

M'CALL IS AHEAD IN BAY STATE

Republican Has Majority in Close Election.

PROGRESSIVES FADE AWAY

Candidate for Governor Has Total Vote Only Little in Excess of 6000.

KENTUCKY IS IN DOUBT

Democrat Ahead in Maryland. Republicans Gain in New Jersey Legislature.

SUMMARY OF YESTERDAY'S ELECTION RESULTS.

Massachusetts—McCall, Republican, apparently elected.

New York—Twelve Republican, five Democratic Mayors elected in larger cities. Three Republican Representatives in Congress chosen to fill vacancies.

Kentucky—Both sides claim victory for Governor.

Maryland—Democratic nominee for Governor probably elected by 5000.

Pennsylvania—Republican is elected Mayor of Philadelphia.

Ohio—Prohibition defeated by reduced majority.

New Jersey—Republicans gain seats in State Senate.

Mississippi—Democratic nominations ratified.

BOSTON, Nov. 2.—The election of Samuel W. McCall, Republican, ex-Representative in Congress, as Governor over Governor David I. Walsh, Democrat, who sought re-election for a third term, appeared probable as the returns from today's state election approached completion tonight.

The vote was running close, however, and the Democratic candidates were not prepared to concede defeat. With 39 election precincts missing, McCall had 224,674 votes, Walsh 221,787, a plurality of 2887.

Rest of Ticket Republican.

There seemed to be no doubt that the Republicans had elected the whole of the state ticket below Governor. Calvin Coolidge, the Republican nominee for Lieutenant-Governor, was running more than 20,000 votes ahead of ex-Lieutenant-Governor Barry, Democrat.

In the Legislature, where the Republicans had a working majority at the last session, they made decided gains.

Progressive Vote Negligible.

The Progressive vote in the state was almost negligible, late figures showing only a little more than 6000 votes for Nelson B. Clark, the candidate for Governor.

William Shaw, the Prohibition nominee for Governor, polled one of the largest votes in the history of the party in this state. His vote was more than twice that of the Progressive candidate.

In the City of Boston, where the question of the recall of Mayor Curley was on the ballot, returns indicated the probable defeat of the recall movement by a fairly close vote.

DEMOCRATS CARRY BALTIMORE

Indicated Plurality for Governor Is 5000 to 7000.

BALTIMORE, Nov. 2.—Twelve precincts out of 313 in Baltimore City give for Governor Harrington (Dem.) 3318, Weller (Rep.) 1282. The indicated majority is 5000 for Harrington in Baltimore City. No reports from the counties have been received up to 11 o'clock.

Meager returns from today's election in Maryland indicated at midnight the election of Emerson C. Harrington (Dem.) as Governor, over O. E. Weller (Rep.), by a majority of over 5000 to 2000. However, only 40 out of 218 precincts in Baltimore City had made returns at that hour. They gave Harrington 5512, Weller 4618.

Albert C. Ritchie (Dem.), for Attorney-General, ran far ahead of the ticket in Baltimore city and indications were that Hugh A. McMullen (Dem.) had been elected State Comptroller. The Legislature probably will be safely Democratic.

PROHIBITION IS BEATEN IN OHIO

ADVERSE MAJORITY BELIEVED TO BE AT LEAST 50,000.

Partial Returns Show Slight Gains for Temperance Forces in Some of Rural Districts.

COLUMBUS, O., Nov. 2.—Early returns from today's state election indicate that the state-wide prohibition amendment was defeated, though last year's wet majorities in several of the large cities apparently were reduced. Prohibition was defeated last year by a majority of more than 84,000.

Political observers early tonight estimate that the majority against prohibition would be at least 50,000. Partial returns showed that the temperance forces made slight gains in many rural districts.

DENVER, Nov. 2.—Miss Anna Gordon, National president of the Woman's Christian Temperance Union, passing through Denver tonight, expressed gratification over early reports showing reduced majorities of the "wets" in Ohio over the preceding vote on the liquor question.

"It was a plucky fight," she said. "We shall stay in the fight until we win."

Universal woman suffrage, she said, was bound to come, in spite of today's returns.

CHICAGO, Nov. 2.—Beardstown and Mounds, the two wet towns of the 11 Moinds, where local option elections were held today, voted to continue wet.

Of nine dry towns, two, Percy and Willsville, voted to let saloons return.

"BLIND" PIG REAL BLIND

Man at Roseburg Tells of Deal With Unseen Bootlegger.

ROSEBURG, Or., Nov. 2.—(Special.)—Officers and newspaper men assembled in the Recorder's Court here yesterday heard the recitation of a transient chimney-sweep of how it was possible to obtain liquor in Roseburg without seeing or even knowing the bootlegger. The fellow said he learned the method through overhearing a conversation, applied the instructions and that it worked.

William Castle was arrested Saturday, charged with drunkenness. Castle said he placed 50 cents behind a billboard stationed on a side street of the city and went away. Ten minutes later he said he returned and found two flasks of whisky. The money was gone. Castle declared he did not know the bootlegger, but simply followed the directions of those who were conversant with the game. Castle was fined \$2.

