The measured tread of marching military companies will be mingled with the happy-go-lucky swing of the college "serpentine" at the manufacturers and Land Products Show tonight.

For it to be "Military night" and "College night" and "Grand Army of the Republic night" all at once, and every organization interested is using every effort to make this the biggest of all the big nights of the great show.

The college celebrations will begin at noon and will continue until "the watchman throws us out," to use the expression of the committee of alumni of various colleges that are working on that feature.

The O. A. C. Glee Club will arrive in town today and will give a programme at the luncheon of the Ad Club at the Multnomah Hotel, after which it will proceed to the show and give an afternoon concert.

The big "burst of glory," however, will be in the evening.

Educators to Be Dinner Guests. Presidents of all of the leading colleges and higher educational institutions of the state will be guests at a dinner at the Chamber of Commerce at 6 o'clock.

After the dinner the cohorts of the youth of the various colleges will gather at the Chamber to greet their presidents and will be formed into sections, each section headed by the president of the college represented.

A historic touch to the parade will be afforded in the reassembling of the alumni of the Dallas Academy, of Dallas, which was founded in 1820, and was one of the oldest institutions of higher learning in the state up to the time of its consolidation with Dallas College in 1900.

The University of Oregon and the Oregon Agricultural College are to have the largest delegations of all, but the other colleges of the state are using every effort to bring out as large a representation of their alumni as possible.

All Read to Participate. Reed College has graduated only one class and her list of alumni is only about 16 or 20. Accordingly the committee from Reed has announced that it intends to bring the whole undergraduate body along to swell its division.

The two big state institutions will make the evening an occasion for stirring up all possible enthusiasm in the "homecoming week" to Eugene on November 20 for the great football game between their two teams.

While the college hosts are assembling the military parade will also be forming and the pageant that will move through the streets will be the largest that has been held since the beginning of the Land Show.

Following the arrival of the procession at the Armory there will be a military programme in the little theater under the auspices of the Grand Army of the Republic and Woman's National Central Association and a grand military ball in the ballroom. The cheering crowds will fill the building and mingle in all the amusements of the evening.

PUNKIN FESTIVAL FIGHT IS HOT ONE

Concessions for Big Show Hardly Enough to Go Around All Hopefuls.

AARON FRANK GIVES DUCKS

Chairman Clarke Has Hands Full Trying to Keep Order in Meeting When All Jump to Feet "First" and Want to Be Recognized.

The members of the Progressive Business Men's Club are taking off their coats and getting down to hard work for their second annual punkin festival. The first punkin festival was held by the club last year at the Multnomah Hotel in the ballroom and was a stag affair for the members of the club and their friends.

This year the show will be held in the Arcadian Gardens of the Multnomah Hotel and will take place Tuesday evening, November 23.

Owen Summers is the general chairman chosen for the festival and he will be assisted by a general committee consisting of Harold Jones, Earl Clarke, Sidney Rasmussen, J. P. Jaeger and Sol Baum. Each one of the general committees will have two sub-committees working under him.

At a meeting yesterday of the concession committee, enough shows were promised by the committeemen to fill up the entire Multnomah Hotel for that evening. However, the members of the concession committee, who spoke loud and clear, got their concessions established for the show.

The first man on his feet was Aaron Frank, who said that he would give a hundred wild ducks for a shooting gallery concession and, before he had the words out of his mouth, George Jackson was on his feet and said he wanted to run a shooting gallery. Before George Jackson had got through Jimmie Ormsandy jumped up on his chair and demanded that he have the nigger baby privilege so that he could hand out a cigar to all of his friends.

There will be a meeting of the entire committee, consisting of more than 40, at the Arcadian Gardens in the Multnomah Hotel Friday noon, at which time Spencer's Punktown Band will rehearse and consequently a full attendance of the committee is assured.

Several other shows were being offered around the hotel like to run the dance hall and promised that he would visit Mr. Bigelow and get the proper permit for the dance.

TO END CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parinot (double strength), and add to it 3 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing and annoying noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and is pure. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

Fruitoles possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and quickly expels the accumulation to the great relief of the patient. Fruitoles is a tonic-stimulative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system.

Fruitoles and Traxo are prepared in the Plus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Portland they can be obtained at The Owl Drug Co. stores.
