FORTLANDS BEST SHOE STORE

To clear up and whiten the skin and secure that charm of pink and white youthful freshness so much deired by all women you will find it far safer to rely upon a good face lotion rather than powder. To get rid of that shiny and muddy appearance in your omplexion, dissolve four ounces of spurmax in one-half pint hot water. and add two teaspoonfuls glycerin. Apply this to your face, neck and arms, ubbing gently until dry. This lotion does not show or rub off like powder and is much better. It is splendid for removing tan, freckles, pimples and sallowness.

You can make a delightful shampoo for a very trifling cost if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. Pour a little at a time on the scalp and rub briskly. This creates an abundance of thick, white lather that thoroughly dissolves and removes all dandruff, excess oil and dirt. After rinsing, the hair dries uickly, with a fluffiness that makes It eem heavier than it is and takes on rich luster and a softness that makes erranging it a pleasure .- Adv.
