

## SENATOR LANE SAYS SHIPS DEATH TRAPS

Jackson Club Hears That Shell-Proof Armor Is Very Unfashionable.

## NEWEST KIND BENDS IN

Super-Dreadnoughts, Avers Speaker, Go Out of Style With Women's Hats—Besides They Need Cruisers for Protection.

United States Senator Harry Lane told the Jackson Club, a Democratic political organization, at a meeting in the Central Library Monday, that this country is equipping its battle-ships with armor so obsolete that they would be mere death-traps in battle. "Our men are being sent to sea," said Senator Lane, "in \$12,000,000 and \$14,000,000 super-dreadnoughts whose armor is obsolete and can stand up against modern shells.

"The trouble is that our Navy experts are still building armor to withstand armor piercing projectiles, and they are not using that kind of projectile any more. They are using high explosive shells now.

"Tests have shown absolutely that high explosive shells such as those now in use shatter the armor plate we are using on our battleships. Some men show me that our armor plate will resist these high explosive shells of the present before I'll vote a cent for more battleships."

**Navy for Defense Favored.** Senator Lane prefaced his remarks with a statement explaining, "I want to say now in a general way, without going into detail, that I am in favor of building a navy of the type that will be able to protect this country against any nation for defensive purposes only. I favor a navy, if you will pardon the phrase, strong enough to knock the block off any other nation."

"But I do not believe in building a lot of warships to go to war against other nations, or to grab territory. He went on to say that the methods of expending money on the building of the Navy must be changed before the country could afford to build the type of ships that would be necessary for defense."

**Senator Says Styles Change.** After explaining his charge that present battleship armor will not withstand high explosives, Senator Lane went on:

"And I don't believe in super-dreadnoughts. They go out of style almost as soon as women's hats. And as the war is going on, you have to have a fleet of small cruisers to protect them, anyway."

The Senator discussed the proposed Army increase briefly. After declaring that Coast fortifications generally were in bad condition and almost defenseless, he proposed a new way of laying the foundation for a trained army.

**A. L. LINDQUIST IS WEDDED** Eastern Girl Is Bride of Superintendent on Telegram Force.

Albert Lindquist, superintendent of the composing room of the Evening Telegram, was married in The Dalles Saturday by Mr. J. E. Kruse, of Alameda, Pa., who arrived at The Dalles recently from his home in Pennsylvania. The ceremony took place at the home of the bride's cousin, L. L. McCartney, of The Dalles. Rev. Leon L. Myers, pastor of the Christian Church at The Dalles, performed the marriage ceremony.

Mr. Lindquist has arranged a home at the Baker Apartments for his bride. Mr. Lindquist was a member of the telegraphical force of The Oregonian the past summer. Recently he became mechanical department superintendent for the Evening Telegram.

## BEND PARTY GOES TONIGHT

Robert Strahorn to Accommodate Some in Private Car.

"These Portland business men who expect to go to Bend for the reorganization meeting of the Oregon Development League tomorrow have been invited to go on the train leaving the Union Bank station at 7:19 tonight."

Robert E. Strahorn, who has projected the new railroad in Central Oregon, will leave on this train in a special car. Some of those who are planning to make the trip can be accommodated in this car. Several members of the committee appointed a few weeks ago to co-operate with Mr. Strahorn in his interior development work will go with him to Bend tonight, attend the meeting there tomorrow and go with him on a tour of the Central Oregon country, beginning Thursday morning.

## Chicago Opera Season Opens.

CHICAGO, Nov. 16.—The Chicago Grand Opera Company opened its fifth season at the Auditorium Monday presenting "La Gioconda," with a cast which included Madame Knepp Destina, soprano; Madame E. Leonora de Cienfuegos, contralto; Frances Ingram, Amadeo Bassi, Amos and Armand. The inaugural performance was a brilliant social event. The engagement this season is for 19 weeks, with Cleonzie Campanini as general director.

