Silk Front Shirts on Sale
\$1.15—3 for \$3.00

—There isn't a man living who wouldn't wear silk shirts if he could—but the average man finds them much too expensive for everyday wear.

But Listen to This

—Every man can now wear silk shirts (to all outward appearance), for these shirts on sale are made with pure tub silk bosoms which extend to the waist, and in width nearly to the arms. The cuffs also are of the same silk.

—The silk used is the identical same quality found in \$5.00 to \$6.50 silk shirts—the patterns are also the same—smartest new stripings, in two and three-toned combinations, with satin stripes.

—The bodies of these shirts are made of a fine shirting, in the same pattern as the silk, copied to the minutest detail.

—They are cut full and ample in every measure, exactly like all-silk shirts, with soft bosoms, coat style, and French turned cuffs.

Men's Knitted Overcoats \$14.85
A New Record

For Quality, Style and Price

—Knitted coats are, without a doubt, the only thing for Winter wear. They are also the very newest in coats for men.

—Compare these coats in our Men's Shop with the other knitted coats shown about town—it does not take an expert to detect the great difference in quality, style and fit. Our coats are smartly tailored, in the latest box or semi-fitting styles, single or double-breasted, and with plain or velvet collars.

—\$20.00 would only be a fair price for these coats, and in fact many coats shown elsewhere at higher prices are not nearly as good, in any way.

—Drop in today, and let one of our salesmen fit you in one of these \$14.85 coats.

Buy Your Victrola Now

By the Lipman, Wolfe Easy Payment System
You Will Be Well on the Road by Christmas

—It wouldn't be at all strange if you are planning to give someone in your family a Victrola for Christmas—or perhaps to make a present of one of these fascinating instruments to the whole family. Lots of people do it every Christmas—more than ever will do it this Christmas. For the popularity of the Victrola has grown to the proportions of a landslide, due not only to the craze for dancing, but to appreciation of the ever-growing and vastly varied Victor repertoire along such lines as opera, vocal and instrumental solos.

Bear These Points in Mind
Victrolas Are Apt to Be Scarce Later On

—The Lipman-Wolfe stock of Victrolas is very large and very complete. —If you begin to pay for your Victrola now (there are still two full months before Christmas), you will have a good part of its price paid by December 25th—and you'll hardly feel the little weekly or monthly payments at all while doing it.

—Here are the types, prices and terms—as an added convenience, we have included a supply of records in the terms for the various machines, but you can buy the Victrola alone, if you prefer:

Wonderful Millinery

At Height of the Season At Prices Lower Than End of Season

The Reason—

—100 marvelous hats were selected from many different makers by our millinery buyer, who has just lately returned from New York. As he was able to choose each hat himself, you may well imagine what a glorious collection is offered in this sale. In every instance he was fortunate in securing them for remarkably low prices, the benefit of which is passed on to our customers. Many of these hats are original models, from such well-known authorities as

Rawak Hyland Gauge Cupid

and others equally well known. —And in addition we have added a few examples from our own millinery workrooms, copies and original models.

—No two hats are alike.

Only Two Left in Albany Race.

ALBANY, Or., Nov. 5.—(Special).—L. L. Swan, Justice of the Peace here and ex-City Attorney of Albany, announced today that he would not be a candidate for Mayor in the coming

biennial city election. A petition has been circulated requesting his nomination, but Judge Swan announced that this had been done by his friends without his consent and that he would refuse to accept the nomination. This

leaves Leon E. Rennells, the Socialist nominee, as the only candidate opposing the re-election of L. M. Carl, who is now concluding his first term as Mayor.

Voice has 160,727 people.

Match, Flicked, Causes Explosion.
A lighted match dropped on the pavement beside an automobile, owned by J. L. Bowman, 845 Knott street, caused a gasoline explosion which set fire to the machine and did about \$50

damage to the car. The fire threatened the Bowman residence, but Mr. Bowman and Patrolman Stoenmaker rolled the burning car away. The fire bureau was notified and the blaze was conquered.
