FARMERS ASK MORE

'rice of Wheat in Northwest Is Advanced.

TRADE ON LARGER SCALE

Receipts Are Double Those of This Time Last Year-Higher Markets East and Abroad Add to Strength of Values Here.

A number of causes contributed to the ise in wheat prices in the Northwest yes-Not the least important was the fact that farmers asked more money and would only sell at advances. There was ome breadening of the demand, with buy- Tacoma Spokane not only by experters but by millers,

There was marked improvement in the East and cables were also higher. Chicago prices gained over I cents, due to big exort shipments from the Atlantic seaboard, and reports of the cancellation of large pur-chases in the Balkans. The London cargo

Bids at the Merchants Exchange were ad-banced all around. Prompt club offers were raised 2 cents to \$5% cents, and there was Brann similar advance in November club to \$4 ents. October forty-fold bids were lifted o \$7% cents and November to \$7 cents. Bluestem prices were up I to 2 cents, with V cents offered for both deliveries and \$1 or more asked. Throughout the list asked prices were held well above bids and no males were closed at the session, though outside reports were of an active country market. The recent brisk buying is indicated by the enlarged local arrivals. Receipts so far this work have amounted to 653,100 bushels, as against 317,200 bushels received in the same Bradstreets estimates the visible wheat in-

crease at 5.672,000 bushels, the corn increase 1.682,000 bushels, and the oats increase at 543,000 bushels. issue of Le Bulletin des Haller, @12.

Bourse et Marches, points out that the annual consumption of wheat in France averages 120,000,009 hectoliters (340,529,000 duction of the whole of France in normal times. It is estimated that the total production this year will represent a shortage of approximately 25,000,000 hectoliters (70,-113,800 bushels), and that the crop of the invaded sections, which must be deducted from the available supply, will represent a further 25,000,000 heatoliters (58,754,800 bushels), whence it would appear that the total available output will be approximately bushels). If the large influx of Belgian refuges be taken into account as partially offsetting the decreased consumption attributed to the fact that a portion of France is invaded, fact that a portion of France is invaded. fact that a portion of Prance is invaded, it is estimated that the total consumption

Asia (32,143,235 quintals or \$0.2 per cent of the 1314 production). For the following coun-tries (Denmark, Spain, Great Britain and

such as most of the tropical countries and colonies.

The report concludes, therefore, that considering the stocks carried over to the current year, and excluding productions which may either supplement cereals or replace them, the world as a whole has available a sufficient quantity of cereals to meet the needs of consumption in general, on the basis of the average consumption of the last five years.

INCREASE IN WHEAT SHIPMENTS Over Eleven Million Bushels Go From

Wheat shipments last week from North

which are reported by the Commercial Bulletin as follows: Soda Springs, quarter-blood, 50,000 pounds at 20 cents and 100,000 pounds of three-eighths at the same price. A lot of 200,000 pounds of half-blood is respected at private terms: Montana, 75,000 pounds three-eighths at 20 cents; Wyoming three-eighths, 50,000 pounds at 30 and an equal quantity at 20 cents. About 100,000 pounds of low half-blood Wyoming is reported at 274 cents. Another moderateported at 2714 cents. Another moderate-sized lot of Wyoming quarter-blood is also

reported at 32 cents. In fine wools there has been no particular movement, although a little business is reported in fine clothing Montana at 24 cents for choice wool. Some odd lots of fine me-

Eggs Firm and Poultry Steady.

The egg market was firm yesterday, with light receipts and a scarcity of No. 1 grade.
Poultry was in fair supply, but sold well
at steady prices. The dressed meat market

at 6 cenes. The sale of 100 bales of West-ern Washington was also announced.

Peach Receipts Smaller.

Receipts of late peaches are fulling off, but enough are coming in to supply the de-mand. The best Salways sold at 40 and 50 cents, and poor stock sold cheaper. Grapes were plentiful and unchanged in price. A car of Jonathan apples arrived Yakima. They were put on sale at \$1.25 to \$1.35.

Bank Clearings Hank clearings of the Northwestern cities esterday were us follows:

PORTLAND MARKET QUOTATIONS Grain, Flour, Feed, Etc.

in World This Year.

