WAR PREVENTIVE IS ASKED

Congregationalists to Ask Wilson to Help Work Out Plan.

NEW HAVEN, Oct. 26.—The National Council of Congregational Churches today placed on record its belief that armaments in the United States should not be greater than adequate National defense requires. The President and members of Congress were asked to recognize this principle and urged to bend their energies toward working out, in co-operation with other governments, a plan for an international organization that will render a recurrence of war impossible.

The resolution, together with one adopted earlier in the day appealing to the President to do something to stop the Armenian atrocities, will be carried to Washington by a committee of five to be named tomorrow. Dr. H. P. Dewey, of Minneapolis, proposed this method so that "the resolutions will be considered with all the seriousness accompanying their consideration and adoption, and so that they will not find lodgment in an official 'waste basket.'"

"COUNTRY FAIR" TO OPEN

Entertainment in B'nai B'rith Hall Continues Tomorrow.

A "country fair" conducted along elaborate lines, will open tonight in B'nai B'rith Hall, under the auspices of all the organizations centered in the building. The festivity will be continued tomorrow night. The gymnasium will be the center of attraction, for it is here that the side-shows will be stationed. There will be Neptune's daughter, Stella, the sword-swallower, the Basso band, the sacred spotted calf, the jitney dance, a masé-belleve Monte Carlo, Myrtle the mindreader, palmists and fortune-tellers, the duck pond, the 1916 bar, Riley's country store, the Oriental dancers direct from Cairo and a dozen other unique features.

ing of poolrooms by minors was brought out in District Judge Dayton's court yesterday, when Gottlieb Miller, proprietor of the Multnomah billiard parlor, pleaded guilty to an infraction of the state law and was fined \$25, the minimum amount.

The state law rules against all minors, by which is meant those under 21, playing in a billiard parlor, while the city ordinance fixes the age at 19. Miller said that he was given to understand that he was to run it according to the city ordinance. Deputy District Attorney Ryan consented to his being

CLUB IS REORGANIZING

Meeting at Vancouver Friday Will Be to Complete Plans.
For the reorganization of the Vancouver Commercial Club, a meeting will be held Friday night to complete the formulation of the plans. A. L. Mills, C. F. Berg and George L. Baker, of the Portland Chamber of Commerce, have been invited to attend the meet-

ing and speak on the reorganization work in the Portland body and its resultant benefits.

The reorganization work will be in the hands of P. E. Poindexter, of New York, who has been hired by the business men of Vancouver. It is planned to put the body in the best possible working order to take advantage of the benefits that will accrue from the opening of the Interstate bridge and the stronger and closer commercial and trade relations with Portland that it will stimulate.

TOURIST WAVE IS FORECAST

Southern Pacific Agent Completes Tour Made in Canada.
John M. Scott, general passenger agent of the Southern Pacific, returned yesterday from a three weeks' tour through Canada that took him as far east as Winnipeg.

Mr. Scott went in the interest of the annual tourist movement of Canadian residents to Oregon and California. He reports that the volume of this traffic will be heavier this year than last, but that it will not be as heavy as in the several years preceding the outbreak of the war. No special trains will be needed this year to handle the crowds. Low round-trip rates will be established, however, to permit the Canadians to travel on the regular trains via Portland to San Francisco.
