SHORE IN GREAT FORM IN PINCHES

Detailed Play of Game Shows Red Sox Hurler Deserves Victory Over Phils.

BOSTON, Oct. 12 .- Pitcher Shore, who BOSTON, Oct 12.—Pitcher Shore, who lest his battle with Alexander in Philadelphia last Friday, was loudly cheered as he took the hurling mound to open the game. He served up a ball to Stock, lead-off man for Philadelphia, team. He then shot over two strikes and, after another ball was called. Stock ripped a hit down the left field foul line.

Duffy Lewis, by hard sprinting, fielded the ball quickly as Stock was digging out for second. Lewis made a fine throw to Scott and the Philadelphia runner was nipped as he rushed into the bag. The Boston outfielder was cheered for his neat piece of work. Shore, in trying to keep the ball on the edge of the plate, gave Bancroft four balls and Banny walked. With two balls and two strikes on Paskert, Bancroft streaked to second for a steal.

Chalmers started to run in to protest, but as they did so Evans called in Umpire Righer, who was officiating on the bases. The result was that the balk was not allowed, as Righer indicated that Chalmers was not on the pitcher's slab when he apparently made a motion to throw to first. Evans sent hoth funners back.

Shore laid down a sacrifice and was out, Stock to Niehoff, Barry and Cady advancing. Hooper then pushed an ugly bounder to the infield. Niehoff run in on the ball, and batted it down but he was unable to check either of the runners. Barry scoring the Soxinitial run and Cady going to third. It was a scratchy hit, but the Boston fans nevertheless were overloyed to have their team break hot the run column, for Chalmers was pitching a fine article of ball. Scott sent a high foul that Whitted got by good sprinting and held Cady and Hooper on the bases. Speaker was called upon to bring home another run but he offered Luderus an easy grounder and was out at first.

Pat Moran sent Becker to left field and Whitted to Luderus' place at first.

Scott was thrown out by Stock. Speaker Scott was thrown out by Stock. Speaker Speaker Blade the inting single to right and Speaker sprinted to third base. A base on balls was given Lewis. With the bases filled things looked promising again for Boston, but another double play killed the inning. Gardner chopped a grounder to Chalmers, who threw to Burns, forcing Speaker at the plate, and then Burns whipped the ball to Whitted ahead of Gardner.

The Phillies were quickly disposed of in the final inning. Niehoff was thrown out by Gardner, and Burns raised a high fly to Scott. Byrne, plinch in the sixth putout of the game, and Boston chalked up another victory in the series for the championship of the world. The play by innings:

Chalmers Fails in Pinch.

The Phillies got two men on bases in the fourth inning. After Luderus had filed out to Hooper, Whitted, with three and two on him, bounced a grounder to Scott and was thrown out. Both Luderus and Whitted had attempted to bunt Shore's first pitch and both resulted in little pop fonts out of the reach of the infielders and the Boston battery. Niehoff, who had not yet made a hit in the series, naw first base for the first time when Shore served him with four bad balls. Burns put him on accond with a single to right field. Again Chalmers came up in a pinch and ended the luning by shooting a scorching grounder to Scott, who snapped the ball to Gardner, forcing Niehoff at third. It was a very neat play. Sinbligal opened the Red Sox' fourth inning auspiciously with a safe drive to center field. He advanced to second on Lewis' sacrifice, Chalmers to Niehoff, amid much cheoring. There he was left, however, for Gardner was out on a long fly to Whitted, and Harry ys skyscraper settled into Paskert's hands.

Bancroft Safe on Steal.

Cady made a good throw to Barry and the runner was clearly out, but in the mixup at the bag, the ex-Mac man dropped the ball on an excusable error and Bancroft was safe. Hooper slammed a high fly out to Paskert, and Scott, with three and two, also gave Paskert a fly.
Cravath, in the sixth inning, hit the first ball pitched to Speaker for an easy out. Luderus pushed his second single of the game into center. Whitted sent up a high fly, which Cady caught near the pitcher's box, Nichoff flied out to Lewis.

Then Cravath duplicated the long-fly-out which he made yesterday when he polled a tremendous drive to Lewis, who had to go back almost to the fence to take the ball. This out ended the inning.

The National Leaguers made a strong bid to tie the score in the eighth inning after two were out. Bancroff flied to Lewis and Paskert sent up a high fly to Gardner. Cravath bit a terrific drive to center field, The ball struck in front of Speaker and bounded over his The American Leaguers broke the ice in their half of the third inning. Barry waited out Chalmers and received a base on balls. Then Boston got a lucky base on balls. Then Boston got a lucky break. Cady, in attempting to sacrifice, bunted the ball toward Chalmers, who, in trying to field it, slipped and fell upon it. Before he could recover himself Barry was safe at second and Cady on first. The play counted a hit for the latter.

With one strike on Shore, Chief Umpire Eyans suddenly waved both runners to advance a base on a balk. Instantly the Philadelphia infield and Chalmers started to run in to protest.

The British government has added 20 per cent more to its order already placed of 100,000,000 yards of buriap for October-December shipment from Calcutta.

In addition to this quantity of cloth, it was reported that England has also taken 150,000,000 buriap bags. This is practically estimates a lower condition, as compared.

was reported that England has also taken 150,000,000,000 burlap bags. This is practically six times more than is used on the entire Pacific Coast for sacking wheat, cais, barley, potatoes, rice and other commodities.

There remains less than 50,000,000 yards per mouth for October-December shipment from Calcutta to supply not only the East and West Coast of the United States, but South America, all the British colonies and neutral countries. The usual average monthly shipments to all countries is about 90,000,000 yards, of which 60,000,000 yards go to the East Coast of the United States.

The August shipments from Calcutta to East Coast ports were less, than 40,000,000 yards and it is predicted that not exceeding 20,000,000 yards per month will be available the remainder of the year.

"The general position of the market is about unchanged with the undertone strong and an advancing tendency.

"The evidence is becoming increasingly plain that the world's supply of wheat will be abundant for the season, and the abnormally large receipts in both the United Sintes and Winnipeg of Spring wheat indicate that the period of scarcity is about ending and recent large purchases, in a quiet way, indicate that a good share of these supplies will eventually reach the United Kingdom.
