Record, at 450.

NEW YORK, Oct. 7 .- Wall street saw another runaway stock market today, though the financial brakes applied last uesday were still set. Under the leadership of a dozen active war specialties, the entire market moved swiftly forward and upward through one of busiest days the Exchange has

witnessed in recent years.

Bethlehem Steel, which last year sold down to 26½, rose nearly 50 points on today's transactions to a new record of Crucible Steel, Baldwin Locomotive, Westinghouse and other leaders in the dealing made sweeping gains of from five to ten points above yesterday's final quotations.

wholesale speculation. Double the usual margin required on some stocks favorite in the dealings and decision by many houses not to handle these stocks at all except for cash failed to prevent today's conditions.

The public apparently was in the market, veteran observers said, to an extent undreamed of before in the history of the Stock Exchange. Not New York so much as the entire country, they thought, was responsible for conditions. All America appeared to have thrown its purse into the market and for the first time in years neither the buils nor the bears, but the so-called lambs, sets the values. From 20 to 50 commission houses, busy executing orders originating for the most part in Chicago, Cleveland, Pittsburg, Detroit, Louisville, Kansas City, Denver, St. Louis, San Francisco and other Western cities, were the busiest of the Stock Exchange members.

ground for a city park, was a proposition taken up at a meeting of the Vancouver Woman's Club, entertained Wednesday by Mrs. Thomas P. Clarke and Mrs. W. B. Hall, at the State School for the Deaf.

It is found that the association is in debt about \$22,000. Henry Crass, attorney, and C. A. Watts, manager of the fair association, presented the proposition. It is desired to take \$22,000 of the \$25,000 and get an absolute title to the grounds, and use the \$3000 for improving the grounds as a park. The grounds or park will be used as a city park for the entire year, except when the fair is held annually. A committee including Mrs. Clarke, Mrs. Danlel Crowley and Mrs. F. R. Whelan was appointed to investigate the plan and report at a future meeting.

An earnest spirit to work is noticeable on the campus this year. Restriction of dances to two in each fraternity house each year, except during holidays, is one reason. Heavier class work for the faculty is another. The serious character of the large freshman class is a third. The university library reports as many books going out daily at this easy stage as went out during the two weeks just prior to out during the two weeks just prior to

examination last Spring.

The enrollment in liberal arts and music will this year be between 1000 and 1200. It is now 780 in liberal arts alone, with probably 100 additional freshmen coming in February.

Cottolene is pure and wholesome

The shortening you use in cooking and baking should have all the excellence of the food that is prepared with it.

Cottolene itself is a pure, wholesome food, consisting of ultra-refined cottonseed oil as fine as the choicest salad oil-and beef stearine from selected leaf beef suct.

is not "just as good" as other cooking and frying fats - it is better than any other-more nutritious, more wholesome, more digestible-better

Cottolene does not absorb tastes or odors. Heat it slowly and use it over and over for all kinds of frying.

Always use a third less of Cottolene than of any other shortening. Cottolene goes farthest and gives the most gratifying results.
