APPLE PRICES RISE

Ten-Cent Advance in All Varieties and Grades.

ANOTHER LIFT IS COMING

Horizontal Rise Is Announced by Distributors, as Demand for Winter Fruit Far Exceeds Supply That Is Available.

The stendy gain in strength that has been apparent in the apple market of the Pacific Northwest of late materialized yesterday in a horizontal advance of a dime, that will add \$50,000 to \$75,600 to the value of the unsold supply in this territory. farther advance in the near future is in

The North Pacific Fruit Distributors yes terday advanced prices on all varieties and grades of apples 10 cents a box and gave notice that another advance will be forthcoming in a few days. This advance was made in spite of the fact that the Eastern markets are crowded with all varieties of home-grown appars. The rise in prices was merely carrying out the organization's original idea that the only way to put North Pacific fruit on a better hasis was to work for wider distribution. The plan has been occess, notwithstanding the demoraliza-

ion at the auction centers.

The demand for Winter apples has now sun far ahead of the supply which the or-ganisation has in hand, the inquiry, par-ticularly from the East and Southeast, be-

The Enstern trade has come to a realizaon that the stock of Winter apples in the ountry is inadequate. This was hard for them to figure out, as they saw crops in the Middle West the largest in history by several times. For instance, the apple yield of Iowa was six times as large as in 1914. Hinois produced a crop three times as large as last year, and Indiana had more than twice as many apples as last season. This threw the dealers off the track and they delayed their purchases until almost too late. Now orders are piling in and, with the supply dwindling, values are taking the

While the hig consignments to the Eastern auction centers have deprived the saliing organizations in the Northwest of the Jurge tonnage they had figured upon this Winter, jet the average for the Distribu-Winter, jet the average tors will be a strong one.

NORTHWEST WHEAT TRADE STAGNANT

October Outs Sell on Local Exchange at 75 Cents Advance.

The local wheat market was stagnant yesterday, and things in the country were very quiet. The inactivity to get tonnage, except at excessive rates, has almost brought busi-ness in the Northwest to a standatill. At the Merchants' Exchange wheat prices were not materially changed from Saturday. Bluestem bids were raised 1/2 to 1 cent, November fortyfold was 1/2 cent higher, December club 11/2 cents lower and other

Bluestom bids were raised % to 1 cent, November fortyfold was % cent higher. The cember club 1% cents lower and other effers were unchanged.

The raising of spot bids for oats 75 cents resulted in the sale of 100 tons at \$24.75. There was no change in barley bids.

Foreign conditions are summarized by Broomhall as follows:

Thoted Kingdom—Weather favors sowing. Native offers are larger, but still disappointing and strongly held.

France—Weather seasonable and sowing is prearcesing but slowly, as sood is scarce and labor likewise. The import duty is new officially announced as re-established Germany—Crops all gathered and results favorable.

India—Crop prospects are unchanged, and on the whole favorable.

Australia—Our agent at Sydney cables that further useful rains have failen and high promise is maintained.

Haly—Wet weather is delaying agriculture and movement. Native arrivals are lighted edict. This confirms a smaller import need.

Spain—Import duties continued by official edict. This confirms a smaller import need.

Spain-Import duties continued by official edict. This confirms a smaller import need.
Russia—Weather during the week has not been favorable and late harvesting and threshing stopped. Wet snow and cold have been unfavorable. The movement is lighter, as the demand, except for local distribution, is small. Scarcity for food is pronounced in parts, while officials who purchased spectral transfer of the state of

the demand, except for local distribution small. Scarcity for foud is pronounced parts, while officials who purchased spec ulatively refuse to sell and much grain is exposed to weather conditions and there-fore a larger proportion than usual will be unmerchantable. There is still no movement fore a larger proportion than usual will be glos each; salted shearlings, 10 glos unmerchantable. There is still no movement toward Black Sea ports and the feeling in coal shearlings, 10g 20c each; salted long-Odessa is that the Dardanelles will not be wooled pelts. September, 75cg 31.22 each; dry wooled pelts. September, 75cg 31.22 each; dry sold pelts. VOLUME OF WHEAT EXPORTS LARGE Shipments in Past Week Are Over Twelve

The weekly wheat statistics of the Merchange in the American visible supply: Held for Increased Price.

WAPATO, Wash., Oct. 25.—(Special.)—
The fruit shipping season is about over for Wapato, the last of the apples now going out. Hay has been a slow shipper this year, ranchers helding for an increased price. Quotations at present for first-grade alfaifa are \$10.50 a ton.

Since July I, the beginning of the railroad fiscal year, Wapato has shipped more than 1000 cars of produce, fruit, potatoes, hay and livestock. The shortage of water for irrigation, together with a cold Spring, caused a shortage of the hay crop.

Clover seed has been a splendid crop this year, eight cars being shipped, four to Chicago. This section of the reservation will recoive between \$40,000 and \$50,000 from clover seed alone this year.

