CITY TO HOLD UP PAY

February Decided as Best Time to Meet Stringency.

LOAN ISSUE IS CONSIDERED

acrifice of Bill Payment Discounts Thought Preferable to Submitting Employes to Big Rates for Borrowing Funds.

Holding up of the city's payroll and other expenditures between February 15 and March 16 has been decided upon by the City Council as the best means of getting the city over the period of financial stringency due to too much pruning of the tax levy for

This plan was decided upon as best sifter other methods such as requiring comployes to assign their salaries to loan agents or to pay only half salaries for a couple of months were considered.

Using figures which are considered. This plan was decided upon as best

Using figures which are considered a little short of being conservative, it is found that the city may be able to pay its bills up to February 15, at which fime, it is admitted, the treasury will be depleted. This will be because there be depleted. This will be because there will be insufficient money left as a balance at the end of the present fiscal year (December 1) to carry the city's payroll and other expenses over until the first of the 1916 tax money comes in on March 1.

Payroll Funds Are Short.

Payrell Funds Are Short.

S. Gurtze, clerk of the Council, brought the question before that body with the information that the city treasury will be short sufficient funds to meet the payrolls. He suggested that, commencing this month, the Council pay the employes only half of their salaries, thereby holding back sufficient to carry over the period of stringency. "Either that," said Mr. Grutze, "or repeal the ordinance which prohibits employes from assigning their salaries. You cannot issue any evidence of indebtedness and you can give a man nothing to show that he has anything cound he arranged by the employes."

"It's a serious situation, isn't it?" said Mr. Baker.
"It have feetered," and Mr. Die better that the heart of the said Mr. Baker."

have figured," said Mr. Dleck "that that we can go ahead and meet our payroll and other expenditures un-til Fabruary 15. Then we can let the February payroll slide over until March 10 or 15, when there will be plenty of money in from taxes. That plan in-volves putting off all possible pur-chases?"

"There are a good many things in the way of purchases that can be held off for 30 or 60 days, are there not?" arked Mayor Albee.

Discount Sacrifice Suggested. "Ves," said Mr. Dieck. For that mat-ter we can sacrifice the 2 per cent dis-count allowed for payment of bills. It seems to me to be better to lose that per cent than to force the employes o pay big rates to loan sharks to get meir money."

That seems to me to be the best tway," said Mr. Daly. "I don't like this loan shark proposition."

"I believe it would be better to let the nayroll slide by March than to cut it off new or during the holiday season, when there is a maximum need for money." said Mr. Dieck.

This plan seemed to be the most favorable so it was decided upon definitely. The trouble has come up largely by reason of the majority of the Coun-

by reason of the majority of the Council trimming the tax levy for 1315 down below where it should have been. As a result of this reduction, the city will carry over at the end of this year probably \$400,000 as compared with \$840,000 at the end of last year.

DRUGGIST ORDINANCE DECLARED FAVORABLE AS REVISED.

Retailers to Be Permitted to Carry Dozen Pint Bottles of Gasoline, but Bottling Right Denied.

Druggists of the city expect more liberal treatment in the ordinance now under consideration by the City Council than was thought likely a few days ago in regard to the limitation of the quantity of gasoline that may be carried in stock and the manner and place of its bottling. Following a special meeting vesteries of the of its botting. Following a special meeting yesterday of the grievance committee of the Portland Retail Druggists. Association, it was arranged that the city ordinance will be submitted to this committee for its approval, and Fire Marshal Stevens, after a conference with the druggists. fter a conference with the druggists,

after a conference with the druggists, outlined what will probably be required by the ordinance.

It was understood at the meeting of the committee yesterday that the ordinance will allow one dozen pint bottles of gasoline to be carried in stock by the druggists. The gasoline must, however, be bottled elsewhere than on the premises. This, it was decided by the committee, would be satisfactory to the druggists generally.

chants' Exchange.

UNSOLD SUPPLIES LIGHT

Occasions Speculative Buying at Highest Prices of Season. Wheat Is Firm.

The burley market suddenly developed into the strongest feature of the grain trades yeaterday. Bids at the Merchants' Exchange were raised to the highest points of the season, but the advance did not tempt holders to let go.

The trade has some to a confination that

ers to let go.

The trade has come to a realization that barley supplies remaining in the Northwest are not heavy, and this has prempted a good deal of speculation to the country. There is expert demand for this cereal, but it is figured that the prices now ruling here are above expert value, as based on 100s freights. Barley has been coming out of the interior in the past few months at a faster rate than hist year. So far this sensor the

"Market during the week has ruled firm, with a difficulty in purchases consequent upon the American exchange and the scarcity of workable offers.

"The starcity of spot here is keenly felt, as American arrivals have been light and mative movement disappointing, but it is expected that British wheat will soon be delivered more freely, as the Government is relieving the scarcity. "Importing countries continue to depend upon North America, and it is believed that

tion unlers the freight situation is re-

Terminal receipts, in cars, were by the Merchanta' Exchange as follows:

LA GRANDE, Or., Nov. 2.—(Special.)
—With the roturn of F. L. Meyers, cashier of the La Grande National Bank, from Portland, where he attended a meeting of the chief bondholders of the Lake Sanitarium, announcement is made that foreclosure proceedings will be started against the institution. Mr. Meyers has been empowered to superintend this legal step.

Big Purchase in Bulgaria Causes Complications.

CHICAGO ACTS PROMPTLY

Advances of Two Cents and More Follow Bullish Advices From Europe-Winniper Strength Indicates Foreign Buying.

CHICAGO, Nov. 2.—Reports of Increased ensien between Greece and the Anglo-Prench allies did a good deal today toward bringing about higher prices for wheat. The market closed strong, the to 2023 to an bringing about higher prices for wheat. The market closed strong, the to 2923c up, with December at \$1.045 and May at \$1.055. Other leading staples, too, scored net gains—core too to \$1.05c. and leading staples, too, scored net gains—core too to \$1.05c.

Optims in the wheat market began right at the start, and received at no time any important check. Buils gave chief attenden to the foreign situation, especially advices from Liverpool telling of inadequate supplies, and saying that the purchase of \$2.000.000 bushels of wheat by Greece from Bulgaria had led to a fresh political tangle. Persistent strength, also, of quotations at Wingipes was taken to mean further buying there for Europe.

In the corn pit, assertions that the quality of this season's crop averaged only 76.0 percent, as against \$5 per cent for a series of years, gave an advantage to the buils. Besides, there was talk of an improved export demand at the seaboard.

Oats were also helped upward by advices of a good distributing business in the East. Cash transactions here, however, were not enlarged to any perceptible extent. Strongth in the provision market resulted chiefly from a radical cutting down of Western stocks of means. Packers seld on the buile.