## CATHOLIC BAZAAR OPEN

ARCHBISHOP AND GOVERNOR APPEAR AT CATHEDRAL AFFAIR.

Hall Is Decorated With Papal Colors and Filled With Attractive and Well-Stocked Booths.

Governor Withycombe and Archbishop Christie dignified the opening of the Cathedral bazaar Monday with their presence and speeches. Dan Maloney introduced the dignitaries and presided during the programme.

"I am especially pleased to be with you tonight and with the great work that you are doing," said Governor Withycombe. "We are living in the only great country that is not involved in war and no national greatness is possible without home influence."

After the Governor's address, Archbishop Christie made the opening of the bazaar, a notable feature for church affairs was inaugurated. Trading stamps with the same relative value attached as at stores were given to the donors.

Among the many attractive features was a real men's booth, one at which cigars, tobacco and other smokers' supplies were sold.

An enjoyable corner was the fish pond, maintained by the Cathedral school children. A doll booth, a country fair and a large collection of religious pictures were also featured.

One of the most striking sections was the religious booth, at which pictures, books, rosaries and kindred supplies were offered.

Owing to the fact that the Cathedral bazaar is a highly modern and up-to-the-minute affair and a close imitation of the bazaar, a notable feature for church affairs was inaugurated. Trading stamps with the same relative value attached as at stores were given to the donors.

Among the many attractive features was a real men's booth, one at which cigars, tobacco and other smokers' supplies were sold.

An enjoyable corner was the fish pond, maintained by the Cathedral school children. A doll booth, a country fair and a large collection of religious pictures were also featured.

## PLOT VIEWED AS TRUST

SHERMAN LAW MAY BE INVOKED ON AUSTRO-GERMANS.

Lack of Specific Acts to Protect Neutrality Greatly Handicaps Department of Justice.

WASHINGTON, Nov. 16.—Handicapped by the lack of specific laws to protect the Nation's neutrality, the Justice department has turned to one of its old standbys and is investigating alleged war plots with a view to instituting criminal proceedings under the Espionage laws.

The inquiry, it was learned tonight, is directed particularly at plots supposed to have been formed in connection with efforts to procure German and pro-Austrian sympathies to cause strikes in munition plants in the United States. The department's theory is that there is a conspiracy to interfere with the manufacture of munitions in the United States in restraint of interstate and foreign commerce.

Publication of notices in foreign languages warning callers on subjects of Austria and Germany to quit work in munition plants is said to have been one of many methods employed to bring about strikes and disrupt the organizations of plants making war munitions for the allies.

The investigation has not progressed far enough to enable the Justice department to obtain orders to develop who is at the head of the conspiracy, it is said.

## 'CURSE' SPANS 3000 YEARS

Head of Egyptian Queen Sent to Museum to Break Spell.

PITTSBURGH, Pa., Nov. 16.—(Special.)—Sinister agate eyes, twinkling malevolently from under the head wrappings of an Egyptian Queen of 3000 years ago, and believed to be bringing a curse of the dead for violation of her tomb, have led to sending to the Carnegie Museum of the blackened skull of Queen Hatshepsut, or Hatshu, of the line of Thutmose.

The donor, Mrs. Jere Bauman, of Newstadt, Pa., whose husband brought the head from Egypt seven years ago, declared that she sent the relic to the museum to break a spell, which, she says, she believed had some reaction on the death of her son, J. Howard Bauman, four years ago, and more recently her husband, Jere Bauman, October 21.

The head of the Queen was unearthed by Bauman while with an exploring party among the tombs of Egyptian Kings and Queens in the Lybian Hills.

## JINX 13 WRECKS JITNEY

Woman in Collision Hurt; Driver Declared Asleep.

The jinx which always pursues No. 13 got in its work Monday when H. L. Street, chauffeur's badge No. 1312, who lives at 180 East Forty-fifth street, ran into the rear end of a spring wagon at Union avenue and Alberta streets with his jitney.

