Fifty Pastors to Preach Today in Favor of Extending Privilege of Ballot-Antis Hold Final Mass Meeting.

NEW YORK, Oct. 31 .- The suffragists closed their campaign for votes last night, and leaders expressed their con-ndence that the woman suffrage amendment to the state constitution will be carried in next Tuesday's election. The climax came in an open-air concert and mass meeting in Madison Square and in the completion of 26 hours of continuous oratory at Columbus Circle. The speaking began at 10 o'clock last night, students from Columbus University starting it.

Mrs. James Lees Laidlaw presided at the Madison Square raily. The speakers included J. Stitt Wilson, of California, Redmond Robins and Catherine B. Davis, commissioner of correction.

Dr. Anna Howard Shaw, president of the National American Suffrage Association, declared that she was confident of success next Tuesday.

"We shall keep open house that night," she said. "You know we expect it to be a jubilation night. As I have said over and over again, never having had any of the three states (New York, Massachusetts, Pennsylvania), we cannot lose them; all we can do is to win."

Anti-suffragists were busy tonight. They held a mass meeting indeet the ment to the state constitution will be

A copy of the resolutions will be sent to Senator Chamberlain and one to President Wilson.

Frank E. Coulter spoke against the proposed appropriation. Hhe character-ized it as a move to strengthen the "military aristocracy."

The programme was selected from the works of Brahms, Schutt and Bossiture widely divergent schools. The numbers were all classical, technical studies of more than ordinary importance, and of marked educational value, although the presentation of tune values in them is small. The Brahms was his "Trio in C, opus 87," and is distinguished by its soundness and adhie herence to established musical form. Many fair-minded doctors prescribe Vinol because they know of what it is made, viz.— the medicinal extractives of fresh cod livers, peptonate of iron and beef peptone, without oil or grease, in mild tonic wine. They know these are the oldest and most famous tonics. Read the result in Mrs. Mason's case.

"I keep house for my little family of two, and got in to a weak, nervous, run-down what ailed me. My doctor prescribed Vinol. I noticed an improvement before I had finished the first bottle, and I am now feeling fine and doing all my housework."

Every weak, nervous, run-down person, feeble old people and delicate child in Portland should try Vinol on our forms of coal from Norfolk to Barcelona, Spain. Rate for Carrying Coal.