SIX THOUSAND HEAD ARE IN

Hog Market Finishes Strong as \$7.10 Top-Lambs Advance a Dime; Cattle Are Also Higher, Considering Quality Offered.

There was a lively market at the stock-ards yesterday, with a good run of about 1900 head, mostly hogs. All lines were

firm.

There was fair quality in the cattle receipts, and, grade considered, buyers paid better prices than a week age. Heavy cattle, as usual, were slow, while fat grassers went at \$6.50 to \$6.75.

Hog buyers seemed inclined to start the trading at a somewhat lower level, but the day finished strong at \$7.10, the close of last week's trading. Many of the consignments lacked the finish noted last week.

week.

In the sheep market there was the same and the same and the same as occurred in the hog market last week. On an exceptionally well put up bunch of lambs from east of the mountains the price was advanced to \$7.05. The advance was not for this class of lambs only, as a Valley consignment brought \$7.25. Taken altogether, the sheep market is strong all around. In fact, it has not shown such strength for the past three years. market is strong all around. In fact, it has not shown such strength for the past three years.

Roceipts were \$46 cattle, 12 calves, 4702 hogs and 260 sheep. Shippers were:

SPECIALTIES ARE HIGHER

STOCKS ADVANCE IN SPITE OF LOWER EXCHANGE.

Eric Issues Are Strong Feature of Rallway List - New Records for War Shares.

NEW YORK. Oct. 25.—This week's renewal of activity in special stocks was reaumed on a large scale today, regardless of weakness in foreign exchange. Demand sterling full to 461½, a decline of 12 points from the bigh point to which it recovered a few weeks ago, when the Angio-French loan was in process of consummation, and only 11½ points above the alarmingly low levereorded in August.

Most other forms of foreign remittance were lower, including france and lires, while marks were inclined to yield.

It is occoming increasingly evident that the only solution of this problem lies in the establishment of new foreign credits. Conferences with this end in view were held by international banking interests today and some definite adjustment is soon probable. The higher prices scored today were again limited to so-called war shares. Among the new records were Maxwell Motors common, up 15½ points to 00½, the second preferred 7½ points to 50%, and American Linseed 5½ points to 86%, and American Linseed 5½ points to 182; Baddwin Locomotive, 4 points to 182; Baddwin Locomotive, 4 points to 182; Baddwin Locomotive, 5 points to 183; and the fertilizers and oils, these gaining 2 to 5 points.

United States Steel's course was watched with especial interest, because of tomorrow's quarterly meeting of the directors. Steel opened a fraction higher, soon fell over a point and was heaviest at the close, losing 1½ points and 85%. The beat opinion is that no action on the common dividend will be taken.

Eries were the outstanding features of the realways, the emmon advancing 3½ points to 39½, the preferred 1½ points to 50½, and the second preferred 3½ points to 58%. These represent the highest quotations in three to four years. Erie common was only second in activity to Steel, the demand for this stock being among the few impressive features of the day. Rails in general and specialities shaded considerably toward the end, some standard issues making moderate net lossor. Total sales were 1,150,000 shares. The Western freight movement

WEATHER CONDITIONS.

The North Pacific disturbance is still off the British Columbia Count; it has caused precipitation in Northern Oregon, Washington and British Columbis. Another disturbance is moving eastward over east-central Canada and has caused strong winds over the Northern Plains States and Lake Region and precipitation in Saskatelewan and Manitoba. Rains have faller also in Southern Louislans. The atmospheric pressure is high over the country from the North and Contral Pacific Coust southeastward to the Guif, and South Atlantic Coast and over the Atlantic Slope. The weather is warmer on most of the Pacific Slope and in the Northern Rocky Mountain States and western Canada; also on Correspondingly cooled from The weather is correspondingly cooled from The conditions are favorable for canadom rain Theeday in Western Oregon and Control Canada and The coaditions are favorable for canadom rain Theeday in Western Oregon and Western Western Pacific Slope in Otherston and for generally western Washington and for generally western Pacific Slope in Interior western portlons of Oregon and Washington. Winds will be needly southerly.

WEATHER CONDITIONS.

FORECASTS. Portland and vicinity: Tuesday probably occasional rain, cooler; southerly winds. Oregon and Washinston: Tuesday prob-ably occasional rain west, generally fair cas

FACTS

While on a tour of inspection in Central and Eastern
Oregon, Louis W. Hill, the
president of the Great Northtern Railway system, said:
"What you need here are
Wagon Roads, not Railroads."
Mr. Hill evidently realized
that a public highway is ready
for use at any and all times,
without cost, time or schedale, and with modern means of
transportation the farmer and
rural resident will no longer
be isolated and will be in constant communication with he isolated and will be in con-stant communication with every part of the country at all seasons if the roads and highways are hard-surfaced with
