DEAD HERO HONORED

Memorial Service Held for George Deeth, F-4 Victim.

REV. J. D. RICE OFFICIATES

Life of Youth Pointed To as Example of Character, Courage and Fine Sense of Honor; Flag Is Sole Decoration.

"George Deeth was a hero. He gave his life in the service of his country with his comrades, and today we pay fitting tribute to his memory, to his courage, his manhood and character," said Rev. John D. Rice, vicar of St. John's Memorial Episcopal Church, Sellwood, in his memorial sermon in Sellwood, in his memorial sermon in honor of George Deeth, who went to his death on the submarine boat F-4 in the catastrophe at Honolulu last Spring. Rev. Mr. Rice spoke of the perils of the sea, and said it took courage of the highest order to brave the storms and powers of the mighty waters.

waters.

"We are met today to pay tribute to this young man, who, with his comrades, gave his life in the service of his country," he said. "This young man was an Oregon boy. He was born at Liberal, near Oregon City, July 19, 1891, his parents being Mr. and Mrs. Luther Deeth. With his parents he came to Sellwood, where he entered the Sellwood School and was graduated from the grammar department.

"I have it from one of his leachers that he was a boy of fine character, courage and a fine sense of honor. After leaving the public schools he entered a Portland business college, where he entered the naval militia on the ship Boston, being among the first of the young men of the state to enter this service. He then entered the electric department of the naval school at Mare Island, Cal., and was graduated from there with honors.

"He early showed a desire for electrical activities. After graduation he applied for service in the submarine division of the country, and was accepted. None other but the most courageous and skillful could enter this, the most dangerous and most perlious branch of the public service. These men face death at all times.

"George Deeth was one of our National honest, firm and courageous defender of his country. With such men the safety of this country is assured. It is important that his example should be held up as worthy of emulation, and we thank God today for the lives of such men as George Deeth and his comrades who went to their death so heroically at Honolulu.

"It would seem fitting that there should be some enduring memorial to the memory of this young man that will keep green the example of his young man that will keep green the example of his young man that will keep green the example of his young man is survived by his mother, one brother, Dolph, and two

The Government sent his mother the flag used at Honolulu, and this ensign was the sole significant decoration of the church at the memorial services.
