

CAR RECORD MADE IN CLIMB OF HOOD

Frank C. Riggs Drives Jeffery Four Almost to Government Camp in Heavy Snow.

ASCENT STOPPED BY BREAK

Locality Nearly Cut Off From Communication and Only By Relaying Message Can Help Be Obtained—Service Car Stalled.

After reaching the base of the many-entrance automobile runs connected with the history of Mount Hood by plowing through 10 foot miles of heavy snow, the car stalled at a depth from 10 inches to two feet, a four-cylinder, seven-passenger Jeffery automobile, guided by the veteran hand of Frank C. Riggs, arrived in Portland last night with snow from the immediate precincts of Government Camp, at the base of Hood.

The record was established last Monday, when the car came to within shouting distance of Government Camp. At 1:55 a clock that day, but as five minutes later the Jeffery, which had pulled away from the Oregonian building that morning at 4:25, was waiting their appetites for a warm dinner and dressing of dry clothes, a winter gear in the rear end of the fighting snowplow gave way, and the trip went dead.

For miles prior to the end the little car had plunged through the snow until the little, heavy enough to withstand the weight of a big man, was piled up to the top of the hood and the ice crust was broken for 10 and 12 inches in advance of the car.

When the machine had piled up all the snow it could get, the Jeffery, of Government Camp, who had come down on this to greet the explorers, and four companions, Mr. Riggs, H. E. Lewis, Jeffery, factory representative, Lewis H. Reese and W. W. Hargis, of the Frank C. Riggs Company, and the writer, abandoned the car, and the natural death, and the little car repeated its center took.

This procedure was followed for five hours as the car was pushed up the snow to the top of the hood. Sometimes it would make big yardage. Again its gain would be less than a yard. All the time the car was being pushed, the engine was sealed with Wells-Fargo kerosene. No fresh water or oil had been taken aboard since departure from Portland, 50 miles away. No gas did an automobile and a driver face such a test. Never did they respond so nobly.

The men in the party had been demoralized and chilled to the core with driving rains that had fallen constantly all day, but their spirits were kept warm and their spirits glad as they watched a sterling product of man's genius perform miracles after miracle.

LINCOLN HIGH SCHOOL STUDENTS WILL APPEAR IN "COMEDY OF ERRORS" THIS AFTERNOON AND TONIGHT.

Left to Right—Donald Harris, as Demio of Syracuse; Robert Cosgriff, as Antipholus of Syracuse; Lucille Kearney, as Luchiana; and Marjorie Kelley, as Adriana.

Rehearsals are complete for the annual Shakespearean play to be given by students of Lincoln High School in the school auditorium this afternoon and tonight. It is expected the presentation of "The Comedy of Errors" by the students will even exceed former successes in amateur theatricals by Lincoln High students.

The orchestra of Lincoln High, consisting of 24 pieces, with Carl Denton, leader, will furnish music for the play. Wide advertising has been given the presentation of the comedy through the designing of special posters by students in the art classes. In fact many departments of the student body have taken part in preparing for the entertainment this afternoon and tonight.

Many of the costumes were designed and made by teachers working with students in the domestic arts classes at Lincoln High, and not only the amateur players, but many others at the school as well, will derive much satisfaction from the successful presentation of Shakespeare's comedy.

The cast is as follows: Antipholus of Syracuse, Robert Cosgriff; Antipholus of Ephesus, Elmer Bankus; Demio of Syracuse, Donald Harris; Demio of Ephesus, Carlos Lopez; Duke Solinus, Harry Jamieson; Balthazar, a merchant, Carl Knudsen; Aegeon, Sterling Smith; Angelo, a goldsmith, Cecil Smith; Dr. Pinch, John Chalmers; first merchant, Arthur Johnson; second merchant, Mark Nustbaum; officer, Chester Jones; Adriana, Marjorie Kelley; Luchiana, Lucille Kearney; Lesbia, Martena Kelly; Amilia, an abbess, Ruth L. R. Price; Lucet, Josephine Newell.