Mr. Street, room 21 Supreme Hotel, who was one of the passengers in the jitney at the time, was bruised. B. E. Bowers and Otto Schroeber, 1134 East Twenty-third street, were not hurt. The spring wagon was driven by E. H. Adamson, 349 Sacramento street.

Witnesses declared Street was asleep at the time.

## COUNTY ROAD LEVY WILL BE 1.2 MILLS

Advisory Committee Cuts \$588,000 Estimate Down to \$360,000.

## NEW ARMORY IS DENIED

Various Appropriations Are Made. Labor Member Urges Improvement of Canyon Road to Keep Faith With Farmers.

Road work in Multnomah County will be curtailed next year through the action of the county budget advisory committee Monday in fixing the road levy at 1.2 mills.

This is a reduction of 4 mill under the present year, and a reduction of 6 mill under last year.

It is estimated that this levy will provide \$360,000 for road purposes. Roadmaster John B. Yon had asked for \$588,000 as the minimum sum adequately to take care of the county's roads during the coming year. His estimate provided for but one-half mile of hard surfaced.

In addition to the sum provided for by the tax levy there will be available \$11,000 from automobile licenses and \$18,000 from delinquent tax sales. The committee voted also to pay the \$62,500 in interest on road bonds issued early this year under a separate appropriation.

Thus the roadmaster will have an aggregate of \$360,000 and \$31,000 and \$18,000, or \$409,000 for road purposes. However, declared Amos Bowers, a member of the advisory committee, will not be enough to do the road work of the county adequately.

The road budget was the last item that the committee took under consideration after a long and weary evening of budget making. The roadmaster had presented a detailed estimate of his proposed expenditures for the coming year. The total levy necessary to accommodate these expenditures would have been 1.8 mills.

**Canyon Road Work Urged.** A. W. Jones, the representative of organized labor on the committee, offered a motion to fix the levy at 1.8 mills with the qualification that the roadmaster transfer funds to provide for hard surfacing the road between Fairview and Gresham and for improvement of the Canyon road. He declared that when the road bond issue was voted last spring the farmers of the Fairview-Gresham road were led to believe that as soon as the Columbia River highway is paved their road would be paved. They voted for the bonds, he declared, in belief that this would be done.

Mr. Jones and Mr. Benson cast the only affirmative votes.

Upon motion of E. K. McNaughton, the levy then was fixed at 1.2 mills, by a vote of five to two. Mr. Jones and Mr. Benson voting against it.

The adjutant general, General George A. White, of the Oregon National Guard, for an appropriation of \$100,000 for a new armory to house the artillery and cavalry companies of the Guard, was denied. Mr. McNaughton offering a motion to table the measure.

**Committee Favors Plan.** J. N. Teal and other members of the committee expressed sympathy with the plan to provide additional quarters for the men, but questioned the advisability of making a special appropriation.

The committee decided to advise the County Commissioners to investigate the economic feasibility of withdrawing all inmates in the old County Hospital and placing them in the Good Samaritan and St. Vincent's hospitals.

Representatives of the women's organizations seeking appropriations for a parental home and for a free dental clinic made a strong plea in behalf of both causes.

An additional \$1000 was voted to the Board of Relief fund. Other items also were considered: Indigent, \$12,000; Municipal Court, \$250; Multnomah Justice Court, \$125; real estate assessments, \$2000; social bounty, \$50; drainage system for county farm, \$1800; Kelly Butte quarry, \$20,000; Linnton quarry, \$8000; auto truck service and supplies, \$12,285.

## RUSSIANS TAKE \$49,875

21 GUNS, 118 MACHINE GUNS, 18 BOMB THROWERS TAKEN.

Germans Are Pressed Back Several Miles Near Riga—Snow Is 20 Feet Deep in Caucasus.

PETROGRAD, Nov. 16.—The official communication issued tonight said: "During the past month our troops on the western front have captured 21 Austro-German prisoners, the number of 615 officers and 49,200 men and captured 21 guns, 118 machine guns, 18 bomb throwers and three searchlights."

