

COREY ADDS 3 MORE BIG STEEL PLANTS

Midvale Company Now Is Second Largest Concern of Kind in World.

OTHERS MAY BE TAKEN IN

Option Is Secured on 300,000,000 Tons of Iron Ore, Believed to Be Deposited in Lake Superior District.

NEW YORK, Oct. 7.—Announcement was made last night that the Midvale Steel & Ordnance Company, a \$100,000,000 corporation recently organized by William E. Corey, had in addition to purchasing the Midvale Steel Company acquired three other concerns and had secured an option on 300,000,000 tons of iron ore.

These concerns are the Worth Brothers Company, of Coatesville, Pa., manufacturers chiefly of steel plates; the Coatesville Rolling Mill Company, which is allied with the Welch Brothers, and the Remington Arms Company, of Delaware, a concern recently organized to manufacture arms and ammunition, at Eddystone, Pa.

The latter company, which has leased properties of the Baldwin Locomotive Works and is building another plant, was a separate organization, it is said, from the Remington Arms & Ammunition Company, of Illinois, N. Y., but the announcement made tonight disclosed that Marcellus H. Dodge, president of the Remington Arms & Ammunition Company, is a director of the new Midvale combination.

Midvale Is Second Largest. With the exception of the United States Steel Company, the new Midvale Company becomes the largest steel concern in point of capitalization in the country, and although Mr. Corey, who made the announcement of its additional acquisitions, declined to discuss the future plans of the company, it was thought in steel circles today that certain other concerns would probably be taken in at a later date.

The Midvale Steel & Ordnance Company stands as a holding company for the properties acquired, and Mr. Corey's announcement said that in order to acquire these concerns, and to provide working capital, \$70,000,000 of its stock would be sold.

In addition to Mr. Dodge, the board of directors of the company include: Frank A. Vanderbilt, president of the National City Bank; Perry A. Rockefeller, Albert H. Wiggin, president of the Chase National Bank; Charles H. Sabin, president of the Guaranty Trust Company of New York; J. P. Morgan, president of the J. P. Morgan & Co., of Boston; Ambrose Monell, president of the International Nickel Company; Samuel B. Gray, a director of the Baldwin Locomotive Works; William P. Barba, vice-president of the Midvale company, and Alvin C. Dinkey, the newly elected president of that company.

Mr. Corey Is President. Mr. Corey becomes president of the holding company, and Mr. Dinkey, vice-president.

It was learned that the price paid for the Midvale plants was around \$25,000,000.

It was said in steel circles that the ore fields were probably situated in the Lake Superior district and rivaled those of the United States Steel Corporation in point of tonnage.

The Remington Arms Company, it was announced, has contracted to manufacture 2,000 rifles for the British government.

None of the concerns acquired, says the statement, has any debts other than current and accrued, and the operating capital of the parent company and its subsidiaries will be in excess of \$15,000,000.

KENDALL IS CONFIDENT

HEAVYWEIGHT TO MEET KELLOGG AT ROSE CITY CLUB SMOKER.

Ralph Gruman to Appear Tomorrow Night in Exhibition Contest, Possibly With Knowlton.

After viewing the work of "Sunshine" McClure in Wednesday night's bout with Art Wilson at the Imperial Club, Frank Kendall, the local heavyweight, said that he was confident he could trim McClure in six rounds.

Tomorrow night at the Rose City Club Kendall will meet Hugh Kellogg in the main event of the East Side Club's first all-boxing smoker. Both boys will take their final workout this afternoon at the Rose City Club, just across the Morrison bridge. Kellogg will work out about 2 o'clock and Kendall will go through his preliminary paces after the Mollala husky has departed.

In all six bouts, in which the best of the local talent will be featured, have been lined up for the show. The bouts will all be of six rounds' duration. Jack Heiser will probably referee.

As an added attraction Ralph Gruman, the Portland lightweight, who returned Saturday from a successful invasion of Eastern pugilistic circles, will be the guest of honor, and a loving cup will be presented by his friends and admirers. Frank E. Watkins will be master of ceremonies. It is planned to have Gruman appear at the club in an exhibition match with Walter Knowlton, former Pacific Coast lightweight champion. Knowlton has not yet said whether or not he is willing to appear, but if he does not, Manager Merrill declares he has two or three other good lightweight who are anxious to meet Gruman.

In the semi-windup Al Sommers, the hard-hitting middleweight, will take on "Soldier" Payne.

The other bouts are: 135 pounds—Yost Schmeier vs. Jimmy Mowcow. 125 pounds—Ping Nodie vs. Paul Seney. 105 pounds—Sol Bloomberg vs. "Shorty" Weston. 145 pounds—"Kid" Brooks vs. Frank Parton.

MUNITION HOUSE BLOWN UP

Four Workmen Killed and Eight Hurt at Emporium, Pa.

EMPORIUM, Pa., Oct. 7.—The drying-house of the Acta Explosives Company was wrecked by an explosion tonight. The company reported four laborers dead and eight injured, and that the workmen were still searching the ruins at a late hour.

IF YOU'RE going to dress up to your own individuality, come and see the offerings at this store.

—Always, quality has been the ideal here. I believe in the quality of the clothes that I sell and I prove that belief by my label and by the principle of money-back.

