Germany Advised Opportunity to Escape in Lifeboats Is Not Sufficient.

FUTURE SAFEGUARD IS AIM

In Note on Frye Case, Secretary Lansing Expresses Satisfaction on Berlin's Agreement to Let Experts Fix Damages.

WASHINGTON, Oct. 18.—Publication tonight of the text of the latest note sent by the United States to Germany in the case of the American ship William P. Frye, reveals that the United States does not regard "an opportunity to escape in a lifeboat" as sufficient safety for passengers and crew of an American vessel destroyed when carrying contraband.

In the note, which is dated October 13, Secretary Lansing expressed satisfaction that Germany agreed to the American proposal for a joint commission of experts to fix damages for the loss of the Frye, sunk by the commerce raider, Prinz Eitel Friedrich, and concurs in the suggestion from Berlin that it is not necessary to appoint an umpire in advance.

No Rights Are Waived. In agreeing to submit to arbitration differences which have arisen over the interpretation of the Prussian-American treaty of 1878, the United States places on record its understanding that no rights are waived in the interval.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH OF EAR AND HEAD NOISES.

If you know of some one who is troubled with Catarrh of Ear and Head Noises, or ordinary catarrh cut out this formula and hand it to them and they will have been the means of saving them from suffering perhaps from total deafness. In England, Scotland, and a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease is driven down the air passages towards the lungs which is equally as dangerous. The following formula, which is used externally, has been found to be a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your Druggist 1 ounce of Eucalypti Double strength, take this home and add to it 1/2 pint of hot water and 2 ounces of granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced, directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh should give this treatment.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a little recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 ozs. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. These ingredients can be bought at any drugstore at very little cost. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp.—Adv.