"On the Riga front, north of Kanar, yesterday, we pressed the Germans back another five miles, to a distance of 4 miles. On the Dvina above Riga many advance guard engagements have taken place in the region of Dala Island."

"In the Caucasus, from the Black Sea to the River Arax, only skirmishes have occurred. On Lake Van, our warships bombarded Turkish positions in the region of the village of Akhtamar. In certain sectors of our front the snow lies 20 feet deep."

## MILL FORCES INCREASED

Many More Men to Be Added by Oregon City Paper Plants.

OREGON CITY, Or., Nov. 16.—(Special.)—Owing to increased waterpower caused by a rise in the Willamette River here due to the rains of the last few days, the paper mills here have begun enlarging their working forces and increasing their activities.

The Crown Willamette Company added 20 men and put into operation 15 more sets of grinders and 16 wet machines. The force will be further added at the rate of about 20 men a day for the next week. The Halley Pulp & Paper Company put several extra men to work.

## BURLESON GETS WARNING

Letter to Postmaster-General Forbids Ohio Politics Entrance.

WASHINGTON, Nov. 16.—Postmaster-General Burleson has been warned to

## Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is in the chest an obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—beal the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2 1/2 ounces of Pine (50 cents worth) in a pint bottle and fill the bottle with pin granulated sugar. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It beal the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in guaiacol, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Keep his fingers out of Ohio politics. His office has declined to give information about the signer of the letter telling him to allow Ohio Democrats to attend to their affairs without Federal interference. So far, it appears, Mr. Burleson has not taken a stand in favor of any candidate.

There is no doubt that on receipt of proper proof of strength candidates in the various states will be given an idea of the administration's sympathy for their aspirations. In all cases the Administration managers, it is assumed, will tie to the man who, in their estimation, can do most to strengthen the National Government.

It is recognized that this selection of supposedly strong candidates must be made diplomatically, else other candidates might be offered bonds, he declared, in which the Administration managers wish to avert.

**RECITAL IS INSPIRATION** FRANCIS RICHTER IN HAPPY MOOD AT PIANO. Mastery of Technique in Solving Difficult Problems in Varied Programme Is Amazing.

BY JONATHAN M. MACQUEEN. It was a living inspiration to have the privilege of attending the piano recital Monday by Francis Richter, virtuoso, in the auditorium of the Multnomah Hotel.

Mr. Richter was in his happiest mood and his nobility of concept and amazing mastery of technique in solving difficult piano problems, in a varied and interesting programme, made the occasion quite notable musically.

The large audience was an enthusiastic one, made up largely of professional musicians of this city and other persons capable of analyzing high-class piano music.

The music feast contributed by Mr. Richter included piano pieces composed by Chopin, Liszt and Mr. Richter himself. "Prelude, Choral et Fugue" (Chopin) comes to the listener like a storm in a dimly lighted cathedral.

His first fingering was a revelation and his appreciation of the finer degree of sentiment, as reflected from Chopin's music, was superb. Portland folks have heard the "Nocturne" played by big artists on tour and did not hear it played with more soul, more hidden fire, more emotion.

His extra Chopin numbers were a "Berceuse" and the famous "Prelude in A." Mr. Richter's own compositions, three in number, were short, delightfully played and have the high merit of originality.

The celebrated "Sonata in E Minor" (Liszt) was strikingly rendered and was a fitting close to this high-class recital. Applause was generous throughout.

What, four and one-half cents may be expected from Great Britain during the war.

## A NERVE TONIC

In many severe nervous disorders the nervous system is so weak that the most active tonic treatment is recommended by the highest medical authority to arrest the progress of such diseases.

It is impossible to reach the nerves directly with medicine. Dr. Williams' Pink Pills are a nerve tonic but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking outdoor exercises. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the booklet, "Disorders of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, fifty cents per box, six boxes for \$2.50.

## IT'S the close attention to the minute details of designing and tailoring that makes these clothes of superior worth to you.

The fabrics are the best products of many looms; the linings and trimmings are of standard quality.

