Famous English Aviator's Execution as German Agent in London, Rumored.

AMERICAN WIFE IN PRISON

British Authorities Are Silent; Paic Wedded After Spectacular Flight to Church and Acrial Honeymoon Following at Once.

WINNIPEG, Man., Oct. 18. - (Special.)-Claude Grahame-White, worldfamous aviator, is reported to have been shot as a German spy in London ower and his wife to be under a 10year sentence as an accomplice, according to a letter received today by John Cormier from his sister, a Winni-peg girl, who is now a nurse in a Lon-don military hospital.

The letter says the report is generally believed in London. Before their trial the papers were full of the details, but nothing has been heard of them

Grahame-White was of German des-cent and his wife was said to be Ger-man born and bred. The British gov-ernment has refused the name of the man executed or the woman sent to

Claude Grahame-White was a native of England and one of the most daring aviators in the world. He was one of the first owners of an automobile in England, a yachtsman, cricketer, sharpshooter and writer of books on engineering and aviation.

Aerial Honeymoon Taken.

Their wedding, June 27, 1912, was the most spectacular wedding of modern times, the bridal party going to the church at Wildford, Essex, near London, in aeroplanes, landing in the fields a short distance from the church.

The bridal pair made an aerial honeymoon trip following the wedding, going to London directly from the church. Miss Taylor was to have flown across the English Channel in April, 1912, with Grahame-White, but her nerve falled at the last moment and a Miss Davies, also an American girl, took her place and was landed in France safely.

GERMANS PLANNING TRADE Campaign to Be Waged in South America After War.

WASHINGTON, Oct. 18.—Preparations already are under way in Germany for an aggressive trade campaign to be waged in South America at the close of the war, according to a report of the Mareican Association on Commerce and Trade in Berlin, made public here by the Bureau of Foreign and Domestic Commerce. German manufacturers, the Peport says, have organized a "trade league for South America," headed by Dr. Bernhard Dernburg, who attracted much attention in the United States last Spring by his activities as an exponent of German opinion.

were nosts last night at an informal dinner to Secretary of the Treasury McAdoo, who with Mrs. McAdoo and others arrived in Sait Lake City at noon today. The party will leave tomorrow for a visit to the Panama-Pacific Exposition.

The dinner to Mr. McAdoo was without partisan flavor. Mr. McAdoo in a short speech expressed his pleasure at the fact that the affair was entirely non-partisan. He said that at present, at least, the attitude of the people toward the Administration of the National Government, the adjusting of international disputes and the solution of the great economic problems, should be wholly non-partisan.

While the men were entertaining for Secretary McAdoo, the society women of the city were giving an informal dinner for Mrs. McAdoo. During the afternoon the Secretary and Mrs. McAdoo and the others of the party were taken by eutomobile to the great copper mines at Bingham.

A public reception for Secretary and Mrs. McAdoo will be held tomorrow.

Good Advice for Thin, Undeveloped Men and Women Who Want

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised floshmakers, food-fads, physical culture siunts and rub-un creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Sargot should go far to produce flesh and strength by correcting faults of digestion and by supplying neurishing fats to the blood. It not, every druggist who sells it is authorized to return the purchase price. Increased pourishment is obtained from the food eaten, and the additional fats that thin people need are thus provided. All leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has from reports given splendid results as a nerventante and vitalizer, its use is not recommended to nervous people unless they wish to gain at least ten pounds of flesh.
