Samples Adopted Here Will Be Distributed Among World's Markets, Where Portland Rating Is Officially Recognized.

CORN—Whole, \$87.30 per ton; cracaeu, \$38.50 per ton; HAY—Eastern Oregon timothy, \$15.00@ 18.00; Valley timothy, \$12.00@13.00; alfalfa, \$12.50@18.50; cheat, \$9.00@10.00; oats and wetch, \$11.60@12.00. The grain standard committee of the Chamber of Commerce, of which M. H. Houser is chairman, completed its work of establishing standards for the 1915 crop at a well-attended meeting at the Merchants' Exchange yesterday afternoon.

Standards were fixed for milling blue stem, Turkey red and red Russian wheat, white and blue brewing and feed barley and white feed oats. At a meeting earlier in the month standards were adopted for export bluestem, white Walla, red Walla and fife wheat.

The standards for the 1915 crop compare with those of former years as follows: 1915, 1914, 1913,

| Milling bluestem | 58 | 58 | 58 |
|----------------------|------|--------|-------|
| Export bluestem | 5.8 | 58 | 5834 |

| Feed burley | | 41. | 42 |

The quality of the crop proved to be very good; in fact, much better than was expected. The tests showed the grades to be practically equal to those of last year. The standards have been filed with the Chamber of Commerce, and samples will be forwarded at once to the London and Laverpool Corn Trade Associations and to the San Francisco Chamber of Commerce. The Portland standards for the Northwestern crop are accepted in all the markets of the world.

Trading was on a larger and broader scale than yesterday's memorable session, and with the difference that certain old or dormant stocks vied at times with those of recent prominence for supremacy. Advices from Chicago, pointing to an early smouncement of the terms of the Anglo-French credit, save added strength to the list. In the final dealings, however, the weight of increased offerings oversame the market's digestive powers, and many large gains were reduced, while others were changed to moderate losses.

Hailroads were again under intermittent restraint, some leading issues being lower by one or two points. Improvement in this part of the list was quite general later, but profit-taking proved effective to the extent of wiping out most of the gains.

Price movements became confusing to the point of feverishness toward the end, the closing being distinctly irregular. Total sales amounted to 1.600,000 shares, the largest volume of business, according to available data, since the days immediately preceding the war, when the greater activity was at the expense of quoted values.

Chief among the day's new records was Baldwin Locamotive, which at its maximum of Looks showed a gain of 26%, but closed at a net advance of 14%; General Motors up 13 to 375; Industrial Alcohol, 7 at 98; Willia-Overland, 7 at 225; Studebaker, 4% at 146; Bethichem Steel 3 at 360, and Pressed Steel Car 7 at 73%.

Colorado Fuel's sudden rise of almost 8 points at midday to 63%, to the accompaniment of a moderate movement in Great Northern Ore, revived rumons of a "deal" involving these and kindred concerns United States Steel, with an overturn of 155,000 shares, closed at 78%, a lapse of 3.

Bond trading was again very large, with general strength. Final disposal by the syndicate of the \$45,000,000 New York City bends, purchased early in the year, offers proof of the better investment demand. Total sales of bonds, par value, aggregated \$5,673,000. United States bonds were unchanged.

Supreme Court Holds Council Had No Right to Choose Hassam and Prevent Competition.

In an opinion by Justice Harris, the
Supreme Court today heid that an
assessment levied for the improvement
of Lombard street in Portland was invalid, because the Council by choosing
Hassam pavement had prevented competition and violated the charter of
Portland.

The decision was in the suit brought The decision was in the suit brought

y Alfred O. Temple and others against he City of Portland to restrain col-ection of the assessment. It affirms he decision of Circuit Judge Morrow. In his written opinion, Judge Harris ays: "The situation presented here some where the pavement laid was consumed by name and the kind is med alone was made acceptable. There was no chance for competition because the right to lay the kind of pavement pecified was exercised exclusively by he Oregon Hassam Paving Company, which was the only blidder. If Hassam s a mere trade name the charter was afringed upon and the charter was ikewise violated if Hassam is in fact protected by letters patent."
