Betrothal of Mrs. Hailey and John Kettle Graves Rumored.

WOOING ROMANCE OF FAIR

Portland Woman Official Hostess at Oregon Building for Half Year, After Which She Stays, and Author Thought Magnet.

Rumors are current in Portland so-dety that Mrs. Thomas G. Hailey, of this city, is engaged to be married to John Kettle Graves, a well-known au-thor of California. It is said a formal announcement may be expected sonn. Mrs. Hailey acted as official hostess for this state at the Oregon building at the Panama-Pacific Exposition for the first half of the year. The fairy-like setting of the dream city by the Golden Gate, the lights and music and the beauty of all proved apt aides to Cupid and he wove his spell, it is said, so successfully that during the Summer the two plighted their troth in the Ex-position City.

So enamoured did Mrs. Hailey become

o enamoured did Mrs. Hailey become of the exposition that she was loath to leave when her half year as hostess expired. Instead, she remained at the exposition, making the Oregon building exposition, making the Oregon building her headquarters, and assisting Mrs. Charles A. Gray, of Salem, who went south last June to take up the duties of hostess for the remainder of the exposition period, to which she had been appointed by the commission.

Mrs. Halley expressed herself as saying she was "so fascinated by the fair that she did not want to return to Portland."

It is now thought that Mr. Graves

It is now thought that Mr. Graves was the magnet which held Mrs. Halley at the exposition after her duties as official hostess had been concluded. Mrs. Halley, it is said, is now preparing to return to Portland and a formal amouncement is expected upon her arrival here.

amouncement is expected upon her arrival here.

Mrs. Hailey is accompanied in California by her daughter. Miss Genevieve Hailey, who made her debut in Portland a year ago. Both Mrs. Hailey and her daughter have participated frequently in numerous social affairs in and about San Francisco, in addition to those held at the exposition.

Mrs. Hailey is the widow of the late Judge Thomas G. Hailey, formerly of Pendleton and later of Portland, and one time a Supreme Justice of Oregon. For several years she has passed the Winters in New York City, where her daughter, Genevieve, who is a clever artist, has been studying.

Mrs. Hailey has a wide social acquaintance in Portland. She is an attractive matron, with a charming personality, and is highly interesting and popular socially.

SPECIAL TAX LEVY PLANNED

City's Part of Grade Crossing Elimination to Be Paid by Assessment.

A special tax levy to take care of the city's part of the elimination of grade crossings on the East Side along the line of the O.-W. R. & N. from the head of Sullivan's Guich to the city limits is the proposal of Commissioner
Dieck. He held a conference with the
City Council yesterday and explained
his plan The Council told him to
include the proposition in his budget,
but no assurance was given that it
will be permitted when it comes up
for adoption

Commissioner Dieck has estimated that the city will have to appropriate \$130.000 to pay its part of the cost of the regrade. Part of this amount will be returned to the city in the form of refunds by property owners who pay part of the costs of damages to property which must all be financed by the city at first.

Commissioner Dieck has recommended that a special tax levy of approximately one-half mill be made to raise the money required for this work and for handling other grade crossing eliminations needed in the city. A half mill would raise \$300,000. Commissioner Dieck has estimated

The rifle team that will represent the State of Oregon at the National match to be held on the range near Jacksonville, Fla., in October yesterday completed preliminary practice on the Clackamas range and tomorrow morning at 10 oclock will leave on the O.-W. R. & N. for the East.

Because of the administrative work that must be taken care of Adjutant-General George A. White will not be able to accompany the team and is sending as his personal representative Captain John A. Buchanan, Coast Artillery Corps, who will be the team captain.

Engineer Is Mishap Victim in Municipal Building.

In an explosion of gas in the heating plant of the Municipal building at Sec-ond and Oak streets yesterday morning, George Tabaka, second night engineer, was badly burned. He was taken to the Emergency Hospital. His hands and face were badly burned.

The entire building was shaken by the shock, and flames shot high in the air from the smokestack. A thinner

the shock, and names shot high in the air from the smokestack. A thinner fuel oil than usual was placed in the tanks Saturday, and it is believed that Tabaka kept the burners at such low pressure that the fire went out. Finding this, he blew out the fire chamber with a jet of steam before lighting the oil again. A pocket of gas remained and was exploded.

To Put On Flesh and Increase Weight

Most people sat from four to six pounds of good solld fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't Nature's way at all.

Most thin people stay thin because their powers of assimilation are defective. They about just enough of the food they sat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them thin a single "stay there" pound. All the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpusales and increase their blood's carrying power.
