## Managers Abandon District and Mob of Strikers Parading in Streets.

### SERIOUS TROUBLE FEARED

#### Company Officials Say They Will Return When Non-Resident Organizers of Federation Are Driven From Region.

PHOENIX, Ariz., Oct. 3.—Arizona militia was ordered today to proceed to Clifton, Ariz., where a strike has resulted in disorder. Sheriff McCash reported the situation beyond his control. Mine managers who went to Lordsburg, N. M., yesterday after they were rescued from miners by a Sheriff's posse, telegraphed to Governor Hunt, of Arizona, urging him to protect lives and property. The militiamen were ordered to Clifton by Governor Hunt today on receipt of an appeal from Sheriff McCash, who said he feared the situation was beyond his control.

#### Managers Abandon Mines.

In asking Governor Hunt to assume charge of the situation, Sheriff McCash said that managers of the copper mines had abandoned the district and that the strikers were forming in mobs, parading the streets and making demonstrations, and that he feared serious trouble would result.

#### Entire Guard May Be Called.

Adjutant-General Harris will arrive at Clifton early for negotiations with the strikers. Governor Hunt said he will depend whether martial law will be declared and the entire militia ordered to the scene there.

### SUBMARINES START SOUTH

#### Voyage, if Completed Without Aid, Will Set American Record.

SAN FRANCISCO, Oct. 3.—The United States submarines K-3, K-4, K-7 and K-8 left here today under their own power for the naval station at Honolulu, 2300 miles distant. If they complete the voyage without aid, it will be a new long-distance record. The United States submarines will have been the cruiser Maryland, naval collier Nanshan, tug Iroquois and torpedo-boat destroyer Lawrence went as convoy for the K group. Towing apparatus was carried by Governor Hunt at El Paso while en route with the Arizona rifle team to the National rifle contests to be held in Florida.

separation must be given for American lives lost. Germany, in her first note, indicated that even if the German commander made a mistake, the imperial government would not be obligated to pay damages, but was willing to submit to arbitration the question of whether the German commander did make an honest mistake, thus leaving it to an arbitral tribunal to decide what liability, if any, was thereby incurred.

### Auto Fire Truck Speedy.

ASHLAND, Or., Oct. 3.—(Special.)—On the occasion of a recent fire here Ashland's new fire auto truck made a record of three minutes in a distance of one and a half miles, much of the way over a heavy slope up Wimer Heights, the grade averaging from 20 to 25 per cent. Ten automobiles attempted to follow the truck, but only two reached the top.

### Quake Recorded in New York.

NEW YORK, Oct. 3.—The seismograph at Fordham University here recorded earthquakes, apparently 2000 miles distant, at 8 o'clock last night and again at 2 o'clock this morning. The first shock was slight, but the one this morning was heavy.

American lives and it is believed that in the next step the Washington Government will indicate that the only matter it can submit to arbitration is the amount of the damages to be paid after the question of liability itself already is admitted.

#### Note May Be Supplemented.

There were rumors today that Count von Bernstorff was preparing to supplement the note he left with Secretary Lansing yesterday if he found that did not satisfy the American Government. This could not be confirmed here on account of the absence of the Ambassador.

Official information indicates that Germany is desirous of avoiding a break and on this officials are basing their hopes that in subsequent negotiations the Berlin foreign office will adjust amicably the question of reparation for lives lost.

### Brother is Killed

### LONG FEUD IS REPORTED

#### Marks Found on Throat of Prisoner, Who Says He Broke From Hold and Fired in Defense, Later Surrendering to Sheriff.

OREGON CITY, Or., Oct. 3.—(Special.)—Sam Case, a resident of Park Place, shot and killed his brother, Ernest R. Case, at 7 o'clock tonight. The tragedy occurred at Park Place, near the shooting Sam Case telephoned to Sheriff Wilson and then came to Oregon City and surrendered.

### Attock Provoked, He Says.

"I jumped forward with all my force," said Case, "and broke loose, then my brother started toward me, and I drew my revolver and shot him twice. I was excited and do not remember how many times I shot, but I guess I shot twice."

### Attack Provoked, He Says.

The Case brothers are well known here. The dead man had been a horse trader, and operated a saloon in Oregon City for a while, and later was in the butcher business. When he was running a saloon he gave the authorities considerable trouble. He leaves a widow and a little daughter, 1 year old. The wife is prostrated with grief.

### Marks Found on Throat.

Murphy, who was with Ernest Case when the shooting occurred, was taken into custody tonight and will be a material witness. His mind is considerably benumbed and when brought to the Courthouse he had been drinking freely, but said that Sam Case had attacked his brother without provocation. There are discolorations on Sam Case's throat, however, that the Sheriff says were there four or five days before the shooting.

# A life-long investment

Year 1892: Their new ideal heating investment

Year 1915: Their life-long ideal heating investment

Twenty-four years ago we began to make and sell these now-world-famous heating outfits. Every outfit that we sold then and since is giving ideal heating results, for even conflagrations and quakes do not destroy them. If buildings are remodeled or wrecked, the outfits are used again, as they are made in units and can be altered to fit. We advertised them as life-long investments, and they are proving so in more than a million buildings at home and abroad.

## AMERICAN & IDEAL A RADIATORS & BOILERS

building equipment which do not deteriorate. But, more than that, these outfits repay their own cost again and again through fuel economy, less care-taking, absence of repairs, and because their cleanliness saves soiling and wearing of furniture and decorations.

A No. 6-12-W IDEAL Boiler and 600 ft. of 3/4" AMERICAN Radiator costing the owner \$245, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include costs of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

Property thus outfitted sells quicker at the higher price, or 10% to 15% increased rental; or banker will extend larger loan. Why do you longer run the health risk, the fire danger, the ash and coal-gas spouting annoyances, as well as the expenses and short-life of old-fashioned heating? Twenty-four years of unequalled heating service, and many refinements, as developed in our factories and laboratories in United States, Canada and Europe, and the great volume of our business, enable us to offer IDEAL Boilers and AMERICAN Radiators at a price no greater than asked for inferior devices. Accept no substitute.

Made in sizes to fit old or new stores, offices, flats, schools, churches, garages, as well as houses and cottages in country or city. No rekindling the fire all season. Same water is used for years. Phone your nearest dealer today and get his estimate. Prices now most attractive and at this season you get the services of the most skilled fitters. Ask for pamphlet (free). "Ideal Heating Investments." Puts you under no obligation to buy.

IDEAL Boilers have large fuel pots in which the air and coal gases thoroughly mix in a modern gas or oil mantle or burner, thus extracting every bit of the heat from the fuel. Easier to run than a stove.

### Another great labor-saver—Stationary Vacuum Cleaner, at \$150

You can wonderfully reduce house-labor and highly increase home health and cleanliness by use of ARCO WAND Vacuum Cleaner—sits in basement; works through iron pipe running to all floors; carries all dirt, dust, insects and their eggs, etc., to sealed bucket in machine; cleans carpets, furnishings, walls, ceilings, clothing. Ask also for new "ARCO WAND" catalog (free). Inquiry puts you under no obligation to buy.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would be cold. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me."—Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

### MUSCULAR BACKACHE

The muscles of the back do the heavy work of the body. When they are overworked or ill nourished they ache and people who are looking for trouble begin to worry about their kidneys. Backache may be due to lumbago, which is rheumatism of the muscles of the back, but more backaches are caused by overstrain, overwork and muscle starvation due to this blood than by anything else.
