

LADY GREGORY AINED AT OREGON HISTORY

Irish National Theater Move Worker Is Impressed by Hardships of Pioneers.

HOME PROGRESS REVIEWED

Immeasurable Aid by America in Ireland's Struggle for Intellectual Recognition Is Acknowledged by Visitor.

BY LEONIE CARR BAER. A white-haired Irish woman, an aristocrat with brilliant indomitable and a lively, lively sense of humor is Lady Gregory. A dignified gentleman, garbed in handsome black that trailed at her feet and dropped wraith-like from her shoulders, she sat amid a bower of roses sent by Portland friends and graciously chatted to me.

Lady Gregory

As best I could I became an animated bulletin of the Oregon Historical Society. Lady Gregory thinks a play should be written around the pioneer days and the faith and courage of its people. Also she says if someone else does not hurry up and write it, she will try to do it.

You may know that she is tremendously interested in Oregon when I tell you that the book was on our pioneer history. Of those brave men and women who crossed the plains she asked innumerable questions. She wanted to learn of MacLaws and early settlements—the Indians and the artistic progress.

To inspect the recruiting station in Spokane and to stimulate interest in recruiting there, Lieutenant John Blackburn, assigned to the Portland recruiting station recently, has left the city for a few days.

Japanese Woman Inherits Fortune.

SEATTLE, Nov. 18.—William Holt, aged 52, hotel owner, real estate dealer and fruit grower, who died of tuberculosis last night, bequeathed nearly all of his \$150,000 estate to Miss Joe Susuki, a Japanese woman, who had been manager of a large hotel here in which he owned a half interest.

Miss Susuki, a Japanese woman, who had been manager of a large hotel here in which he owned a half interest, was the recipient of the fortune.

Liquor Taken in Room Alone.

She helped her mother in the management of a restaurant in Portland, but the whisky that she drank—never for congeniality, but always alone in her room—made her nerves unsteady.

She could not serve when under its influence and following an orgy was often shaky for days.

Customers were short-changed that she might hold out money with which to buy whisky.

Possessed of a violent temper, the girl threatened her parents and brothers with physical danger, upon slight provocation, and wrecked dishes and furnishings when in a rage.

MEMORIAL IN FAVOR

School Board Indorses Vista House Project.

SOME POSITIONS FILLED

Additional Anti-Cigarette Circulars Ordered—Request for Appropriation to Bring Mmc. Montessori Here Is Denied.

Purposes of the Vista House Association to erect a building in keeping with the surroundings at Crown Point on the Columbia River Highway that shall be a memorial to the pioneers of Oregon were approved by a resolution adopted by the School Board yesterday at a regular meeting.

Samuel C. Lancaster, J. E. Werlein and Marshall N. Dana presented the resolution.

The Board vetoed a recommendation of the finance and judiciary committees that a request presented by William D. Wheelwright for \$1000 for the fund to provide a series of concerts by the Portland Symphony Orchestra.

C. J. Osterdahl was chosen janitor for the Vista House. Janitors were transferred between the Montavilla and Lowndale schools.

W. H. Dunham was appointed garden supervisor to begin work December 31, his employment to continue until July 1, at a salary of \$125 a month.

J. I. Kerchen, supervisor of manual training in the elementary schools, was made supervisor of the same work in the high schools as well, without an advance in salary.

The situation at Willbridge, where school facilities in advance of the needs of that section have been provided, was discussed by the Board.

It appeared that, relying somewhat on representations of real estate men and other optimists, two school buildings were erected and provision made for 30 or 60 pupils, while only 15 students presented themselves.

Superintendent Alderman was authorized to take whatever steps are needed.

Upon recommendation of Superintendent Alderman, additional anti-cigarette circulars to the number of 1000 were ordered printed.

The Boys' and Girls' Aid Society and like institutions asked that the usual Thanksgiving contributions be permitted in the city schools.

A contrary request was on hand from the Parent-Teacher Association, asking that contributions from the schools be turned over to that organization to be used for local relief.

Director Lockwood suggested harmonizing the two requests.

The request from Mrs. Alexander, of the Benson Polytechnic School for girls, that an appropriation be made for installing metal work was referred to the teachers' committee.

A request from the Oregon Commission at the Panama-Pacific Exposition that an appropriation be made to provide for an address in Portland by Mme. Montessori on her educational system was acted upon unfavorably.

FIRE CHIEF ACTION PENDS

Wenatchee Council Unable to Decide as to Removal of Official.

WENATCHEE, Wash., Nov. 17.—(Special.)—On account of the inability of the City Council to agree on a successor for A. J. Van Landingham, the chief of the Fire Department, no action was taken Tuesday night by the Council in removing him from office.

The matter was held over until next week's meeting.

Insurance Adjuster Trumbull, of Seattle, who adjusted the fire loss of the Congregational Church, was outspoken and frank in denouncing the Fire Department to the Council, and declared that undoubtedly unless a change was made immediately the insurance rates would be raised by the Pacific Coast Board of Underwriters after his report was received. In this one instance the blunder of the department cost the insurance company \$650 it is estimated.