OCEAN TOYS WITH MAIL

Newport Carrier and Team Caught in Surf Have Narrow Escape.

NEWPORT, Or., Nov. 2.—D. E. Hurst, the Newport-Waldport mailcarrier, narrowly escaped being drowned in the surf this morning about eight miles down the coast.

He was en route to Waldport with mail and got caught by the surf at what is known as the Grant place, where high bluffs make escape impossible. His back was upset by the waves, and the mail and other goods swept into the sea.

Hurst in his struggle to save himself and his team had two fingers broken, and all would have been drowned but for the timely arrival of Lee Doty. Only after great difficulty and danger of losing his own life was Mr. Doty able to effect a rescue. Most of the mail was recovered later along the beach.

TEUTONS CAPTURE MINES

Serbian Copper and Anthracite Fields Conquered.

LONDON, Nov. 2.—Germany and Austria are likely to obtain ample supplies of copper from Serbia, according to Chedo Miratovich, ex-Serbian Minister to London. There also are anthracite mines in the Timok Valley.

M. Miyatovich, in a statement to the Standard, says the Serbian army can hold out in the mountains a month longer, and that the invaders are likely to find little booty in a country exhausted by years of warfare, except what they take from the copper and gold fields.

MINERS DIG FOR VICTIM

Rescuers Work All Night in Slide to Find Buried Foreman.

PITTSBURG, Nov. 2.—Every available miner in the Curtleville district near here was summoned today to the shaft of the Ford Collieries Company, where late yesterday Frank Morgan, the foreman, was entombed by a fall of slate.

Rescuers, working in relays, toiled throughout the night, digging toward the point where Morgan was believed to be buried, and fresh men relieved them at daybreak. There was no evidence that Morgan was alive.

BEAVER CREEK DAM READY

Construction Completed of Storage Reservoir Near La Grande.

LA GRANDE, Or., Nov. 2.—(Special.)—Except for some finishing touches here and there, the big dam across Beaver Creek, which will store winter and spring flood waters for distribution to water users during the summer, has been completed.

The main bulk was finished this morning, according to telephone communication from the works.

SUFFRAGE LOSES IN THREE STATES

Adverse Majorities Are Shown in Returns.

WIDE MARGIN IS DECISIVE

Pennsylvania 250,000 Against, Say Opposing Leaders.

MANY OVERLOOK ISSUE

Antis Say Issue Is Defeated by 100,000 in Massachusetts—New York Also Opposes—Vote of Metropolis Is Delayed.

BOSTON, Nov. 2.—Returns from 341 precincts out of 1140 in the state, including more than half of the City of Boston, give for woman suffrage: Yes, 86,282; no, 158,393.

Basing her estimate on about 60 per cent of the vote, which had been tabulated at 8:15 o'clock, but which did not include the City of Boston, Mrs. Katherine T. Balch, president of the Massachusetts Anti-Suffrage Association, estimated that the state had voted against woman suffrage by a majority of 100,000.

PHILADELPHIA, Nov. 2.—Anti-suffrage leaders in this city assert the suffrage amendment was defeated in Pennsylvania by approximately 250,000 votes. In Philadelphia the majority against it was about 100,000.

The amendment was printed at the bottom of the largest ballot ever used in Pennsylvania and many voters overlooked it.

NEW YORK, Nov. 2.—Returns from approximately one-third of the election districts outside New York City indicated the defeat of the suffrage amendment by about 78,000 in the up-state districts. The count of the vote in New York City was much delayed.

Returns from 815 election districts out of 2075 in New York City on suffrage give: Yes 57,745; no 121,978.

The defeat of the suffrage amendment by a majority of 200,000 was predicted and the defeat of the revised constitution conceded at the Republican state headquarters shortly after 10 o'clock.

WOMEN OF CITY LEAVE

Villa Artillery Again Shells Agua Prieta, but Damage Apparently Is Slight—Intent to Attack American Town Rumored.

DOUGLAS, Ariz., Nov. 2.—With salvoes of artillery beginning at 3:17 tonight, General Villa apparently began preparing for his fifth and possibly last assault on the Carranza stronghold of Agua Prieta.

Three hours before, Major-General Funston, who arrived and assumed command in Douglas today, removed the American troops from their trenches on the international boundary. This move, coupled with reports that Villa intended shelling Douglas, and that General Funston was preparing to interfere in Mexico, caused widespread apprehension.

Many Women Leave City.
Many women whose homes were scattered with bullets during the terrific firing around Agua Prieta last night, left the city.

It was said, however, that no move was contemplated against the fighting Mexican factions unless either were guilty of an overt attempt to endanger American lives and property.

General Funston, in a ride along the United States border line, was himself endangered by stray Mexican bullets.

Funston Is Reinforced.

