Columbus was what he accomplished, when he was born, when and where he died—in short, all the important facts concerning him," said Superintendent Alderman.
A difference of opinion as to whether Columbus day is a non-judicial day caused something of a mixup in the Courthouse. Some of the courts held and some did not. Judge Morrow was the only Circuit Judge who held the day to be non-judicial. He refused even to sign an order. Judges McGinn, Gatten, Davis and Gantenbein worked as usual.

legislation, one listing public holidays and the other non-judicial days. Columbus day, Lincoln's birthday and several other dates that are holidays are not included in non-judicial days. Judge Gantenbein did not hold court, not because he thought the day was non-judicial, but for the reason that he has the criminal cases this morning and the District Attorney's office, having enough to busy itself with other-wise, did not care to go to trial with defendants who would raise technical objections.

GUNBOAT OFF GUAYMAS

CARRANZA FORCES TO BOMBARD UNLESS PORT SURRENDERS.
American Commander Directs That Opportunity Be Given Non-Combatants to Leave Before Attack.

GUAYMAS, Mex., Oct. 12.—(By wireless to San Diego.)—The Carranza gunboat Guerrero, with the transports Korrigan II, Jesus Carranza and two schooners, arrived off here last night loaded with troops under General Dieguez, who has demanded the surrender of the city, which is held by Villa forces.
The commanding officer of the United States cruiser Chattanooga informed General Dieguez that sufficient notice should be given the towns of Guaymas and Empalme before beginning bombardment to permit non-combatants to reach a place of safety.
Dieguez is said to have replied that he did not think it would be necessary to bombard, but that if surrender was refused he would establish a neutral zone where non-combatants would be safe.

BRITISH AID ASKED FOR

New London Committee to Obtain Money for Belgians.
LONDON, Oct. 12.—Inaugurating the committee of the city of London, which has been appointed to raise funds for the relief of Belgium, the Lord Mayor today announced that the British committee had raised \$5,000,000, with which the American committee had bought food, distributing it among the Belgians who remained in that country.
Lord Curzon, who was one of the chief speakers, said that this money had been exhausted and that it was necessary to raise \$50,000,000 (\$42,500,000) monthly to feed the people during the winter. He pointed out that Germany was doing nothing for the relief of the inhabitants of the devastated country.

Succor to Be Sent to Serbia by Way of Saloniki and Negotiations Still Are Under Way With Greek Official.

COLONEL BARS HYPHENS

AMERICANIZATION OF FOREIGN-BORN POPULATION DEMANDED.
Universal Service on Swiss Model Favored as "Only Permanently Safe Method" of Defense.

NEW YORK, Oct. 12.—"The foreign-born population of this country must be an Americanized population—no other kind can fight the battles of America, either in war or in peace," Colonel Theodore Roosevelt so asserted in a speech on "Americanism" before the Knights of Columbus at Carnegie Hall tonight.
Colonel Roosevelt said that the new officers will meet to map out preliminary plans for actual work in a few days.

PARIS, Oct. 12.—In response to resolutions adopted by the executive committee and the Socialist group, urging the necessity of a complete and immediate explanation on the part of the government, French members of the Chamber of Deputies today outlined the situation with respect to the Balkan states.
"The country, owing to the grave events now taking place in the Balkans, must be informed, and the government takes this opportunity to make a declaration of the situation and its policy."
Issue Raised at Outset.
"The Balkan question was raised at the outset of the war, even before it came to the attention of the world. The Bucharest treaty had left in Bulgaria a profound heartburning. Neither King nor people was resigned to the loss of the fruits of their efforts and sacrifices as the consequences of the unjustifiable war they had waged on their former allies. From the first day the allied governments took into account the dangers of such a situation and sought a means to remedy it. The policy has proceeded in the spirit of justice and generosity, which has characterized the attitude of England, Russia and Italy, as well as France. We have attempted to establish the union of the Balkan people, and in accord with them, seek the realization of the principle of their national aspirations. The equilibrium thus obtained by mutual sacrifices really made by each would have been the best guarantee of future peace.

Obstacles Always at Sofia.
"Despite constant efforts, in which Roumania, Greece and Serbia lent their assistance, we have been unable to secure the collaboration of the Bulgarian government. The difficulties were always at Sofia.
"Bulgaria made claims upon her four frontiers at the expense of her four neighbors. We had hoped that Roumania, Greece and Serbia, to whom magnificent perspectives opened where, would consent to the sacrifices, in exchange for which they would receive large compensation.
"As to Turkey, which had thrown herself into the arms of Germany, there was no need for further consideration.
Serbia Offers Sacrifices.
"In their desire to give the Bulgarian people satisfaction in their aspirations, the powers of the quadruple entente did not hesitate to ask valiant Serbia to make heavy concessions. Despite the cruelty of such a sacrifice, and desirous of proving their attachment to the allies which were combating for the common independence of the Serbian people made this extraordinary effort and resigned themselves, hoping for compensations that the victory of the quadruple powers would be able to give Serbia elsewhere.
"In order to succor the Serbians we must go through Saloniki, and from the outset of the Bulgarian mobilization we have conducted negotiations toward that end with the president of the Council at Athens. These negotiations are most natural and the definite treaty concluded between Serbia and Greece in the second Balkan war, in the event of Bulgarian aggression."

