### Live as You Please and Be Pleased to Live

Dear Friends:

Conveniently situated within three blocks of the business center-just far enough to avoid the noises that would otherwise disturb you at unwelcome times.

Bear that in mind about the Hotel Multnomah.

And also bear in mind that it is so large and so perfectly equipped that you can reside in it permanently and be seen or unseen exactly to the degree you desire.

Above all, you are made to feel at home. You are surrounded by servants who serve you for the pure love of serving, plus their weekly salary check.

You can live quietly or gaily—you can live economically or liberally—you can eat in your suite, in one of the various dining and tea rooms, or outside the hotel, just as you like.

In fact, you can live as you please-and be especially pleased to live.

An extraordinary special proposition is now being made to prospective resident guests.