Lastly, my label is sewed on; that's your certain guaranty of lasting satisfaction.

Suits and Overcoats \$20 to \$35

Morrison Street at Fourth

## FAIRNESS IS ADVISED

Loss to Railroad Forecast, if Grant Terms Prevail.

NEW SENTIMENT IS URGED

C. C. Chapman Discusses Land Grant Case Before Chamber of Commerce Members Council—Seaman's Act Held Menace.

"What we need in this state with regard to the Oregon and California land grant case is a sentiment more favorable to an adjustment in which simple fairness will be accorded to the Southern Pacific, which stands to lose millions of dollars that the company is not fairly due to lose if the settlement under the original terms of the grant is pressed to a conclusion," said C. C. Chapman, who addressed the members of the Chamber of Commerce at its luncheon Monday.

Mr. Chapman spoke in the absence of Judge William Colvig, who was unable to attend owing to a sudden indisposition. He reviewed the developments of the case to the present time, and said that he believed the recent action adopted at the recent general conference on the land grant case, held in Salem, had done more harm than good, in their attitude of forcing the lands to be thrown onto the open market under the original terms of the grant.

**Road Trying to Pay Mortgage.** "The Southern Pacific is trying to save some of its property and pay off the mortgage of some \$12,000,000 against it, which must come either out of the revenue from the lands or from the earnings of the road."

"The attitude of the representatives of the counties, who predominated at the recent conference, was to do anything to get the land thrown open for settlement so that it might become a tax-producing element in the state, and they feared to let it go back into Government control lest it should be tied up and undeveloped for some years to come, and so an attempt was made to reach a settlement by the grant, which would throw the land on the open market for everybody to scramble for—and the devil take the hindmost."

The conference between the representatives of the railroad and the state officials, which is to begin in Salem Thursday, he held, offers the hope of a plan for settlement that will be fair to the railroads and to the people of the state as well.

"I doubt if they will accomplish much at first. They will be too scared. The railroad men, scared to death, will be trying to hang onto everything they can, and the state officials will be equally scared by the realization of the Niagara of disapproval that will pour down on them if they go counter to the desires of the mass of the people."

**Sentiment of Fairness Urged.** "What we need is sentiment that will make these men, when they meet in Salem, feel that the people of Oregon are favorable to a settlement of the case which will be in fairness to the railroads and to the public as well. If we can give a feeling of confidence to the men meeting in that conference, they may bring about some great results for the state."

Ex-Governor West followed Mr. Chapman's address with a sharp rebuke to the contrary, declaring that nothing can be taken from the railroad.

## 10-MILL ROAD TAX VOTED

Warrenton District Will Expend \$25,000 on Highway Work.

WARRENTON, Or., Nov. 16.—(Special.)—The voters of the Warrenton road district have authorized a special 10-mill road tax levy, which will raise approximately \$25,000. The money is to be expended on the Seaside road and Flavel road equally, excepting \$1250 set aside for repairing road now macadamized.

If Gearhart district makes a 10-mill levy it is expected that the County Court will macadam the full four and a half miles of said road between here and Seaside.

## Reliable Laxative

Relieved This Baby

Child was Badly Constipated Until Mother Tried Simple Remedy.

In spite of every care and attention to diet, children are very apt to become constipated, a condition responsible for many ills in after life unless promptly relieved.

Mrs. C. W. Wilson, of Shelbyville, Tenn., had trouble with her baby boy, Woodrow, until she heard of Dr. Caldwell's Syrup Pepsin. She writes, "I can safely say Dr. Caldwell's Syrup Pepsin is the best remedy of its kind on earth. Little Woodrow was very badly constipated and we could find nothing that gave relief until we tried your Syrup Pepsin, which gave immediate relief."

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs, mild in action, positive in effect and pleasant to the taste. It has been prescribed by Dr. Caldwell for more than a quarter of a century and is now had for fifty cents a bottle.

In any well-stocked drugstore. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained free of charge by writing to Dr. W. B. Caldwell, 404