James J. Murphy, of Burke, Idaho, is at the Portland. O. A. Peterson, of Peterson's Landing, is at the Perkins. E. A. Strong is registered at the Nortonia from Tacoma. S. B. Keller is registered at the Eaton from San Francisco.

J. B. Kennedy, of Woodburn, is registered at the Eaton. H. E. Schmidt, of Rainier, is registered at the Seward. J. R. E. Bourne, of Rainier, is registered at the Seward. W. G. Evans, of Salem, registered at the Seward yesterday.

Mr. and Mrs. J. Gottstein, of Seattle, are at the Multnomah. Mr. and Mrs. W. Harris, of Albany, are at the Multnomah. Edward J. Clark, of Toledo, is registered at the Perkins. Willard L. Marks, an attorney of Albany, is at the Imperial.

D. E. Child, of Findlay, Ohio, is registered at the Nortonia. John H. McNary, of Salem, registered at the Imperial yesterday. Sim Browder, of Shaniko, registered at the Cornwell yesterday. Gustave B. Jacobs, of New York City, is registered at the Oregon.

S. C. Dwyer, of Oak Point, Wash., is registered at the Multnomah. Mr. and Mrs. P. C. Morten, of Rainier, are registered at the Cornwell. Harry L. and Eugene R. Day, of Wallace, Idaho, are at the Portland.

Unparalleled Clothing Economies

Closing Out Our Third and Stark Street Store and Enlarging Our Third and Morrison Store and Factory Makes

Drastic Price Reductions Imperative!

Remember this is not a "going-out-of-business sale." Our twenty-five years of successful business is back of every article sold. We are going after your business on a larger scale and every article sold must merit your approval, so that we may retain your friendship and patronage. Note the prices herewith. As the original prices were very low, the reductions now in force mean a bigger saving than the figures indicate. Come—whether you come to compare or inspect!

Table listing clothing items and prices. Columns include 'Clothing', 'Furnishings', and 'Underwear'. Items include suits, overcoats, shirts, socks, and underwear, with prices ranging from \$1.25 to \$25.00.

WATER RATES SAME

Only Two Small Changes Are to Be Made Next Year.

SCHEDULE IS ANNOUNCED

Special Fire Main Service Is Cut 50 Per Cent—Charge for Supplying Steam-Heated Dwellings Reduced to 10 Cents.

A 50 per cent reduction in the charge for special fire main water service and a reduction from 25 cents to 10 cents a month for water for steam heat in dwellings, are to be the only changes in water rates in Portland next year, according to an announcement made yesterday by City Commissioner Daly.

With the existing rates the Water Bureau receipts for 1915 will be \$712,529.75, according to a statement prepared by the Water Bureau. This shows the actual receipts up to November 1, and an estimate of the receipts for November. The city's fiscal year closes November 30.

At present a charge of from 11 to 17 is made for fire service for special fire protection. The rates are to be cut to a minimum of 50 cents and a maximum of \$1.50, which is a 50 per cent reduction. At present houses fitted with steam heating apparatus pay 25 cents a month for the water used. This charge will be reduced to 10 cents a month. These rate changes will make a difference of about \$4200 in the year's receipts. Of this, \$4000 will be from the fire service rates and \$200 from the reduced heating apparatus rates.

A few slight changes in rules and regulations are to be made. The principal one is in connection with the installing of water meters. The use of special fire cocks will be required, and some other exactions made which will affect principally the plumbers who do the work. The property owner may have to pay a trifle more for connections by reason of the changes, but it is said the additional charge will be small, if any thing at all.

The monthly water rates will apply to dwellings next year as follows: Ordinary use of water for drinking or in cooking or washing, including one bath per person, including one bath per person, including one bath per person, including one bath per person.

APPLE DAY IS TREAT

State's Big Fruit Districts Contribute to Success.