—You men will find here every fabric that's in season and in good taste—workmanship that makes for inner strength as well as outward appearance. You'll feel a justifiable pride in wearing clothes such as these, for they're the best that can be had.

LAURELS ARE GIVEN

Seven Names Added to List in Hall of Fame.

CHARLOTTE CUSHMAN WINS

Famous Tragedienne First Member of Theatrical Profession to Be Admitted—List Is Headed by Mark Hopkins.

NEW YORK, Oct. 7.—Charlotte Cushman, at one time America's foremost tragedienne, has achieved the distinction of being the first member of the theatrical profession to be admitted to New York University's Hall of Fame. Her name was among seven chosen Wednesday at the fourth election, held every five years.

With the name of the actress, who, through the bankruptcy of her father, became a singer and later the most prominent woman of her time on the stage, were chosen the names of Daniel Boone, hunter and pioneer, and Elias Howe, inventor of the sewing machine.

The list follows: Mark Hopkins, educator, Francis Parkman, historian, Elias Howe, inventor, Joseph Henry, scientist, investigator in electro-magnetic induction and first secretary of the Smithsonian Institution.

Charlotte Cushman, actress, Rufus Choate, advocate and orator, Daniel Boone, founder of Boonesboro, on the Kentucky River, as a defense against the Indians.

Ninety-seven electors voted, among them being a division of business men, including James J. Hill, Elbert H. Gary, John Wanamaker, Myron T. Herrick, ex-Ambassador to France, and Robert S. Brookings, of St. Louis. Forty-nine votes formed a majority necessary to election. Votes received by each of those elected were: Hopkins, 68; Parkman, 68; Howe, 61; Henry, 59; Cushman, 52; Boone, 52. All were American born and five were residents of Massachusetts.

It was the smallest number of celebrities elected since the Hall of Fame was instituted. In the first year there were 23 elections, in the second 8, in the third 10, as against only 7 this year.

Among the names of women who received votes insufficient for election were Alice Freeman Palmer, Louisa M. Alcott, Lucretia Mott and Martha Washington.

The names of men who received insufficient votes included Patrick Henry, 47 votes, and Horace Bushnell, present 45 votes.

Nathaniel Green was the only American soldier to receive a conspicuous number of votes. His name received 32. The names of Thomas J. ("Stone wall") Jackson and Philip Henry Sheridan each received 19 votes, while the name of George Rogers Clark received 20 votes.

FRENCH CAPTURE HILL

Position on German Second Line Taken by Assault.

PARIS, Oct. 7.—French infantry, after a heavy bombardment by artillery, today captured by assault the village of Tahure and reached the summit of the hill of the same name, which constituted a supporting point in the second German line, according to the

3 OFFICERS RECALLED

YAKIMA COUNTY VOTES TO UNSEAT ITS COMMISSIONERS.

Majorities Overwhelming in Favor of Recalling Men Indicted Last Spring for Malfeasance.

NORTH YAKIMA, Wash., Oct. 7.—(Special.)—Yakima County's three Commissioners, Jim Lancaster, William Stahlhut and James Stuart, were recalled by overwhelming majorities in the county's first recall election Wednesday. Twenty-one precincts out of 92 gave 1305 to 206 for recall. It is conceded that this proportion is fairly representative.

The recall movement against the Commissioners grew out of the grand jury investigation last Spring, when indictments for malfeasance were returned against the Commissioners and recall was recommended. The recall leaders insist the recall has taken effect today and threaten injunction if the Commissioners attempt to transact further business. They say that Governor Lister will come here at once to confer with the voters and appoint successors to the recalled officials.

REED TRYOUTS OCTOBER 14

National Defense to Be Subject for Meet With Washington.

"Resolved That the United States Substantially Increase Appropriations For National Defense" will be the subject on which the debating teams of Reed College and the University of Washington will meet January 15.

The same question will also made the subject of the tryouts for the college and class teams at Reed on Thursday night, October 14, in the college chapel.

President Foster and the class debate managers met in conference yesterday and drafted the debate rules. They limited the college team to six men and made arrangements for the tryouts. Dr. W. C. Morgan, Dr. H. B. Torrey and R. D. Leigh will act as judges.

PLUMBING LICENSE WAITS

Effect on Engineers Causes Postponement of Action.

When it was revealed Wednesday that Commissioner Baker's ordinance to license plumbing contractors would hit engineers who do plumbing among their other duties in buildings, the measure again suffered postponement. The measure is intended merely to stop incompetent plumbers and not intended to affect workmen in buildings whose plumbing activities are incidental to their other duties.

The measure was referred to City Attorney LaRoche, who will try to re-arrange it so as to eliminate this objectionable feature and also to provide better means of safeguarding the interests of property owners who engage plumbers.

Cats were domesticated in Egypt as early as 1800 B. C.

NERVOUS EXHAUSTION

Irritability, oversensitiveness, a disposition to worry over trifles, headache, dizziness—these are symptoms of nervous exhaustion, neurasthenia.

Very often the patient feels best and brightest at night. Rest seems to bring no refreshment, the nervous system fails to recuperate. This distressing condition is caused by worry more often than by any other one thing. Overwork and worry invite the disorder.

The treatment is one of nutrition of the nerve centers, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail at 50 cents per box; six boxes \$2.50. Begin the treatment at once before your condition becomes chronic.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y., if you mention this paper.