The September number of the Bulletin of Agricultural and Commercial Statistics, published by the International Institute of Agriculture, contains official information on the cainal harvest in the countries of the Northern Hemisphere. Of wheat it says:

"New important data for 1915, compared with those is the August number, report the crop in Boumania (25,600,000 quintais of 251,5 per cent of the 1914 harvest), in Canada (34,052,894 quintals of Winter and Spring wheat or 1915, per cent of the correspondent production of the preceding year) and in ten governments of Russia in Asia (32,145,299 quintals or \$2,2 per cent of the 1914 preduction). For the following countries (Denmark, Spain, Great Britain and

trios (Detmark, Spain, Great Britain and Ireland, Italy, Luxemburg, Netherland, Roumania, Russia in Europe, Switzerland, Candal, United States, India, Japan, Russia in Asia, Tunia) the 1915 production amounts to 252,818,258 quintais of wheat, compared with 698,947,472 quintais in 1914 or 122.9 per cent of the latter production."

Summarizing, the following conclusions

"The last world's production shows for all the creals a surplus over the quantities necessary for consumption.

"The excesses will serve non-producing countries which import ceresis and flour, such as most of the tropical countries and colonies.

"The report concludes there?"

PORTLAND FIRM GETS JOB Washington Buildings for Feeble-Minded to Cost \$227,000.

OLYMPIA, Wash., Oct. 13 .- (Special.) The State Board of Control has an-nounced the award of the contract for the new building group for the institution for feeble-minded, near Medical Lake, Wash., to Boyajehn-Arnold Com-pany, of Portland, for \$227,000. This is the largest state contract to be awarded this biennium.

While the Portland firm was low bidder by approximately \$12,000, difficulties in regard to the plumbing and heating contracts made it seem likely for a time that it would be necessary to readvertise for bids on all work. The plumbing and heating contracts were plumbing and heating contracts were awarded to Ben Olson, Tacoma, for \$15,793 and \$24,290, respectively. The contracts provide for the employment of Washington labor exclusively,

HOQUIAM MILL RISES FAST Plan Is to Employ Only Married Men Supporting Families.

HOQUIAM, Wash., Oct. 13 .- (Special.) -Work of completing the plant of the Panama-Eastern Lumber Company in this city is being rushed day and night by a large force of mechanics. The mill will be put in operation as soon as possible, probably before the end of the month.

month.

The Panama-Eastern mill will have a capacity of about 125,000 feet of lumber in ten hours and will employ about 200 men. The plan is to employ married men with families exclusively. The mill has been under construction for nearly a year. Another company, the Woodlawn Mill

Since that time, the mail from here has been sent only to Sparta, while Richland is served by way of Huntington and Robinette. Richland is 45 miles from here direct and the roundabout route is more than 100 miles. Mr. Sinnott has just visited Eagle and Pine Valleys on an investigation tour.

OWN SHOTGUN KILLS BOY

Companions Unable to Account How Ostrander Lad Was Hit.

KELSO, Wash., Oct. 13 .- (Special.)-KELSO. Wash., Oct. 13.—(Special.)—
Harold, the 12-year-old son of Mr. and
Mrs. G. W. Wallace, of Ostrander, died
instantly from a gun-shot wound in
the abdomen, when his shotgun was
accidently discharged in the woods
about three miles from his home at
Ostrander Sunday about noon.
Neither of his two companions know
how the gun was discharged, as they
were not looking in his direction at
the time. The boys attempted to drag

the time. The boys attempted to drag their companion home, but finally called help. Funeral services were conducted today from the Ostrander church by Rev. S. McMinis, of Kelso.

WEATHER CONDITIONS.

FACTS

A striking illustration of the difference between the old-style road and one that is thoroughly up to date is the Terwilliger Boulevard. The first part leading from the city is rough and unsatisfactory, proving conclusively that however good Macadam may be, it will not stand automobile traffic. The latter part of this spiendid drive is smooth and is always in perfect, condition and everyone who is fortunate enough to drive over it becomes an enthusiastic advocate for this hard-surface material that is known everywhere as everywhere as

Bitulithic

meeting link between the eastern and western parts of the county.