VISITOR'S INTEREST GROWS

Amusement Features Have No Dull Moments, Though Close Is Drawing Near—Newspaper Men to Be Dinner Guests.

BY ANNE SHANNON MONROE. OREGON EXPOSITION BUILDING, Portland, Nov. 18.—(Special.)—Monday was Oregon apple day, as you would know by the cores that trailed from the Oregon building in every direction, even if you came late, and by the throngs that filled the aisles, if you came early.

It was a handsome exhibit of big, red apples—every apple ought to be red really to be an apple, and it had held attention for a week, especially as a sign nearby read: "Twenty thousand Oregon apples to be given away on Monday, the 16th of November, Rogues River, Coos Bay, Willamette Valley and Eastern Oregon, they all contributed to the great treat."

The Multnomah Club football team was entertained at luncheon Monday by the Oregon commission and on Tuesday the commission entertained Representatives Simpson and McArthur, Charles B. Moore, chairman of the Republican State Central Committee, and E. A. Baldwin, secretary to Mr. Simpson. Mrs. R. A. Booth and Mrs. John F. Logan were the other guests.

Hostesses Dance Minuet. Monday was George Washington day, closing with a grand ball in the California building in the evening, the distinctive feature of which was the dancing of the minuet by exposition hostesses, who with their partners were in colonial costume and presented a beautiful picture. The great California ballroom was decorated with flags and ranged in logs, one for each state and foreign nation, from which vantage point gay parties of onlookers watched the stately dancers in powdered wigs go through the graceful figures of the golden times.

Another interesting visitor was Judge Charles H. Marsh, of Pendleton. Judge Marsh is secretary of the round-up and knows something about putting on shows and getting crowds himself; but he says the way San Francisco has kept the amusement feature steadily to the fore in such spectacular affairs as Art Smith's flights, as well as in providing such excellent music, shows that

CARE OF DEFICIENT TOPIC

COMMITMENT LAW IS WANTED BY SOCIAL WORKERS' CLUB. Speakers Declare Provision Should Be Made for Weak and Method to Prevent Increase Adopted.

That there should be a commitment law to the State Institute for the Feeble-Minded, such as there is to the State Hospital for the insane; a law that would sufficiently provide for the maintenance of the mentally deficient; a sterilization law to prevent the increase of those mentally deficient; and that there should be officers connected with the Circuit Courts to pass on the mental faculties of transgressors of laws, was the consensus of opinion reached Wednesday night at the meeting of the Social Workers' Club, of this city.

KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom. Articular rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and rheumatism does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism.

Some people have rheumatism every winter especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks unless sufficient is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble.

With the poisons in the blood there is a continual combat between the health forces and the disease. When the rheumatic poison prevails the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled.

The free booklet "Building Up the Blood" tells the whole story and the diet book "What to Eat" will be sent on request by Dr. Williams Medical Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

STREET WORK COMPLETED

Contracts Involving \$20,932 to Go Before Council for Acceptance. Street improvement contracts recently completed and approved by City Engineer Dater are as follows: Before the City Council next week for formal acceptance.

The contracts include the following: Paving third avenue from Sixty-seventh street to Seventy-second street South-east, for \$2834; paving second street South-east, for \$2834; paving second street South-east, for \$2834; paving second street South-east, for \$2834.

DRIVER OF AUTO ARRESTED

Reckless Driving Is Charged as Result of Injury of Motorcyclist. Max Boyanover, driver of the automobile delivery wagon of the Enke Dye Works that crashed into the motorcycle of Gus Wallerman, aged 16, on East Twentieth and Prescott streets, Wednesday afternoon, was arrested yesterday on the charge of reckless driving, the complaint being sworn to by Omar L. Day, Wallerman's employer.

Wallerman is still at the Good Samaritan Hospital in a serious condition, suffering from a fractured skull and many cuts and bruises. He was flung through the glass windshield of the automobile. Boyanover has been complained of as a reckless driver before, said H. P. Coffin, chairman of the Public Safety Commission, yesterday.
