.

### 5 AEROPLANES SHOT DOWN

Other Aviators Drop Bombs on Peronne, Killing Women and Children-Offensive on Western Front Admittedly Fierce.

BERLIN, via London, Sept. 27 .- The German War Office announced today that the new offensive movement in the neighborhood of Lille, Northern France, had been brought to a standstill by fierce German counter-at-

The British ettack in other sectors also is said to have broken down, with heavy losses to the attacking forces. The War Office asserts that the French offensive has made no further progress between Rheims and the Argonne.
The statement follows:

'Quiet reigned on the coast. Only a few shots were fired on the environs of Middelkerke by vessels of the enemy which were lying in the far distance, and these were without re-

British Losses Heavy. "Southwest of Lille the great enemy offensive has been brought to a standstill by a counter-attack. Fierce sepa-rate attacks by the enemy north and south of Loos broke down, with heavy

losses to the British. In the region of Souches, also, and on both sides of Arras all attacks were repulsed with sanguinary losses. "The number of prisoners has been increased to 25 officers and 2600 men. The beety in machine guns has been increased to 14.

"The French offensive between Rheims and the Argonne has made no further progress. All attacks of the enemy, which were fierce, especially on the Somme road, well north of Beausefour, and at Fermemasigs and east of the Aisne, falled with heavy losses to the enemy. The number of prisoners taken there has been increased to more than 40 officers and 3900 men.

Five Allied Planes Shot Down.

tles northeast of Ypres, southwest of Lille and in Champagne.

"Two more enemy flying machines were brought down southwest of Lille, and in Champagne aviators of the enemy dropped bombs on the Town of Peronne, where two women and two children were killed and many other inhabitants were wounded seriously."

ASPHYXIATING GAS REPORTED ON SANT' ANNA.

Forty Persons Overcome During Fire on Ship Conveying Reservists. but No Denths Result

NAPLES, via Paris, Sept. 27.—Captain Pavy, commander of the Fabre line steamship Sant' Anna, has made the following statement to the authorities extensive flanking operation from the regarding the fire of the cargo while on way from New York to Italy, which obliged the vessel to put in at the Azores.

"At 7 o'clock at night Italian reserv-

At 7 o'clock at night Italian reservists were playing cards over hatch No. 2 when an explosion occurred. Immediately afterward the quarters of the reservists and adjoining comparts ments, as well as the passageway, were affected by smoke or vapor, which is descriped in affidavits made by the reservists as asphyrights made for the passageway.

Stubbern Battle Raging.

East if Vilpa stubborn battles are raging in the region of Vileika, where by the reservists as asphysiating gas.

"The captain immediately sent out 8. O. S. calls and ordered the lifebeats made ready for all passengers. In a subsequent inspection he found that 40 persons had been overcome by the former of the control o

gas fumes. They were soon revived. He gave orders for getting the fire under control, and sent officers among the reservists, who urged them to behave like Italian soldiers in the face of danger as they must be relied on to preserve order.
"Shortly a second outburst of smoke

fire started, and it is remarkable that not a single life was lost or a person injured among the 500 transferred to

Later many, vessels answered the wireless call, but were informed that assistance was no longer required. The discipline among the passengers was excellent considering the heavy sea." Captain Pavy has in his possession 18 pieces of fuse, which were found after the fire was extinguished. It has been impossible up to the present to inspect the cargo to ascertain the

At the same time the Russian de-fensive with the replenishment of the army's military supplies, is growing daily more stubborn and resort is being had to bayonet attacks with ap-parently all the confidence and vigor that carried the Russian arms last Winter to the crests of the Carpa-

ans. assaults upon Dvinsk have been hecked by the brilliant defense of Géneral Ruzsiky and the operations here have come to a temporary stand-still due to the exhaustion of both combatants after days of battling.

Dvinsk Front Quieter. "Somewhat quieter" is the comment of the Russian general staff on the situation around Dvinsk, but is is pointed out that this is not intended to minimize the importance of these operations.

highway to Bobrysk, the principal crossing of the great Beeresina be-tween Borizow and the junction of the Beresina with the Dnieper. This region

East if Vilpa stubborn battles are raging in the region of Vileika, where the Germans have succeeded in ad-vancing northward of Vileika. Battles also are progressing southwest of Vileika, but the latter point and Molo-dechno junction still remain in Russian hands.

From Lids and the Gawia River the Germans have succeeded in moving eastward to the village of Idle, where they brought heavy artillery into action. This put a stop to the progress of the Russians toward the village of Podgurie.

By intensive operations there the

Removal of Ice and Storage Concern to Medford Reported.

ASHLAND, Sept. 27 .- (Special.) -- Reports are current that, backed by Southern Pacific, Wells-Fargo and Pacific Fruit Express influences, the local plant of the Ashland Ice & Storage Company may be transferred to and merged with the branch of the concern at Medford.

Excessive rates here for electric power are urged as a reason for the change, and the further assertion is made that the plant of the Medford branch affords more convenient trackage and other facilities. The concern is one of the chief manufacturing in is one of the chief manufacturing in-dustries of the town, supplying refrig-eration for a large number of cars daily and extensive cold storage facili-

Prevention Campaign Is to Be Innug urated Among Employers and Employes of Oregon.

SALEM, Or., Sept. 27.—(Special.)— One in every eight of Oregon's work-men employed full time was injured er 26. After these losses the British of the State Industrial Accident Commission, issued today. The report covers the period beginning from the Com-

the official statement enumerates the capture of more than 5000 French and British prisoners and a number of machine guns in the land fighting at various points along the front.

The passages in the official statement which refer to these incidents in the fighting are as follows:

"British ships attacked the German coast batteries, especially at Zeebrugge. The attack failed and, after one ship had been sunk and two others were damaged, the ships withdrew."

Administrative expenses of the Commission for the entire period were

NEW YORK, Sept. 27.—According to private advices received here, the large British transport reported by wireless from Berlin on September 21 to have been sunk off the Island of Crete, in the Mediterranean, by a German submarine, was the Cunarder Transylvanian.

Administrative expenses of the Commission for the entire period were \$10,129.22. For the last year the administration cost was \$.69 per cent of the money handled. Cost of compensation for the year was \$370,200, of which in the Mediterranean, by a German submarine, was the Cunarder Transylvanian.

## A scientific food for health and long life

It is now possible for the people of this country to make daily use, in agreeable tablet form, of the very same food principles that are partly responsible for the health and remarkably long lives of the Bulgarians - who frequently live to be 125 years old. To the world of science it has long been known that the active principles contained in the famous Bulgarian sour milk ferments are of exceptional value to the health of humankind. Only recently, however, has the correct and practical use of these principles been discovered and made possible to the general public. This has at last been

### Intesti-Fermin Tablets

Many years ago it was demonstrated that premature old age is caused largely by poisons and malignant bacteria originating in the lower digestive tract and attacking every organ of the body. Through research it was discovered that certain helpful bacilli contained in Bulgarian sour milk ferments would attack and destroy the bacteria

causing these poisons. Intesti-Fermin is a therapeutic food guard-a concentration of the active principles found in Bulgarian sour milk ferments-which aids the human system in its most difficult digestive task. It contains pure cultures of both the Bacillus Bulgaricus and the Glyco-Bakter, a sustaining element. It is perfectly harmless and may be used with entire freedom. Physicians will tell you of its value. Intesti-Fermin is not a drug. It is a daily and cumulative food guard of peculiar