General Funston earlier in the day ordered all civilians kept out of a zone within range of the firing.

Infantry battalions were shifted to strengthen the United States Army position facing the Mexican battlefield.

Four troops of cavalry, ordered from Naco, Ariz., arrived tonight. Three other troops of the Thirteenth Cavalry have been ordered from Columbus, N. M., further to reinforce the American mounted troops.

Bullets kicked up dust close to Major-General Funston and Brigadier-General Thomas E. Davis as they strove through the danger zone, in which two American soldiers were wounded today.

Agua Prieta Little Damaged.

With reference to possible intervention in the Agua Prieta battle, it was pointed out that an attack on either Mexican faction probably would mean fighting both, with a large chance that the combined artillery across the border would seriously damage Douglas. Houses on the exposed mesa facing

GIFTS TO ALBANY COLLEGE APPROVED

BANKS PASS ON CONTRIBUTIONS TO ENDOWMENT FUND.

Amount Is \$201,000 and Conditions Believed as Named by J. J. Hill, Who Offered \$50,000.

ALBANY, Or., Nov. 2.—(Special.)—A committee representing all Albany's banking institutions tonight passed favorably on Albany College's endowment fund of \$201,000, and their findings will be forwarded to James J. Hill for his inspection.

Mr. Hill offered Albany College \$50,000 conditioned on the raising of \$200,000 in cash, or its equivalent, for a permanent endowment fund.

The fund collected consists of cash, bonds and interest-bearing notes. In order to make certain the collection of the notes, Mr. Hill required that they be secured by mortgages or other security that would make them acceptable at the bank. It was on these securities that the bankers passed this evening.

With \$100,000 more than was required by Mr. Hill stipulated, the college authorities feel sure of Mr. Hill's donation of \$50,000. The greatest enthusiasm has prevailed in college circles here since the verdict of the bankers was announced.

The completion of plans for moving to the new campus and erection of new buildings will now be taken up, and it is expected that the college will open for work on its new campus next Fall.

NEW YORK, Nov. 2.—Captain Thomas H. Evans, a master diver of Brooklyn, today announced that he had set a new world's record for depth in diving in the waters of Long Island Sound off Stamford, Conn.

Evans said he went down 305 feet and remained in the water more than three hours. He wore a metal suit.

Tuesday's War Moves

PREMIER ASQUITH'S speech in the House of Commons yesterday on the policy and plans of Great Britain, concerning which he did not disclose much more than already was known, monopolized the attention of Europe tonight and the fighting, although it has been severe on some of the fronts, is receiving little thought.

The Austro-Germans and Bulgarians continue their advance in Serbia and are daily drawing closer to Niuh, making the position of the Serbian army in the north more precarious. It is believed here, however, that the Serbians will be able to withdraw to the mountains and resist the invaders until the assistance which the entente powers have promised draws some of the pressure from them.

The British and French troops which were landed at Saloniki already are doing this in the south, and news of a Russian contingent, which is variously reported as having landed at Varna or to be approaching Bulgaria through Roumania, is anxiously awaited.

On the western front, except for some fighting in Champagne, there is little or nothing doing, but on the eastern front, at least three or four big battles are in progress.

The Germans continue their efforts to approach Riga from the west, the Russians are attacking west of Dvinsk and among the lakes south of that city, while attacks and counter-attacks are almost continuous on the Styr River in Volhynia and along the Strips in Galicia. Both sides are claiming the advantage.

The offensive of the Italians against the Austrians also continues, although Vienna reports that it is meeting with no success.

—(Special.)—From Shoreacres, the country home of L. J. Shimpson, a report was received saying 25 survivors are there and that in the list is Captain Lofstedt. The lifesavers have a line on the Santa Clara and say someone is still on the ship.

MARSHFIELD, Or., Nov. 2.—(Special.)—Alice Church, a Marshfield girl who was aboard the Santa Clara, said: "I was in the first lifeboat that went over the Santa Clara. It got only a short distance and then was swamped. There were about 20 in it. I think only a few got ashore."

MARSHFIELD, Or., Nov. 2.—(Special.)—Sixteen lives are known to have been lost early tonight when the passenger steamer Santa Clara, from Portland to San Francisco, went aground on the south spit near the entrance to Coos Bay. The dead may number 25.

There were 48 passengers aboard and the crew numbered 24.

Captain Gus Lofstedt, master of the vessel, who resides in Portland, was among the dead. Other victims were from Oregon and Washington.

Lifeboats Are Capsized.

The greater number of lives were lost when two small boats, trying to leave the foundered steamer, were capsized by the heavy sea.

Several thrilling rescues were made, while others died within view of persons engaged in rescue.

The North Pacific Steamship Company, owner of the Santa Clara, gave out a passenger list last night, but was unable to give the home addresses of most of the passengers. Several Portland people were known to have been aboard, and two from Hood River.

The Santa Clara left Portland Monday morning. She is a wooden vessel 223 feet long and was built at Everett, Wash., in 1900.
