McMinnville Man Forges Ahead in High Frequency Regis-tering Contest,

MATTEY LEADS.

J. Mattey, the genial and pop. magnate of McMinoville, forsed ahead of W. C. Knighton the prom. b. m. of Salem, the other day in the great high-frequency registering contest in this city.

Up to Tuesday morning their batting averages had been even, but at that time Mattey strolled into the Perkins and put another John Hancock on the register. Knighton fans at the Seward waited feverishly all day for him to appear, but in vain. Wednesday brought no change and the week gradually slipped by, leaving their hopes dashed to the ground, while the Mattey recoters rose to the apex of confidence.

Mattey's percentage is now .734 while Knighton's is .725, and it is believed that he will be able to hold the lead that he sestablished indefinitely.

"Maybe that man is an agri-culturist, but that remark of his sounds more like he was a chiropodist."

A Busy Hour Planned. The victorious O. A. C. foot-ball team returning from Michl-gan will be in Portland one hour Wednesday, according to its schedule. It will arrive here at 7 A. M. and leave at 8 A. M. The O. A. C. Club, of Port-land, is planning an entertain-ment to show its appreciation of the trans which includes

YOU SAY "I'M WELL"

-BUT ARE YOU?

NO ONE is really well who is dependent upon laxatives and cathartics for relief from a more or less chronic condition

Laxatives give only temporary relief and their after effects in-

A few years ago, Sir William Arbuthnot Lane, the distinguished English surgeon, obtained some remarkable successes by

the use of mineral oil in the treatment of chronic constipation. Since then, the mineral oil treatment has received the most thorough testing. The Standard Oil Company (New Jersey) has produced in Nujol a product that conforms in every way

Nujol is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

Rutland Company Scils Freighters
for Service From Seattle.

SEATTLE, Wash., Oct. 31.—Purchase of the steel freighters Rutland and Ogdensburg from the Rutland Transit Company, which has been operating a line of steamers on the Great Lakes, was announced last night by the Pacific-Alaska Navigation Company, the Admiral line.

The price was not made public, but it is understood that more than \$300,000 was paid for the vessels. The steamers will be renamed Admiral Elark and Admiral Seberee, and will be operated between Puget Sound and Alaska. The vessels are sister ships of 2300 tons gross.

The Rutland Transit Company recently sold the steel steamers Senand Clark and Admiral Seberee, and will be recently sold the steel steamers Bennington and Burlington to the Alaska Steamship Company for its Alaska Steamship Company

Row Occurs Aboard Steamer.

Considerable excitement prevailed on the Grace Line steamer Columbia early last night, according to a report made to the police by a man who represented himself to be the night watchman of that vessel. The man, who said he had been put in charge of the vessel by the captain, reported that he was put off by members of the crew in the absence of the skipper. His story indicated that there was some sort of a "free-for-all" fight going on at the vessel, and an automobile load of patrolmen was dispatched to the scene. When they arrived all was cule.
