EVERY THREE MINUTES ONE DIES IN THE U. S. The Anti-Tuberculosis Society illustrates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberculosis—and none are immune.

During changing seasons, or after sickness, blood-quality is most important, and if you and your family will take Scott's Emulsion after meals it will charge your blood with health-sustaining richness, quicken circulation, and strengthen both lungs and throat.

Scott's is free from alcohol—easy to take—it cannot harm. Get a bottle today. Scott & Bowne, Bloomfield, N. J. 15-2