CHILD WILL FIND HOME

BEULAH SWARTZAUER'S GRANDMOTHER GOING TO RESCUE.
Denver Hotel Proprietor, in Charge of Abandoned Little One, Asked to Surrender Her.

DENVER, Oct. 12.—(Special.)—A new element today entered into the strange case of Beulah Swartzauer, 4-year-old girl left at the Shirley Hotel two weeks ago, when Mrs. M. M. Kane, a mother of Denver, called at the home of Mrs. Allen, manager of the Shirley Hotel, where the child has been cared for, and showed a telegram reporting to be from a grandmother of the abandoned baby and giving the English power to take the little one and hold her until the grandparents arrive in Denver.
The telegram was dated Portland, Or., and was signed by Mrs. Minnie J. Kane, who declared she was the mother of the child. Mrs. Kane said she would come to Denver and take Beulah back to Portland, and said she was acting on instructions from R. F. Collins, now in jail at Portland on a charge of having kidnaped the child, who she alleges is his own, even though the mother, Mrs. Swartzauer, is married to a man in Los Angeles and the baby was born since that marriage.
Engle explained that the Allen home that he did not know much concerning the case, but that he did not believe Collins, who abandoned the child at the Shirley, after he had kidnaped it in Oregon City, was the father.
Mr. Allen held a long conference with the Engles and probably will turn the girl over to them.

JUNIOR CHAMBER IS BUSY

Washington High Vote Counted and Officers Named.
The Junior Chamber of Commerce of Washington High School was put under way yesterday when the official canvass of the election held Monday was made and the results announced. Harry Brubaker, a senior, was elected business manager, and seven vice-presidents were elected from the school at large, each of these to serve as directors

of a bureau. The vice-presidents elected were:
For civics bureau, John Lee.
For publicity bureau, Miss Gertrude May.
For development bureau, Harry Clair.
For industrial bureau, Eldred Harwood.
For charity bureau, Miss Viola Harrington.
For purchasing bureau, William Groat.
For employment bureau, Paul Davies.
There are about 1200 students at Washington High, and the organization was effected by representative vote, the students in the different grades from the freshman year up voicing their preference through the ballot. The campaign was a contest, several of the offices being sought by three or more students. The speeches and election-campaign were not devoid of novelty and originality.
The Junior Chamber of Commerce is to be a serious auxiliary of Washington High School and Principal Herdman is keenly interested in its development. It is proposed to handle the affairs of the school in quite the same way that affairs of the city are looked after by the Chamber of Commerce of Portland. The new officers will meet to map out preliminary plans for actual work in a few days.

QUINCY, Ill., Oct. 12.—Federal compensation for members of the National Guard, more thorough military training for college students and the establishment of Federal military factories, and perhaps "another West Point" in the Middle West, were advocated here today by Governor Dunne, of Illinois, as a means of furthering National defense. The Governor spoke at the dedication of a new National Guard armory, and held up the Swiss military system as a model for democratic governments. He pointed out that the average compensation to militiamen in Illinois does not exceed \$15 a year, and added:
"But if the National Guardsmen were paid for drilling, I believe that instead of a National Guard of 120,000 men we should have one of 1,500,000 to 2,000,000 throughout the country."

COLUMBUS DAY PUZZLES

SOME COURTS OBSERVE HOLIDAY AND OTHERS DO NOT.
Judges Hold Different Views Regarding Oregon Law; Prosecutor Taking No Chances With Trials.

Want to know all about Christopher Columbus?
Ask any youngster who attends the public schools. He should be able to tell you all about this great navigator and discoverer. This morning, however, the public schools in this city are reviewing the life of Christopher Columbus, who on October 12, 1492, first sighted land in one of the islands of the Caribbean Sea.

The Oregon law setting Columbus day apart as a legal, but not a school or judicial holiday, provides that such exercises shall be held in every public school in the state on October 12 of each year.

The average pupil of the Portland schools should be able to tell any inquirer this morning who Christopher Columbus was, what he accomplished, when he was born, when and where he died—in short, all the important facts concerning him," said Superintendent Alderman.
A difference of opinion as to whether Columbus day is a non-judicial day caused something of a mixup in the Courthouse. Some of the courts held and some did not. Judge Morrow was the only Circuit Judge who held the day to be non-judicial. He refused even to sign an order. Judges McGinn, Gatten, Davis and Gantenbein worked as usual.
