Manufacturers' and Land Products Show The Armory, Tenth and Couch Streets

Admission-Afternoon 15c, Children 10c, Evening 25c

Tomorrow is the beginning of the last six days of the Manufacturers' and Land Products Show, presented by the Portland Chamber of Commerce for the purpose of bringing the consumers in closer personal touch with the producers.

A careful study of the exhibits indicates in no uncertain manner the resources of the Pacific Northwest and points to more economical methods of living than is possible without the full information that is so generously spread before the visitors.

The afternoons are especially desirable for ladies to study these exhibits. While the music, vaudeville and special features afford pleasant entertainment, relaxation and rest, it should be the duty of every loyal citizen to visit this show again and again. The constantly increasing attendance is the best proof that this show is an unqualified success from all view points.

You will be glad that you went and you will go again and again. You will be sorry when it is over.
